AGREEMENT
BETWEEN
THE NATIONAL RAILROAD PASSENGER CORPORATION
AND
ITS EMPLOYEES REPRESENTED BY THE
BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYEES
(CORPORATE/OFF CORRIDOR)

The following Interim Agreement shall apply, pending the negotiation of a Systemwide Schedule Agreement, to employees represented by the Brotherhood of Maintenance of Way Employees.

PREAMBLE

As used in this Agreement, position titles are deemed to be without gender and no position title shall be construed in any way to denote the gender of the occupant of the position or be used in any way so as to restrict access to the position by reason of sex. Neither party to this Agreement will discriminate against any employee with regard to race, color, religion, sex, national origin, age, handicap, or sex orientation. Consideration of the qualifications of candidates for employment, promotion or transfer will be based on qualifications which are job related.

RULE 1 - SCOPE

The Rules contained in this Interim Agreement shall govern the hours of service, rates of pay and working conditions of Maintenance of Way Department employees classified as B&B Foreman, Track Foreman, B&B Mechanic, Welder, Machine Operator and Trackman and of other employees of similar classifications under the jurisdiction of the Maintenance of Way Department, except those employees who come within the scope of other existing agreements.

While it is not the intent of the parties to either diminish or enlarge the work being performed in a territory under this Agreement, the work generally recognized as work ordinarily performed by the Brotherhood of Maintenance of Way Employees as it has been performed traditionally in the past in that territory will continue to be performed by those employees.¹

Recognizing that it is extremely difficult to ensure strict compliance to the agreements negotiated by other parties and for management to be fully aware of the intricacies of the past practice at each point, the parties have inserted the word "ordinarily" into the above paragraph. The use of the word ordinarily is designed to preclude Scope/Classification Rule based claims

¹ Adopted June 27, 1992.

and or grievances which arise as a result of either the assignment of Maintenance of Way employees to perform work customarily performed by other crafts or the erroneous assignment of other crafts to perform work customarily performed by Maintenance of Way employees at that location.

It is understood that where specific work assignments result in employee grievances, the parties will endeavor to resolve the difficulties as promptly as possible by joint check between the Director-Labor Relations and the General Chairman, or their designated representatives as necessary. Failing to resolve the matter, it may be handled in accordance with the grievance procedure.

RULE 2 - RATES OF PAY

1. Employees covered by this Interim Agreement (see Appendix Q for a listing of positions) will be paid rates, as adjusted by Agreement dated December 9, 1997.
2. When an employee is temporarily assigned to a position in any job classification other than his regular assignment, he will be paid: if the temporary assignment is for four (4) hours or more on any day, at the rate of the position to which temporarily assigned for the entire day but not less than the rate of his regular assignment; if the temporary assignment is for less than four (4) hours he will be paid four (4) hours at the rate of the position to which temporarily assigned but not less than the rate of his regular assignment.

RULE 3 - ENTRY RATES

- (a) Effective June 27, 1992, the entry rate provisions of the existing agreement are modified and the rates of pay of the employees covered by entry rate provisions will be adjusted as follows:
 - (1) For the first 12 calendar months of employment such employees will be paid 90% of the applicable rates of pay (including COLA);
 - (2) For the second 12 calendar months of employment such employees will be paid 95% of the applicable rates of pay (including COLA);
 - (3) At the conclusion of the second period specified in (2.) above, employees will be paid at 100% of the applicable rates of pay (including COLA).
- (b) An employee will be credited with a "month of employment" if the employee retains seniority in that month.
- (c) Employees who have had an employment relationship with the carrier and are rehired will be paid at established rates after completion of a total of twenty-four (24) months' combined service.
- (d) Service in a craft not represented by the organization signatory hereto shall not be considered in determining periods of employment under this rule.

- (e) Employees who have had a previous employment relationship with a carrier in a craft represented by the organization signatory hereto and are subsequently hired by another carrier shall be covered by this Article, as amended. However, such employees will receive credit toward completion of the twenty-four (24) month period for any month in which compensated service was performed in such craft provided that such compensated service last occurred within one year from the date of subsequent employment.

RULE 4 - APPLICATION FOR EMPLOYMENT

Applications for newly-hired employees shall be approved or disapproved within 90 calendar days after applicants begin work. If applications are not disapproved within the 90 calendar day period, the applications will be considered as having been approved. Applicants shall within 90 calendar days from date of employment, if requested, have returned to them all documents which have been furnished to the Company. In the event an employee's application for employment is disapproved in accordance with the provisions of this rule, he shall be notified, in writing, by the Company of such disapproval.

RULE 5 - SENIORITY

1. Seniority of employees covered by this Agreement starts at the time and date their pay starts.
2. When two or more employees' pay starts at the same time and date, they shall be given a seniority rank based on the time and date of application for employment.
3. Seniority is confined to the Sub-Department in which employed. The Sub-Departments are as follows:
 1. TRACK
 2. BRIDGE AND BUILDING
4. Assignment to positions covered by this Agreement will be based on qualifications and seniority; qualifications being sufficient, seniority will govern.

RULE 6 - TERMINATION OF SENIORITY

1. The seniority of any employee whose seniority under an agreement with the BMW is established after the date of this Agreement, October 17, 1986, and who is furloughed for 365 consecutive days will be terminated if such employee has less than three (3) years of seniority.
2. The "365 consecutive days" shall exclude any period during which a furloughed employee receives compensation pursuant to an I.C.C. employee protection order or an employee protection agreement or arrangement.
3. Subject to Amtrak's legal obligations, when hiring Maintenance of Way employees after October 17, 1986, it will give preference to Maintenance of Way employees of Amtrak who have been furloughed and who apply for employment during such period of furlough and prior to termination of seniority at any location on Amtrak, provided that such furloughed employees are able to meet the physical and other re-employment requirements of Amtrak.

4. In order to be entitled to this preference, such employees must maintain an application at a location designated by Amtrak and keep their current address on record at such location. Failure to comply with these requirements shall constitute relinquishment of this right.

RULE 7 – SENIORITY ROSTERS

1. A seniority roster will be prepared for each Sub-Department and will be revised in January of each year. The rosters will show the name and date of entry of each employee into the service of the Corporation and each employee's seniority date in each class. Employees will be shown on the initial roster as agreed to by the parties. A copy of each roster will be posted on bulletin boards and mailed to the General Chairman.
2. Protest against the seniority date of any employee shown on a roster must be filed in writing within sixty (60) days from the date of posting. Where a seniority date is shown on a roster and no protest is filed within the sixty (60) days, the seniority date shall be considered the established date for subsequent rosters. Clerical or typographical errors are excepted from this provision and may be corrected at the time the rosters are revised.

RULE 8 - BULLETIN, ASSIGNMENT AND DISPLACEMENT

1. New positions or vacancies (except short vacancies of thirty (30) days or less) will be bulletined on bulletin boards on Wednesday. The bulletin shall include whether or not the position is permanent or temporary and the position title (including the type of equipment primarily operated, where applicable), rate of pay, headquarters, work week, rest days, tour of duty and assigned territory. Employees desiring bulletined positions must file written application with the Carrier official signatory to the bulletin within seven (7) days after the bulletin is posted and positions will be awarded to the senior qualified applicant effective not later than fourteen (14) days after the bulletin is closed. This rule shall not be construed so as to require the placing of employees on their awarded positions when properly qualified employees are not available at the time to fill their places, but physical transfers must be made within ten (10) days after effective date of award.

Short vacancies of thirty (30) days or less may be filled by any available qualified employee covered by this Agreement. However, if the employee assigned to a short vacancy under this paragraph is other than the senior employee, he may be displaced by a senior employee on written notice to the supervisory official, provided written notice is made within five (5) days after the position is first filled, or in accordance with paragraphs 3, 4, and 5 of this rule.

2. An employee, after being awarded a bulletined position or permitted to exercise displacement rights, will be allowed thirty (30) calendar days in which to demonstrate his ability to competently perform the job. An employee who fails to qualify within thirty (30) calendar days may return to his former position without loss of seniority, but will acquire no seniority dating on the position for which he failed to qualify if such position is in a higher classification.
3. An employee whose position is abolished may exercise his seniority to any position for which he is qualified held by a junior employee within seven (7) calendar days after the effective time and date of abolishment. An employee who is displaced may exercise his

seniority to any position for which he is qualified held by a junior employee within seven (7) calendar days after the time and date of displacement. Displacements must occur prior to the start of the shift and an employee reporting to the supervisor in charge of the gang in which the displacement is to be made prior to shift start will be allowed a displacement on that date.

4. An employee whose regular position is abolished or who is displaced from his regular position while on leave of absence, sick leave, vacation or suspension may, within seven (7) calendar days after his return, exercise his seniority to any position for which he is qualified held by a junior employee.
5. An employee returning from a leave of absence, sick leave, vacation or suspension may return to this former position or, within seven (7) calendar days after his return, qualification being sufficient, may exercise his seniority to any position which was bulletined and assigned in his absence to a junior employee, or qualification being sufficient may displace any junior employee promoted during his absence.

RULE 9 - HOURS OF SERVICE

1. Except as provided herein or in Rule 29, employees will be assigned to positions scheduled to work eight (8) hours per day exclusive of meal periods, five (5) days per week with two (2) consecutive rest days. On positions the duties of which can reasonably be met in five (5) days, the rest days will be Saturday and Sunday.
2. Work weeks consisting of four (4) days of ten hours work per day, with three consecutive rest days, are permissible provided that there is one Saturday or Sunday rest day per week. When such a gang is established with Saturday or Sunday as a work day, employees filling positions in such gangs shall be paid an incentive allowance of \$1.00 per hour for all hours worked. The incentive allowance shall be considered separate and apart from the base rate of pay and shall not be subject to cost-of-living or general wage increases. This incentive allowance is not applicable where such gang is established with Saturday and Sunday as rest days.
3. For vacation purposes or any other situation where work days are counted as accumulative days, employees working a four (4) ten (10) hour day work week, will be credited with working five (5) work days in that work week.
4. Holidays falling on the second or third work day of employees assigned to a four (4) ten (10) hour day work week, may, by agreement between the Assistant Chief Engineer-Maintenance of Way and Structures and General Chairman, be changed to the first or fourth work day of the work week.
5. Where employees are working a four-day, ten-hour per day work week and a holiday falls on a work day in that work week, they shall be paid ten (10) hours holiday pay for that holiday providing the bridging requirements of the National Non-Operating Holiday Agreement are met.

RULE 10 - SHIFTS, STARTING TIME AND MEAL PERIODS

1. One, two or three shifts may be established where necessary to meet service requirements. The starting time of any shift or position may be changed on thirty-six (36) hours notice to the employee effected. Employees working single shifts regularly assigned exclusively to day service will start work between 6:00 a.m. and 8:00 a.m. The starting time for employees assigned to a second shift will be according to requirements. Where three shifts are regularly established no shift will have a starting time between 12:00 o'clock midnight and 6:00 a.m.
2. Meal period will be between the end of the fourth hour and beginning of the seventh hour after starting time. The meal period shall not be less than thirty (30) minutes nor more than one (1) hour. If the meal period is not afforded within the allowed or agreed time limit and is worked, it will be paid for at pro rata rate and thirty (30) minutes with pay in which to eat shall be afforded at the first opportunity starting not later than the beginning of the seventh hour after starting work. A second meal period of thirty (30) minutes with pay will be afforded at the first opportunity after the tenth hour of work. Thereafter, a meal period of thirty (30) minutes with pay shall be afforded at reasonable intervals. The second and subsequent meals shall be furnished by Amtrak.
3. Except as provided in Rule 31, employees' time will begin and end at fixed assembling points such as toolhouses, shops or camp cars.

RULE 11 - OVERTIME

1. Time worked preceding or following and continuous with the employee's assignment on regular eight-hour work periods shall be computed on the actual minute basis and paid for at the time and one-half rate, with double time on an actual minute basis after sixteen (16) hours of work in any twenty-four hour period (computed from the starting time of the employee's regular shift), except that overtime shall automatically cease and the pro rata rate shall apply at the starting time of the employee's next regular assigned work period.
2. Employees called to perform work not continuous with the regular work period will be allowed a minimum of two hours and forty minutes (2'40") at the time and one-half rate and, if held on duty in excess of two hours and forty minutes (2'40"), they will be paid on a minute basis at the time and one-half rate for all time worked.
3. Time worked on rest days and holidays will be paid for at the time and one-half rate with double time on an actual minute basis after sixteen (16) hours of work until relieved or until commencement of the employee's next regular assigned work period, whichever occurs first. Such continuous time worked after commencement of the next regular assigned work period shall be paid at the pro rata rate, pursuant to Section 1 of this Rule 11.
4. When necessary to work employees under this Rule, the senior available qualified employees will be called according to the following:
 - (a) Preference to overtime work on a regular work day which precedes or follows and is continuous with a regular assignment shall be to the senior available qualified employee of the gang or the employee assigned to that work.

- (b) Preference to overtime work other than in (a.) above, shall be to the senior available qualified employee at the headquarters who ordinarily and customarily performs such work.
- 5. Employees will be compensated as if on continuous duty in all cases where the release from duty does not exceed one (1) hour.
- 6. In the application of this Rule to furloughed employees temporarily brought into service in emergencies, the starting time for such employees will be considered as the time they are required to report for work.

RULE 12 - REDUCING FORCES

- 1. Not less than five (5) working days' advance notice will be given to regularly assigned employees, not including casual employees or employees who are substituting for regularly assigned employees, whose positions are to be abolished before reductions in force are made.
- 2. Advance notice before positions are temporarily abolished or forces are temporarily reduced is not required where a suspension of the Corporation's operation in whole or in part is due to a labor dispute between the Corporation and any of its employees.
- 3. Except as provided in the foregoing paragraph hereof, no advance notice to employees is required before temporarily abolishing positions or making temporary force reductions under emergency conditions, such as flood, snow storm, hurricane, tornado, earthquake, fire or a labor dispute other than as defined in the foregoing paragraph hereof, provided that such conditions result in suspension of the Corporation's operations in whole or in part. Such temporary force reductions will be confined solely to those work locations directly affected by any suspension of operations. Notwithstanding the foregoing, any employee who is affected by such an emergency force reductions and reports for work for his position without having been previously notified not to report, shall receive four (4) hours' pay at the applicable rate for his position. If an employee works any portion of the day, he will be paid in accordance with existing rules.

RULE 13 - RETURNING FROM FURLOUGH

- 1. When the Carrier recalls furloughed employees to service, furloughed employees from that Seniority District having seniority in the class will be recalled from furlough in seniority order.
- 2. An employee who fails to return to service within ten (10) days from date notification-of-recall has been mailed to his last recorded address for a position or vacancy of thirty (30) days or more duration will forfeit all seniority under this Agreement.

Forfeiture of seniority under this Rule will not apply:

- (a) When an employee, within thirty (30) days from date of notification-of-recall, furnishes evidence satisfactory to the officer signatory to notification that failure to respond within ten (10) days was due to conditions beyond his control. Such evidence will be made available to the representative.

3. Furloughed employees may exercise seniority to displace junior employees awarded new positions or recalled to service within fifteen (15) days from the date such junior employees start work on such new positions. Employees desiring to exercise seniority as set forth here must notify the Foreman or supervisory officer in charge not less than twenty-four (24) hours in advance of the starting time of the gang in which they desire to make displacement.

RULE 14 - GRIEVANCES

1. All claims or grievances other than those involving Discipline must be presented in writing by, or on behalf, of the employee(s) involved, to the supervisor within sixty (60) days from the date of the occurrence on which the claim or grievance is based. Should any such claim or grievance be disallowed, the supervisor shall, within sixty (60) days from the date same is filed, notify whoever filed the claim or grievance (the employee or the representative) in writing of the reasons for such disallowance. If not so notified, the claim or grievance shall be allowed as presented.
2. If a disallowed claim or grievance is to be appealed, such appeal must be in writing and must be made within sixty (60) calendar days from receipt of Notice of Disallowance. Failing to comply with this provision, the claim or grievance shall be considered closed. If the officer to whom the appeal is made fails to render a decision in writing within sixty (60) calendar days of date of appeal, the claim or grievance shall be allowed as presented.
3. The requirements outlined in Sections 1 and 2 pertaining to appeal by the employees and decision by the Corporation shall govern in appeals taken to each succeeding official, except in cases of appeal taken from the decision of the Director of Labor Relations. A claim or grievance that is disallowed after appeal to the Director of Labor Relations may be referred to a tribunal established under the provision of the Railway Labor Act, provided such proceedings are initiated within 185 days from the date of the decision of the Director of Labor Relations.
4. The time limits set forth in this Rule may be extended by mutual agreement.
5. Claims or grievances which are allowed or barred on account of failure to comply with the time limits set forth in this Rule shall not constitute a precedent or waiver of contention by either party as to other claims or grievances.
6. This Rule recognizes the right of duly accredited representatives to file and prosecute claims and grievances for and on behalf of the employees.
7. When the U.S. Mail is used, the postmark will govern in determining compliance with the various time limits.²

RULE 15 - DISCIPLINE

1. An employee who has been in service more than ninety (90) calendar days shall not be disciplined or dismissed without a fair and impartial investigation, unless such employee

² Adopted from Agreement dated March 10, 1999.

shall accept such dismissal or other discipline in writing and waive formal investigation. The employee may be held out of service pending such investigation only if his retention in service could be detrimental to himself, another person, or the Corporation.

An employee held out of service pursuant to this rule shall remain under pay as though he were in actual service on his regular position unless medically disqualified. Compensation under this rule shall continue until the decision is rendered following the trial/investigation, except that if the employee or his duly accredited representative requests a postponement of the employee's trial/investigation, the employee will not be compensated for the period of such postponement.

In the event of such a postponement, Amtrak shall attempt to reschedule the trial/investigation to commence within fifteen (15) days of the postponement. If the trial/investigation cannot be rescheduled within that time, through no fault of the employee or his representative, compensation will again be paid after the fifteen (15) day period.³

2. An employee and his representative shall be given written notice in advance of the investigation, such notice to set forth the specific charge or charges against him. No charge shall be made that involves any offense of which the Company has had actual knowledge thirty (30) calendar days or more, except where a civil action or criminal proceeding results from the offense, in which event the charge may be made within thirty (30) days of the final judgement. The investigation shall be held at the city of employment within ten (10) calendar days of the date when notified of the offenses or held from service (subject to one postponement not to exceed an additional twenty (20) calendar days upon written request of the employee or his duly accredited representative).

The Carrier must supply the Organization, five (5) days prior to the hearing, all documents to be used in any investigation.

At such investigation, the employee may be assisted by his duly accredited representative. A decision will be rendered by the investigating officer within ten (10) calendar days after completion of investigation.

3. An employee dissatisfied with the decision shall have the right to appeal to the next highest designated officer, and a conference shall be granted, provided written request is made to such officer and copy furnished to the officer whose decision is appealed within thirty (30) calendar days of the date of receipt of the transcript. A decision will be rendered by the higher designated officer within thirty (30) calendar days from the date the appeal is received or the day of conference, whichever is applicable. Any appeal from such decision shall be made to the Director of Labor Relations.

An employee who has been assessed discipline of dismissal following an investigation shall have the right to appeal, either in person or through their duly accredited representative, directly to the Director-Labor Relations and a conference shall be granted, provided written request is made to such officer within fifteen (15) days from the date of the notice of

³ Adopted December 9, 1997.

discipline. The appeal conference will be scheduled to be held within thirty (30) days of the date of appeal. A decision on the appeal will be rendered within thirty (30) days of the date of conference.

4. An appeal to the Director of Labor Relations must be made by the employee or his duly accredited representative within thirty (30) calendar days of the date of such decision. A conference on the appeal shall be held between the Director of Labor Relations and the employee or his designated representative of the Organization within thirty (30) calendar days of the date of appeal. A decision on the appeal shall be rendered within thirty (30) calendar days of the date of conference. Any appeal from the decision of the Director of Labor Relations must be made to a proper tribunal, as established under the provisions of the Railway Labor Act within 185 days of the date of such decision. Notification to the Director of Labor Relations, within ninety (90) calendar days from date of his decision, of intent to appeal shall be considered as timely when such appeal is to be heard by a tribunal established under the Railway Labor Act.
5. A copy of the investigation transcript together with copy of any documents placed in the record at the investigation shall be promptly furnished the employee and his representative. When a notation is made against the record of an employee, he will be furnished a copy.
6. If the final decision decrees that the charges against the employee are not sustained, the record shall be cleared of the charge. If held out of service (suspended or dismissed) the employee shall be reinstated and compensated for all time lost, less the amount he earned while out of service.
7. The time limits of this Rule shall not apply to requests for leniency.
8. The time limits set forth in this Rule may be extended by mutual agreement.
9. When the U.S. Mail is used, the postmark will govern in determining compliance with the various time limits.⁴

RULE 16 - ABSENCE FROM WORK

1. No employee shall absent himself from his assigned position for any cause without first obtaining permission from his supervisor. In case of sickness or emergency he shall, as soon as possible, notify his supervisor or other person in authority when his supervisor cannot be located.
2. An employee who absents himself from work for ten (10) days without notifying the Corporation shall be considered as having resigned from the service and shall be removed from the seniority roster unless he furnished satisfactory evidence of physical disability. Should a dispute arise as to whether or not satisfactory evidence of physical disability has been furnished and the employee makes a written request for an investigation within five (5) days after notice in writing of his removal from the seniority roster, an investigation on the

⁴ Adopted from Agreement dated March 10, 1999.

issue as to whether or not satisfactory evidence of physical disability has been furnished will be held in accordance with Rule 15.

RULE 17 - JURY DUTY

1. When a regularly assigned employee is summoned for jury duty and is required to lose time from his assignment as a result thereof, he shall be paid for actual time lost with a maximum of a basic day's pay at the straight time rate of his position for each day lost less the amount allowed him for jury service for each day, excepting allowances paid by the court for meals, lodging or transportation, subject to the following qualification requirements and limitations:
 - (a) An employee must exercise any right he may have to secure exemption from jury duty and will be excused from service when necessary without loss of pay to apply for such exemption.
 - (b) An employee must furnish the Corporation with a statement from the court of jury allowances paid and the days on which jury duty was performed.
 - (c) The number of days for which jury duty shall be paid is limited to a maximum for sixty (60) days in any calendar year.
 - (d) No jury pay will be allowed for any day as to which the employee is entitled to vacation or holiday pay.
 - (e) When an employee is excused from Corporation service on account of jury duty, the Corporation shall have the option of determining whether or not the employee's regular position shall be blanked, notwithstanding the provisions of any other rules.
 - (f) Except as provided in paragraph (g), an employee will not be required to work on his assignment on days which duty:
 - (1) ends within four hours of the start of his assignment, or
 - (2) is scheduled to begin during the hours of his assignment or within four hours of the beginning or ending of his assignment.
 - (g) On any day that an employee is released from duty and four or more hours of his work assignment remain, he will immediately inform his supervisor and report for work if advised to do so.

The parties to BMW Off Corridor Agreement agreed to adopt the language of the October 30, 1978 National Agreement and, for some reason, this language was improperly omitted from Rule 17 – Jury Duty of the BMW Off Corridor Agreement.

RULE 18 - VACATION

The December 17, 1941, Nonoperating National Vacation Agreement, together with amendments and interpretations, is adopted as the Amtrak-Brotherhood of Maintenance of Way Employes Vacation Agreement. (See Appendix C)

Prior continuous railroad service of employees accepting Amtrak employment in this craft and class, who are affected by an assumption of function, will be credited for such prior service to determine length of vacation.

Effective January 1, 1998, employees shall be permitted to take one week of their vacation allowance per year in less than 40 hour increments, provided that such vacation days will be scheduled in accordance with existing rules on Amtrak, applicable to the scheduling of personal leave.⁵

RULE 19 - HOLIDAYS

The current National Holiday Agreement, generally applicable to railroad employees represented by the BMWE, will be applied to employees covered by this Agreement. The following serves as an example:

1. (a) Subject to the qualifying requirements applicable to regularly assigned employees contained in paragraph (b) hereof, each regularly assigned employee shall receive eight (8) hours' pay at the straight time rate of the position to which assigned for each of the holidays below.

| | |
|-----------------------|--------------------|
| New Year's Day | Labor Day |
| Washington's Birthday | Veteran's Day |
| Good Friday | Thanksgiving Day |
| Memorial Day | Christmas Eve |
| Fourth of July | Christmas |
| | Personal Holiday * |

* Such day will be selected by the employee, consistent with the requirements of service, upon 48 hours' advance notice to the Corporation. The "personal holiday" request must be made before October 12 of each year. Failing to do so, such "personal holiday" will be assigned by management.

Subject to the applicable qualifying requirements in paragraph (b) hereof, other than regularly assigned employees shall be eligible for the paid holidays for pay in lieu thereof, provided (1) compensation for service paid him by the Company is credited to eleven (11) or more of the thirty (30) days immediately preceding the holiday and (2) he has had a seniority date for at least sixty (60) days or has sixty (60) days of continuous active service preceding the holiday beginning with the first day of compensated service, provided employment was not terminated prior to the holiday by resignation, for cause, retirement death, non-compliance with the union shop agreement, or disapproval of application for employment.

-
- (b) A regularly assigned employee shall qualify for the holiday pay provided in paragraph (a) hereof if compensation paid him by the Company is credited to the workdays immediately preceding and following such holiday. If the holiday falls on the last day of a regularly assigned employee's workweek, the first workday following the rest days shall

⁵ Adopted December 9, 1997.

be considered the workday immediately following the holiday. If the holiday falls on the first workday of his workweek, the last workday of the preceding workweek shall be considered the workday immediately preceding the holiday.

All others for whom holiday pay is provided in paragraph (a) hereof shall qualify for such holiday pay if on the day preceding and the day following the holiday they satisfy one or the other of the following conditions:

- (i) Compensation for service paid by the Company is credited; or
- (ii) Such employee is available for service.

Note: "Available" as used in subsection (ii) above is interpreted to mean that an employee is available unless he lays of his own accord or does not respond to a call, pursuant to the rules of the applicable agreement, for service.

(c) When any of the holidays enumerated below, or the day observed, falls during an employee's vacation period, he shall, in addition to his vacation compensation, receive the holiday pay provided for in paragraph (a) of this Rule provided he meets the qualification requirements specified. The "workdays" and "days" immediately preceding and following the vacation period shall be considered the "workdays" and "days" preceding and following the holiday for such qualification purposes. An employee's vacation period will not be extended by reason of any of the eleven (11) recognized holidays, or the day observed.

(d) Special qualifying provision for employees qualifying for both the Christmas Eve and Christmas Day holiday:

An employee who meets all other qualifying requirements will qualify for holiday pay for both Christmas Eve and Christmas Day if on the "workday" or the "day", as the case may be, immediately preceding the Christmas Eve holiday he fulfills the qualifying requirements applicable to the "workday" or the "day" before the holiday and on the "workday" or the "day", as the case may be, immediately following the Christmas Day holiday he fulfills the qualifying requirements applicable to the "workday" or the "day" after the holiday.

An employee who does not qualify for holiday pay for both Christmas Eve and Christmas Day may qualify for holiday pay for either Christmas Eve or Christmas Day under the provisions applicable to holidays generally.

(e) Under no circumstance will an employee be allowed more than one (1) overtime payment for service performed by him in a holiday which is also a work day, a rest day and/or a vacation day.

2. In situations where personal leave days are taken either immediately preceding or following a holiday, the work day (or day, in the case of an other than regularly assigned employee) immediately preceding or following the personal leave day is considered as the qualifying day for holiday purposes.

3. In all states where proclamations of national and state holidays do not coincide, employees covered by our Agreement will observe holidays designated by the Federal Government. Such holidays as designated by the Federal Government will take precedence over holidays enumerated by the state.

RULE 20 - PERSONAL LEAVE

1. A maximum of two (2) days of personal leave will be provided on the following basis:
 - (a) Employees who have met the qualifying vacation requirements during eight calendar years under vacation rules shall be entitled to one day of personal leave in subsequent calendar years.
 - (b) Employees who have met the qualifying vacation requirements during seventeen calendar years under vacation rules shall be entitled to two days of personal leave in subsequent calendar years.
2. Personal leave days may be taken upon 48-hours advance notice from the employee to the proper company officer, provided however such days may be taken only when consistent with the requirements of the company's service. It is not intended that this condition prevent an eligible employee from receiving personal leave days except where the request for leave is so late in a calendar year that service requirements prevent the employee's utilization of any personal leave days before the end of that year.
3. Personal leave days will be paid for at the regular rate of the employee's position or the protected rate, whichever is higher.
4. The personal leave days shall be forfeited if not taken during each calendar year. The company shall have the option to fill or not fill the position of an employee who is absent on a personal leave day. If the vacant position is filled, the rules of the agreement applicable thereto will apply. The company will have the right to distribute work on a position vacated among employees covered by the agreement.
5. When personal leave days are taken either immediately preceding or following a holiday, the work day (or day, in the case of an other than regularly assigned employee) immediately preceding or following the personal leave day is considered as the qualifying day for holiday purposes.

RULE 21 - HEALTH AND WELFARE

Benefit levels and other health and welfare provisions including, but not limited to those relating to eligibility, delivery of medical services, cost-sharing, and cost-containment, agreed to in agreement between the National Carriers Conference Committee and the Brotherhood of Maintenance of Way employees, dated July 29, 1991, imposed pursuant to Public Law 102-29, will be applicable to this agreement except as provided below.

It is further agreed that notwithstanding those provisions, Amtrak reserves its right consistent with the decision of Special Board of Adjustment No. 1029, and consistent with the jointness principles, (See Appendix "E"), that Amtrak may , with 90 days' notice to the union, pull out of

GA-23000 and/or GA-46000, and select a substitute insurer or self-insured system, provided, that the benefit levels thereunder are not changed from those agreed to in the Agreement between the National Carriers' Conference Committee and the Brotherhood of Maintenance of Way Employees, dated July 29, 1991, imposed pursuant to Public Law 102-29, (unless changed by future collective bargaining between Amtrak and the BMW). Amtrak need not wait for final completion of the joint administrative and trust-details before making the conversion.

Notwithstanding the above provisions, employees covered by this agreement will contribute to health care costs in accordance with the provisions of Article I, Section 5 and Article II, Parts B and C, of the December 9, 1997, AMTRAK/BMWE agreement.⁶

RULE 22 - SUPPLEMENTAL SICKNESS BENEFITS

Amtrak will provide a "Supplemental Sickness Benefit Plan" similar to the plan provided for in the agreement entered into at Washington, D.C. on May 15, 1973, which became effective July 1, 1973, together with amendments to and interpretations of said agreement. Benefits under this plan will become effective January 1, 1976.

The provisions of Article IV of the Agreement between the National Carriers' Conference Committee and the Brotherhood of Maintenance of Way Employees, dated July 29, 1991, imposed pursuant to Public Law 102-29, by reference, are made a part of this Agreement as though repeated here verbatim.

RULE 23 - UNION SHOP & DUES DEDUCTION

The Union Shop and Dues Deduction provisions as set forth in Appendix A are incorporated in and made a part of this Agreement.

RULE 24 - CONTRACTING OUT

1. In the event the Carrier plans to contract out work within the scope of the schedule agreement, the Chief Engineer shall notify the General chairman in writing as far in advance of the date of the contracting transaction as is practicable and in any event not less than 15 days prior thereto.
2. If the General Chairman requests a meeting to discuss matters relating to the said contracting transaction, the Chief Engineer or his representative shall promptly meet with him for that purpose. The Chief Engineer or his representative and the General Chairman or his representative shall make a good faith attempt to reach an understanding concerning said contracting, but if no understanding is reached the Chief Engineer may nevertheless proceed with said contracting, and the General Chairman may file and progress claims in connection therewith.
3. Nothing in this Rule shall affect the existing rights of either party in connection with contracting out. Its purpose is to require the Carrier to give advance notice and, if requested,

⁶ Adopted December 9, 1997.

to meet with the General Chairman to discuss and if possible reach an understanding in connection therewith.

4. (1) Amtrak may not contract out work normally performed by an employee in a bargaining unit covered by a contract between a labor organization and Amtrak or a rail carrier that provided intercity rail passenger transportation on October 30, 1970, if contracting out results in the layoff of an employee in the bargaining unit.⁷
- (2) This subsection does not apply to food and beverage services provided on trains of Amtrak.

RULE 25 - EMPLOYEE INFORMATION

1. Commencing January 1976, the Corporation will provide each General Chairman with a list of employees who are hired or terminated, their home addresses, and Social Security numbers, if available, otherwise the employees' identification numbers. This information will be limited to the employees covered by this agreement and will be furnished to the respective General Chairmen within whose jurisdiction the employees are hired or terminated. The data will be supplied within thirty (30) days after the end of the month in which the employee is hired or terminated. Where the Corporation can not meet the thirty (30) day requirement, the matter will be worked out with the General Chairman.
2. In regard to additional information concerning employees the Organization represents, the parties are mindful of the recommendation of Emergency Board No. 211 that such general information pertaining to the employment status of the Organization's members should be provided and the Carrier commits itself to providing information on a periodic basis.
3. The employee information specifically referred to in the Emergency Board recommendation that is determined to be readily accessible through the Carrier's data processing system will be provided to the Organization beginning January 1, 1987, or as soon thereafter as reasonable. It is understood that the Carrier will not be required to establish a new data collection system solely for the purpose of complying with this Rule.

RULE 26 - BEREAVEMENT LEAVE

Bereavement leave, not in excess of three calendar days, following the date of death will be allowed in case of death of an employee's brother, sister, parent, child, spouse or spouse's parent. In such cases a minimum basic day's pay at the rate of the last service rendered will be allowed for the number of working days lost during bereavement leave. Employees involved will make provision for taking leave with their supervising officials in the usual manner. Any restrictions against blanking jobs or realigning forces will not be applicable when an employee is absent under this provision. (See Appendix D).

⁷ Added December 2, 1997, pursuant to Public Law No. 105-134 of the "Amtrak Reform and Accountability Act of 1997."

**RULE 27 - APPOINTMENT TO OFFICIAL OR SUPERVISORY POSITIONS -
RETENTION OF SENIORITY**

- (1) Employees who are presently or subsequently appointed to supervisory or official positions not subject to the application or exercise of seniority under this Agreement shall retain all their seniority rights and shall continue to accumulate seniority provided they pay a fee no greater than the current dues and assessments being paid by Carrier's employees covered by this Agreement. Existing supervisors or officials not presently required to pay dues shall have sixty (60) days from the effective date of this Agreement [February 13, 1987] to initiate such payments should the Organization require.
- (2) In the event an employee fails to comply with (1) above, the duly accredited representative shall so notify the Director of Labor Relations and the employee. Within thirty (30) days after receipt of a subsequent notification from the Director-Labor Relations the employee will forfeit his seniority unless the employee involved remits all monies due the union.
- (3) Employees appointed to position covered by paragraph (1) of this Rule who are subsequently removed from such positions by the Company (other than through dismissal for cause) may displace any employee with less seniority or may bid on a bulletined vacancy on the seniority roster from which promoted.
- (4) Employees appointed to positions covered by paragraph (1) of this Rule who voluntarily demote themselves may bid on any advertised position thereafter, but may not displace any regular assigned employee.
- (5) The Carrier shall provide the Organization the name and address of all employees who appear on any roster covered by the scope of this Agreement and who hold an official or supervisory position with Amtrak within thirty (30) days of the execution of this agreement or, in the case of employees not presently holding supervisory or official positions with Amtrak, within, thirty (30) days of appointment to a supervisory or official position."
- (6) Employees accepting positions under the jurisdiction of other Union agreements who desire to retain their BMW seniority shall pay a retention fee in accordance with the procedures specified in (1) above.

RULE 28 - HEADQUARTERS

1. Each designated Headquarters will be supplied with lockers, washing and toilet facilities, proper heating, electrical fixtures, table and benches and will be maintained in a clean and sanitary condition.
2. Prior to the opening of any new headquarters facility established by the Carrier, the General Chairman or his designated representative will be afforded the opportunity to inspect such new facility with the Division Engineer or his designated representative.

RULE 29 - DISTRICT UNITS

I. DISTRICT UNITS

Auxiliary forces that may work in conjunction with the above units:

1. Crossing Gang
2. Material Distribution Gang

II. NOTICE TO BE GIVEN

When AMTRAK intends to establish a district unit, it shall give at least thirty (30) days written notice thereof to the General Chairman, such notice to contain information relative to the following:

1. Type of production unit.
2. Description of territory over which it is programmed to work.
3. Length of time production gang will operate.
4. Number of positions in each classification assigned to the unit.

3. Vacancies in the units subsequent to its establishment will be advertised to the involved seniority district in accordance with the bulletining rules.

IV. INCENTIVE ALLOWANCE

1. Under the circumstances provided in V. 4. an incentive allowance of 65⁸ per hour for all hours worked will be applicable to members of District Units. The incentive allowance shall be considered separate and apart from the basic rate of pay and shall not be subject to general wage increases.

V. WORK WEEK

1. The normal work week for employees assigned to positions in units established pursuant to this Agreement, will consist of five (5) days of eight (8) straight time hours each, with two (2) consecutive rest days. An original determination of whether a unit is to be established for five (5) or four (4) ten-hour days with three (3) consecutive rest days shall be made in the notice given to the General Chairman pursuant to II above. When it is known in advance that a five (5) day week will not be practicable and feasible for the duration of the unit, those times will be specified in such notice. At all other times, the Assistant Chief Engineer or Deputy Chief Engineer may change the work week from five (5) days to four (4) days, or vice versa, upon at least five (5) days written notice to the involved employees and the General Chairman, except that such changes may be made in less than five (5) days upon concurrence of the General Chairman.
2. Where Amtrak believes an operational requirement exists that the work week of a District Unit include Saturday and/or Sunday then Amtrak will notify the General Chairman in accordance with II.(5) above, fully explaining the operational requirement. Should the General Chairman disagree, a meeting will be promptly held for the purpose of reaching an agreement on the dispute. The district Unit shall not commence until such meeting is held, or until thirty (30) days from date of notification pursuant to II.(5). Agreement for such work week shall not unreasonably be withheld.

If the parties remain in disagreement, AMTRAK may nevertheless put the assignments into effect, subject to the right of the employees to process the disputes as a grievance or claim under the rules agreement, and in such proceedings, the burden will be on AMTRAK to prove that the operational requirements exist.

3. Starting times other than those found in Rule 10 shall be permissible in District Units. However, District Units shall not have a starting time between 12:00 o'clock midnight and 6:00 AM (5:00 AM from May 1 through September 30). The Assistant Chief Engineer or Deputy Chief Engineer may change starting times upon at least five (5) days written notice to the involved employees, except that such changes may be made in less than five (5) days

⁸ Incentive allowance increased effective December 1, 1994.

upon concurrence of the General Chairman. Employees whose starting times are changed more than one (1) hour may elect to exercise their seniority in accordance with Rule 8.

4. When either or both of the conditions in (2) and (3) above are applicable to a District Unit, the incentive allowance in IV is applicable to that District Unit.

VI. TRAVEL ALLOWANCE

1. Employees assigned to positions in District Units established pursuant to this Agreement, will be allowed a travel allowance of:
 - (a) \$12.50⁹ for each week end trip from their homes to the headquarters point, including the initial trip in establishing the District Unit.
 - (b) \$12.50 for each week end trip from the headquarters point to their homes, including the final trip after termination of the District Unit.

However, an employee assigned to a unit working a four (4) day week shall forfeit twenty-five percent (25%) [twenty percent (20%) when working a five (5) day week] of such travel allowance for each day of the work week on which compensation paid him by AMTRAK for service performed has not been credited. Compensation referred to in this section is understood to include that received for holidays under Article II of the Agreement of August 21, 1954 as amended.

2. The payment referred to in Section (a) hereof, is to cover any expenses these employees may incur while making such week end trips and is in lieu of all other compensation said employees may be entitled to under the provisions of any other agreement, practice or working condition for such week ends.
3. The provisions of this Article are not applicable to trips made by employees to and from their homes on legal holidays.
4. Each employee assigned to a position in a District Unit established under this Agreement will receive, in addition to regular earnings, a per diem allowance of \$29.50¹⁰ per day for each working day in which he performs compensated service. This allowance is in lieu of any other allowance or provisions by rule, custom or practice relating to travel time, transportation, meals or lodging, however established.
5. Should the headquarters for a particular gang change more than 70 miles from the point originally established, the per diem allowance provided for in Article VI, Paragraph 4 above, will cease and the following will apply:

Employees are entitled to lodging and meals. Amtrak may substitute a \$29.50 per diem allowance in lieu of meals for each work day that covered employees perform compensated service, whether Amtrak provides camp cars or other lodging.

IX. DAYS REFERRED TO - MEANING OF

The days referred to in this Agreement mean calendar days.

RULE 30 - WORKING LESS THAN FULL DAY WHEN WEATHER CONDITIONS PREVENT WORK BEING PERFORMED

1. When the foreman and supervisor in charge agree in writing that weather conditions prevent work being performed, employees in the below listed gangs of twelve (12) or more reporting at their regular starting time and place for the day's work will be allowed a minimum of four (4) hours [five (5) hours for four (4) day gangs]; if held on duty beyond four (4) hours [five (5) hours for four (4) day gangs], they will be paid on a minute basis.
 - (1) Track Welding (Aluminothermic)
 - (2) Mechanical Surfacing
 - (3) Gangs where the nature of the work being performed is such that adverse weather conditions would present an extraordinary safety concern.
 - (a) Applicable gangs under (3) above shall be by agreement between the appropriate General Chairman and appropriate Chief Engineer. Concurrence will not be unreasonably withheld nor delayed.

2. The Carrier shall not combine gangs to create units of twelve (12) or more so that this rule can be invoked. Gangs of twelve (12) or more that normally do not work as a unit are not intended to be covered by this Rule.
3. The allowance provided by this rule shall not be used as a basis for determining whether the weather conditions permit work to be performed.
4. Any positions subject to the application of this Rule will have that notification stated on the job advertisement.
5. The Carrier will provide foul weather gear when appropriate.
6. The Carrier must comply with Rule 8 for any position in a gang not filled for that position to be counted toward gang strength.

RAIN/WEATHER FORM

(APPLICATION OF RULE 30)

We have mutually discussed the conditions of Rule 30 of the current Amtrak/BMWE Agreement and feel that the weather conditions prohibit our gang from performing their assigned duties for this date.

Consequently, all members of _____ which has an authorized force of twelve (12) or more members, will be released from duty as _____ (AM) (PM) with _____ hours of compensated time this date _____.

|-------------|----------|------|------------|------|
| M/W FOREMAN | GANG NO. | DATE | SUPERVISOR | DATE |
|-------------|----------|------|------------|------|

We have mutually discussed and agreed to this release.

RULE 31 – AMTRAK/LABOR PRODUCTIVITY COUNCIL¹¹

The BMWE and Amtrak will immediately establish a joint labor/management productivity council. The Council’s purpose is to achieve real, measurable cost savings through a joint process yielding benchmarks for productivity increases and strategies to achieve them.

The Council would be based on a structure of mutual representation and consensual decision-making similar to the Amtrak/BMWE Safety Program. The BMWE and management shall each designate employee representatives in writing, and may revoke such designations at any time. Employee representatives designated by the BMWE shall be reimbursed in accordance with the schedule agreement. All costs of the Council shall be borne by Amtrak.

¹¹ Adopted December 9, 1997.

The Council will select a mutually agreed-upon third party--government, private sector business, non-profit or otherwise--to help develop benchmarks and evaluate labor and management's progress toward those measurable goals.

Benchmarking and goal setting are not new to the transportation industry--and especially not new to railroads. In fact, Amtrak already has the facility to collect and compare work performance.

This process would provide a forum for discussion to encourage labor participation in job scheduling and design, and other logistics. Similar work-teams are used in the auto industry and other businesses to co-engineer projects and work processes.

The Council will work to identify possible steps for improvement in such areas as:

1. Organization and execution of proposed capital construction projects.
2. Effective use of new technology.
3. Current and proposed modes of work organization and methods.
4. Training.
5. Issues of workplace quality of life and fair treatment.

Possible specific cost reduction or revenue improvement targets/goals include, for example:

1. Reducing costs related to injuries.
2. Efficient use of materials and reduction of wastage.
3. Reducing other costs associated with job planning and execution.
4. Increasing productivity in core activities such as tie installation, track construction and renewal, bridge reconstruction, catenary inspection, etc.
5. Increasing revenue through on-time performance.

Contracting -In. It is anticipated that productivity enhancements will permit additional Amtrak work to be performed and increase crew availability of contracting-out to other railroads (commuters and freight), thereby growing revenue.

Distribution of Benefits of Savings. As productivity enhancement targets are established in all areas, periodic reviews of benchmarked activities shall evaluate progress toward those goals and the value of increased efficiencies and savings to Amtrak's bottom line. Savings of up to \$3.0 million annually would primarily benefit Amtrak's bottom line. (Employees shall receive 20 percent of the benefits of the savings, while the company receives 80 percent.) However, if the total annual savings exceeds \$3.0 million per year, 50 percent of those savings shall be paid to employees as a bonus above normal wages and payments.

RULE 32 - TRAVEL TIME

Except as otherwise provided, the following rule will apply to territories governed by the BMW Corporate Agreement.

1. An employee waiting, or traveling by direction of Amtrak by passenger train, motor car or any other method of transportation, will be allowed straight time for actual time waiting and/or traveling during or outside of the regularly assigned hours.
2. When authorized to use their personal vehicle, the employee will receive the standard Amtrak authorized mileage reimbursement.
3. This rule does not apply to employees waiting or traveling in the exercise of their seniority rights.

RULE 33 - MILITARY TRAINING

When employees assigned to regular positions who are members of the Reserves or National Guard are required to be absent from work for the purpose of their annual training exercise, they shall be paid the actual time lost during their regular work days or work weeks (maximum of eight (8) hours pay at the straight time rate of their positions for each day lost). Compensation received by the employees for other than meals, lodging or transportation, shall be remitted to the Corporation. Such employees must furnish the Corporation with a statement signed by their Commanding Officer for compensation paid and the days on which such military training service was performed.

RULE 34 - LEAVE OF ABSENCE

1. An employee given a leave of absence will retain and accumulate seniority during the period of such leave of absence.
2. Employees who are granted leaves of absence to serve as the accredited representatives of the Brotherhood of Maintenance of Way Employees will:
 - (a) Retain and continue to accumulate seniority in the classes or grades in which they have seniority at the time they were granted leave of absence to the same extent as would be the case if they were in active service.
 - (b) Acquire and accumulate seniority in higher classes or grades in which advertised positions are awarded to junior employees due to the absence of the accredited representative on leave of absence.
 - (c) An employee on a leave of absence as a full time union representative of the BMWE on or after July 1, 1988 will be credited for time on the leave of absence as continuous service for the length of his/her vacation entitlement.
3. Except when his seniority is protected by an Agreement, in writing, between the Chief Engineer and the General Chairman, an employee absent on leave who engages in outside employment shall automatically forfeit all seniority under this Agreement.

RULE 35 - SAFETY

The April 4, 1996, System Safety Agreement, as set forth in Appendix N, will be applicable to employees covered by this Agreement.

RULE 36 – OFF-THE-TRACK ACCIDENTS

The benefits and protection provided under the terms and provisions of the agreement covering accidents involving off-the-track vehicles authorized by Railroad to transport employes entered into at Washington, D.C. on February 10, 1971, and effective May 1, 1971, together the amendments and interpretations made or agreed upon by proper authority from time to time, including the changes in benefit levels as set forth in Article X of the September 26, 1996, NCCC/BMWE agreement¹², will be applied to employes of the Corporation and will be considered part of this Agreement to the same extent it would be if the Corporation were a party to that agreement. Benefits under this Rule 36 will be paid for covered accidents occurring on or after January 1, 1976.

RULE 37 - SPECIAL ACCOUNTS

Within six months from the date of this agreement, Amtrak will establish flexible spending accounts for dependent care and health care. The plans will be in accordance with the IRS regulations and applicable laws.¹³

On or about September 1, 2000, the account will be expanded to include commuter reimbursement accounts. The Commuter Reimbursement will include a Transportation Reimbursement Account and a Parking Reimbursement Account.¹⁴

RULE 38 - AMERICANS WITH DISABILITIES ACT¹⁵

The Company and Union recognize that legal obligations exist under the Americans with Disabilities Act (ADA) to make reasonable accommodations for certain employees with disabilities. The parties agree to cooperate with respect to making such accommodations.

RULE 39 - RETIREMENT SAVINGS PLAN

Amtrak will establish a 401(k) tax-deferred retirement savings plan for its eligible employees represented by the Union signatory below, subject to the following provisions:

1. The plan will be effective July 1, 1994, or as soon thereafter as possible. Eligible employees may make contributions as provided in the Plan through payroll deduction.
2. An eligible employee is an active employee who has completed one year of service as defined in the Plan.
3. Participation in the Plan by any eligible employee shall be voluntary.
4. There will be no contributions to the Plan by Amtrak.

12 Article VII of the Agreement dated December 9, 1997.

13 Agreements dated January 7, 1993.

14 Agreements dated July 13, 2000.

15 Applicable to Seaboard and Pacific Federations.

5. Amtrak will take such actions as may be prudent or required by law to maintain the tax qualified status of the Plan.

RULE 40 - NORTHEAST UNITS¹⁶

The provisions of Rule 89 of the BMW-NEC agreement are governing in the establishment of Northeast Units in Albany, New York and on the Massachusetts Bay Transportation Authority (MBTA) Commuter Railroad. A copy of Rule 89 of the BMW-NEC Agreement is included in its entirety in Appendix R.

¹⁶ Adopted June 27, 1992.

In accordance with and subject to the terms and conditions hereinafter set forth, all employees of the Corporation now or hereafter subject to the rules and working conditions agreement between the parties hereto shall, as a condition of their continued employment subject to such agreement, become members of the union party to this agreement representing their crafts or classes within sixty (60) calendar days of the date they first perform compensated service as such employees after the effective date of this agreement, and thereafter shall maintain membership in good standing in such union; except that such membership shall not be required of any individual until he has performed thirty (30) days of such compensated service within a period of twelve (12) consecutive calendar months. Nothing in this agreement shall alter, enlarge or otherwise change the coverage of the present or future rules and working conditions agreement.
2. (a) Employees who have secured seniority under the rules and working conditions agreement and who are subsequently regularly assigned or transferred to full-time employment not covered by such agreement or are furloughed on account of force reduction will not be required to maintain membership as provided in Section 1 of this agreement so long as they remain in such other employment or furloughed as herein provided, but they may do so at their option. Should such employees return to any service covered by the said rules and working conditions agreement they shall, as a condition of their continued employment subject to such agreement, be required to become and remain members in good standing in the union within thirty (30) days from date of their return to such service.

(b) The seniority status and rights of employees granted leave of absence to serve in the Armed Forces shall not be terminated by reason of any of the provisions of this agreement but such employees shall, upon resumption of employment, be governed by Section 1 of this agreement.
3. Nothing in this agreement shall require an employee to become or to remain a member of the union if such membership is not available to such employee upon the same terms and conditions as are generally applicable to any other members, or if the membership of such employee is denied or terminated for any reason other than the failure of the employee to tender the periodic dues, initiation fees, and assessments (not including fines and penalties) uniformly required as a condition of acquiring or maintaining membership. For purposes of this Section, dues, fees, and assessments shall be deemed to be "uniformly required" if they are required of all employees in the same status at the same time in the union.
- 4 (a) The Corporation will furnish to the union information with respect to the employment status of employees represented by it, and which information is pertinent to the administration of this agreement. The union will notify the Corporation in writing of any employee who by reason of failure to comply with the terms of this agreement is not entitled to continue in employment. Upon receipt of such notice, the Corporation will, as

promptly as possible but within ten (10) calendar days of such receipt, so notify the employe concerned in writing by certified mail, return receipt requested, or by personal delivery evidenced by receipt. Copy of such notice shall be given the union. Any employe so notified who disputes the fact that he has failed to comply with the terms of this agreement, shall, within a period of ten (10) calendar days from the date of such notice, request the Corporation in writing to accord him a hearing which shall be held as soon as possible and within ten (10) calendar days of receipt of request therefor. Notice of the date set for hearing shall be promptly given the employe in writing by certified mail, return receipt requested, or by personal delivery evidenced by receipt. Copy of notice of such hearing shall be given to the union and the union shall attend and participate in the hearing. The receipt by the Corporation of a request for a hearing shall operate to stay action on the termination of employment until the hearing is held and the decision of the Corporation is rendered. In the event the employe concerned fails to request a hearing as provided herein, the Corporation shall proceed to terminate his employment and seniority not later than thirty (30) calendar days from receipt of the above described notice from the union, unless the Corporation and the union agree otherwise in writing.

- (b) The Corporation shall determine on the basis of the evidence produced at the hearing whether or not the employe has complied with the terms of this agreement, and shall render a decision accordingly. Such decision shall be rendered within ten (10) calendar days of the hearing date and the employe and the union shall be promptly advised thereof. If the decision is that the employe has not complied with the terms of this agreement, his employment and seniority shall be terminated within ten (10) calendar days of said decision, unless the Corporation and the union agree otherwise in writing. If the decision of the Corporation is not satisfactory to the employe or the union, it may be appealed directly to the highest officer of the Corporation designated to handle such appeals. Such appeals shall be taken within ten (10) calendar days of the date of the decision appealed from, and if taken, shall operate to stay action on the termination of employment, until the decision on appeal is rendered. The Corporation shall promptly notify the other party in writing of any such appeal. The decision on such appeal is that the employe has not complied with the terms of this agreement, his employment and seniority shall be terminated within ten (10) calendar days of the date of said decision unless the Corporation and the union agree otherwise in writing. Such decision on appeal shall be final and binding unless within ten (10) calendar days thereof the union or the employe involved requests the selection of a neutral person to decide the dispute as provided in Section 4(c) below. Any request for selection of a neutral person as provided in Section 4(c) below shall operate to stay action on the termination of seniority and employment until not more than ten (10) calendar days from the date decision is rendered by the neutral person.
- (c) If within ten (10) calendar days after the date of a decision on appeal by the highest officer of the Corporation designated to handle appeals under this agreement the union or the employe involved requests such highest officer in writing that a neutral person be appointed to decide the dispute, a neutral person to act as sole arbitrator to decide the dispute shall be selected by the highest officer of the Corporation designated to handle appeals under this agreement or his designated representative, the Chief Executive of the

union or his designated representative. If they are unable to agree upon the selection of a neutral person, any one of them may request the Chairman of the National Mediation Board in writing to appoint such a neutral person. The Corporation, the union and the employe involved shall have the right to appear and present evidence at a hearing before such neutral person. Any decision by such neutral person shall be made within thirty (30) calendar days from the date of receipt of the request for his appointment and shall be final and binding upon the parties. The Corporation, the employe and the union shall be promptly advised thereof in writing. If the position of the employe is sustained, such fees, salary and expenses shall be borne in equal shares by the Corporation and the union. If the position of the employe is not sustained, such fees, salary and expenses shall be borne in equal shares by the Corporation and the union and the employe.

- (d) Time limits specified in this Section may be extended in individual cases by written agreement of the Corporation and the union.
 - (e) The union shall notify the Corporation in writing of the title(s) and address(es) of its officers and representatives who are authorized to serve and receive notices described in this Section. The Corporation shall notify the union of the title(s) and address(es) of its officers or representatives who are authorized to receive the notices described in this Section.
5. The Corporation shall not be required to terminate the employment of any employe until such time as the services of a qualified replacement are available. The determination of whether a qualified replacement is available shall be made jointly by the designated representative of the Corporation and the designated representative of the union. The Corporation, may not, however, retain any employe in service under the provisions of this paragraph for a period in excess of ninety (90) calendar days from the date of the union's original notice or sixty (60) calendar days from the date of the last decision rendered in accordance with Section 4 above. Employes whose service is extended under the provisions of this Section shall not, during such extension, retain or acquire any seniority rights.
 6. An employe whose employment and seniority is terminated pursuant to the provisions of this agreement shall have no time or money claim by reason thereof.
 7. In the event that seniority and employment under the rules and working conditions agreement is terminated by the Corporation under the provisions of this agreement, and such termination of seniority and employment is subsequently determined to be improper, unlawful, or unenforceable, the union shall indemnify and save harmless the Corporation against any and all liability arising as the result of such improper, unlawful, or unenforceable termination of seniority and employment; provided, however, that this sentence shall not apply to any case in which the Corporation is the plaintiff or the moving party in the action in which the aforesaid determination is made or in which case the Corporation acts in collusion with any employe; provided further, that the aforementioned liability shall not extend to the expense to the Corporation in defending suits by employes whose seniority and employment are terminated by the Corporation under the provisions of this agreement.

DUES DEDUCTION

8. (a) Subject to the terms and conditions hereinafter set forth, the Corporation will deduct from the wages of employes, membership dues, fees and assessments (excluding fines and penalties) whenever applicable each calendar quarter which are uniformly required as a condition of acquiring or retaining membership in the union upon written and unrevoked authorization of the employe on the form (Individual Authorization Form - Attachment "A") agreed upon by the parties hereto, a copy of which is attached and made a part of this Appendix A.
 - (b) The designated representative of the union shall promptly notify in writing the Officer or Officers designated by the Corporation of any special assessments or changes in amounts of fees or dues, and shall also furnish to such designated Officer or Officers of the Corporation, the individual authorization forms as provided for herein.
9. (a) Individual authorizations to be effective for a particular calendar quarter must be in the possession of the Corporation not later than the twentieth (20th) day of the month preceding the month in which such deductions are to be made.
 - (b) The designated representative of the union shall furnish to the Corporation an initial statement in alphabetical order, showing the employe's name, lodge number, Social Security number and amount to be deducted, such statement to be furnished together with individual authorization forms to cover, not later than the twentieth (20th) days of the month preceding the month in which the deductions become effective. Subsequent quarterly deductions will be based on the initial statement, plus a quarterly statement showing additions or deletions, furnished in the same manner as the initial statement required hereby.
10. Said deductions will be made only from wages earned in the first pay period of the second month (February, May, August and November) of each calendar quarter and shall be remitted by check to the Officer designated by the union not later than the end of the month in which deductions are made, accompanied by a list in alphabetical order showing the name of each employe for whom a deduction was made, his lodge number, Social Security number and the amount of the deduction and the total amount of money deducted. If the earnings of the employes are insufficient in the first pay period in the month in which deductions are made to permit the full amount of the deduction, no deduction will be made for that calendar quarter. In the event of any excess or shortage in said deductions for an individual employe, said excess or shortage will be subject to adjustment by the union and the individual employe.
11. The following payroll deductions will have priority over the deductions covered by this Agreement:
 - Federal, state and local taxes.
 - Other deductions required by law and court orders.
 - Amounts due Corporation.
12. The deductions provided for herein shall not be effective with respect to any individual employe until the Corporation has been furnished with written authorization of assignment of

wages of such quarterly membership dues, initiation fees, reinstatement fees, and assessments. Such assignment shall be revocable in writing after the expiration of one year, or upon termination of this Agreement.

13. Responsibility of the Corporation under this arrangement shall be limited to remitting to the union the amount actually deducted from wages of employes pursuant hereto and the Corporation shall not be responsible financially or otherwise for failure to make deductions or for improper or inaccurate deductions. Any question arising as to the correctness of the amount deducted shall be handled between the employe involved and the union, and any complaints against the Corporation in connection therewith shall be handled by the union on behalf of the employes concerned.
14. The union shall indemnify and save harmless the Corporation from and against any and all claims, demands, liability, losses or damage resulting from the entering into this Agreement or arising or growing out of any dispute or litigation from any deductions made by the Corporation pursuant to this Agreement; except for remitting to the union the monies deducted pursuant to this Agreement; provided, however that this sentence shall not apply to any case in which the Corporation is the plaintiff or the moving party in the action or in which case the Corporation acts in collusion with any employe; provided further, that the aforementioned liability shall not extend to the expense of the Corporation in defending suites by employes as a result of the Corporation's action under this Agreement.
15. In the event of a change in representation of employes now represented by the union this Agreement shall be automatically terminated as of the date official notification is received from the National Mediation Board of such change in representation.

Gentlemen:

This refers to your discussions with Bill Cole of my staff concerning the application of Article X (Union Dues Deduction) of the Mediation Agreement dated October 30, 1978, which the parties adopted pursuant to Letter of Agreement dated January 30, 1979.

As a result of the discussions, it was agreed that effective January 1, 1980, Appendix A (Union Shop - Dues Deduction) to the Amtrak/BMWE Agreement effective March 1, 1976, would be modified to provide for the deduction of dues, initiation fees and assessments (excluding fines and penalties) on a monthly basis, instead of each calendar quarter.

If the foregoing accurately reflects our understanding in this matter, will you please indicate your concurrence by signing in the appropriate space below.

Very truly yours,

(Section 3 - 12/17/41 Agreement)

An employee's vacation period will not be extended by reason of any of the eleven recognized holidays (New Year's Day, Washington's Birthday, Good Friday, Memorial Day, Fourth of July, Labor Day, Veteran's Day, Thanksgiving Day, Christmas Eve, Christmas Day, Personal Holiday) or any day which by agreement has been substituted or is observed in place of any of the eleven holidays enumerated above, or any holiday which by local agreement has been substituted therefor, falling within his vacation period.

 - (e) An employee not covered by paragraphs (a), (b), (c) or (d) of this section will be paid on the basis of the average daily straight time compensation earned in the last pay period preceding the vacation during which he performed service.

(Section 7 - 12/17/41 Agreement)

8. The vacation provided for in this Agreement shall be considered to have been earned when the employee has qualified under Article 1 hereof. If an employee's employment status is terminated for any reason, whatsoever, including but not limited to retirement, resignation,

discharge, non-compliance with a union-shop agreement, or failure to return after furlough he shall at the time of such termination be granted full vacation pay earned up to the time he leaves the service including pay for vacation earned in the preceding year or years and not yet granted, and the vacation for the succeeding year if the employee has qualified therefor under Article 1. If an employee thus entitled to vacation or vacation pay shall die the vacation pay earned and not received shall be paid to such beneficiary as may have been designated, or in the absence of such designation, the surviving spouse or children or his estate, in that order of preference.

(Art. IV-VACATIONS-Section 2 - 8/19/60 Agreement)

9. Vacations shall not be accumulated or carried over from one vacation year to another.

(Section 9 - 12/17/41 Agreement)

10. (a) An employee designated to fill an assignment of another employee on vacation will be paid the rate of such assignment or the rate of his own assignment, whichever is greater; provided that if the assignment is filled by a regularly assigned vacation relief employee, such employee shall receive the rate of the relief position. If an employee receiving graded rates, based upon length of service and experience, is designated to fill an assignment of another employee in the same occupational classification receiving such graded rates who is on vacation, the rate of the relieving employee will be paid.

(b) Where work of vacationing employees is distributed among two or more employees, such employees will be paid their own respective rates. However, not more than the equivalent of twenty-five per cent of the work load of a given vacationing employee can be distributed among fellow employees without the hiring of a relief worker unless a larger distribution of the work load is agreed to by the proper local union committee or official.

(c) No employee will be paid less than his own normal compensation for the hours of his own assignment because of vacations to other employees.

(Section 10 - 12/17/41 Agreement)

11. While the intention of this agreement is that the vacation period will be continuous, the vacation may, at the request of an employee, be given in installments if the management consents thereto.

(Section 11 - 12/17/41 Agreement)

12. (a) Except as otherwise provided in this agreement a carrier shall not be required to assume greater expense because of granting a vacation than would be incurred if an employee were not granted a vacation and was paid in lieu therefor under the provision hereof. However, if a relief worker necessarily is put to substantial extra expense over and above that which the regular employee on vacation would incur if he had remained on the job, the relief worker shall be compensated in accordance with existing regular relief rules.

- (b) As employees exercising their vacation privileges will be compensated under this agreement during their absence on vacation, retaining their other rights as if they had remained at work, such absences from duty will not constitute “vacancies” in their positions under any agreement. When the position of a vacationing employee is to be filled and regular relief employee is not utilized, effort will be made to observe the principle of seniority.
- (c) A person other than a regularly assigned relief employee temporarily hired solely for vacation relief purposes will not establish seniority rights unless so used more than 60 days in a calendar year. If a person so hired under the terms hereof acquires seniority rights, such rights will date from the day of original entry into service unless otherwise provided in existing agreements.

(Section 12 - 12/17/41 Agreement)

- 13. The parties hereto having in mind conditions which exist or may arise on individual carriers in making provisions for vacations with pay agree that the duly authorized representatives of the employees, who are parties to one agreement, and the proper officer of the carrier may make changes in the working rules or enter into additional written understandings to implement the purposes of this agreement, provided that such changes or understandings shall not be inconsistent with this agreement.

(Section 13 - 12/17/41 Agreement)

- 14. Any dispute or controversy arising out of the interpretation or application of any of the provisions of this agreement shall be referred for decision to a committee, the carrier members of which shall be the Carriers’ Conference Committees signatory hereto, or their successors; and the employee members of which shall be the Chief Executive of the Fourteen Organizations, or their representatives, or their successors. Interpretations or applications agreed upon by the Carrier members and employee members of such committee shall be final and binding upon the parties to such dispute or controversy.

This section is not intended by the parties as a waiver of any of their rights provided in the Railway Labor Act as amended, in the event committee provided in this section fails to dispose of any dispute or controversy.

(Section 14 - 12/17/41 Agreement)

Effective January 1, 1973, Section 15 is amended and will read as follows:

- 15. Except as otherwise provided herein, this Agreement shall be effective as of January 1, 1973, and shall be incorporated in existing agreements as a supplement thereto and shall be in full force and effect for a period of one (1) year from January 1, 1973, and continue in effect thereafter, subject to not less than seven (7) months’ notice in writing (which notice may be served in 1973 or in any subsequent year) by any carrier or organization party thereto, of desire to change this agreement as of the end of the year in which the notice is served. Such notice shall specify the changes desired and the recipient of such notice shall then have a period of thirty (30) days from the date of the receipt of such notice within which to serve

notice specifying changes which it or they desire to make. Thereupon such proposals of the respective parties shall thereafter be negotiated and progressed concurrently to a conclusion.

(Art. IV-VACATIONS-Section 2 - 2/10/71 Agreement)

Except to the extent that articles of the Vacation Agreement of December 17, 1941, are changed by this Agreement, the said agreement and the interpretations thereof and of the Supplemental Agreement of February 23, 1945, as made by the parties, dated June 10, 1942, July 20, 1942, and July 18, 1945, and by Referee Morse in his award of November 12, 1942, shall remain in full force and effect.

In Section 1 and 2 of this Agreement certain words and phrases which appear in the Vacation Agreement of December 17, 1941, and in the Supplemental Agreement of February 23, 1945, are used. The said interpretations which defined such words and phrases referred to above as they appear in said Agreements shall apply in construing them as they appear in Sections 1 and 2 hereof.

(Art. 1-VACATIONS-Section 6 - 8/21/54 Agreement)

APPENDIX D

AGREED UPON INTERPRETATIONS - BEREAVEMENT LEAVE

Q-1. How are the three calendar days to be determined?

A-1. An employee will have the following options in deciding when to take bereavement leave:

- a) three consecutive calendar days, commencing with the day of death, when the death occurs prior to the time an employee is scheduled to report for duty;
- b) three consecutive calendar days, ending the day of the funeral service; or
- c) three consecutive calendar days, ending the day following the funeral service.

Q-2. Does the three (3) calendar days allowance pertain to each separate instance, or do the three (3) calendar days refer to a total of all instances?

A-2. Three days for each separate death; however, there is no pyramiding where a second death occurs within the three-day period covered by the first death.

EXAMPLE: Employee has a work week of Monday to Friday - off-days of Saturday and Sunday. His mother dies on Monday and his father dies on Tuesday. At a maximum, the employee would be eligible for bereavement leave on Tuesday, Wednesday, Thursday and Friday.

Q-3. Will a day on which a basic day's pay is allowed account bereavement leave serve as a qualifying day for holiday day purposes?

A-3. No, however, the parties are in accord that bereavement leave non-availability should be considered the same as vacation non-availability and that the first work day preceding or following the employee's bereavement leave, as the case may be, should be considered as the qualifying day for holiday purposes.

Q-4. Would an employee be entitled to bereavement leave in connection with the death of a half-brother or half-sister, stepbrother or stepsister, stepparents or step-children?

A-4. Yes as to half-brothers or half-sisters; no as to stepbrother or stepsister, stepparents or stepchildren. However, the rule is applicable to a family relationship covered by the rule through the legal adoption process.

APPENDIX E

JOINTNESS PRINCIPLES

The parties agree to develop a plan for labor and management to jointly operate and administer a health and welfare benefits plan. The parties will discuss arrangements to effectuate this, including establishing a trust, that would have adequate safeguards and guidelines for efficient and professional administration of the plan, including the use of an appointed neutral to act within a defined jurisdiction to resolve differences between the parties.

In order to assure competitiveness and from an administrative and economical perspective, the plan would necessarily be bid periodically, every three years, for example, unless the parties agreed that the plan would not be bid a particular year.

Selection of an insurance carrier would be on the basis of the best bid from a qualifying insurance carrier with appropriate regard to the performance record in handling the Amtrak plan or similar plan(s). However, if the insurance carrier would be changed in the next two years, Metropolitan may be selected based on their current bid.

Specifically, Amtrak retains its right to self insure if such would be more economically beneficial and assure the same quality level of administration.

Amtrak will make every effort to design a proposed joint committee plan and share it with the union promptly. BMW is also committed to reaching an agreement as soon as possible regarding the design and implementation of this joint administrative plan, including the selection of a neutral chairman for the committee.

Both parties understand the a health insurance plan and any agreement with respect to the administration of that plan will permit Amtrak employees of other crafts to be covered, as well as allow their representatives to participate in the work of the committee. However, “benefit levels and other health and welfare provisions” cannot be changed except with the joint approval of BMW and Amtrak.

OCCUPATIONAL HEALTH WORK RELATED INJURY PROJECT¹⁶

BMW & Amtrak shall jointly investigate with a consultant of BMW's and Amtrak's choosing and paid for by Amtrak, ways to improve access to quality health care and innovative cost effective programs to care for occupationally injured employees. By October 1, 1998, the parties agree to create and implement a "pilot project" based on the recommendations of the consultant. This project will recognize the parties' obligation to comply with applicable federal law.

Amtrak and the BMW agree that Commonwealth Consulting shall be the first choice as consultant.

CALIFORNIA COMMUTER SERVICES AGREEMENTS

October 4, 1991

Mr. R. S. Douglas, General Chairman
Brotherhood of Maintenance of Way Employes
Suite 260, Alhambra Jay Building
903 Alhambra Boulevard
Sacramento, California 95816

Dear Mr. Douglas:

This has reference to our telephone conversation of September 24, 1991, and Amtrak's desire to become the operator of commuter services as they develop in the state of California.

As mentioned, we are currently one of two remaining bidders for the Los Angeles area commuter service. It would be helpful to Amtrak in obtaining this service if we could agree upon the following for presentation to the Southern California Regional Railroad Authority before October 11, 1991.

- (1) It is agreed that the classification of Track/B&B Mechanic is established at the rate of \$11.41 per hour.
- (2) It is recognized that the operation of commuter service does not constitute intercity rail passenger service and that Appendix C-2 is not applicable to such operations.
- (3) The organization agrees that Amtrak may pay performance bonuses to its member employees if Amtrak and a commuter authority enter into an agreement requiring Amtrak to make such payments.

If the foregoing is agreeable to the organization, please indicate by signing in the space provided below and returning the original to me for implementation.

Very truly yours,

Dear Mr. Douglas:

This refers to our December 12, 1991 discussion concerning Amtrak's desire to operate commuter service in behalf of the Peninsula Corridor Study Joint Powers Board, hereinafter referred to as the Peninsula Commute Service (PCS).

In order for Amtrak to be in a competitive position to be a successful bidder for this service and in light of the fact that the operation of such service will benefit both the employees and Amtrak, it was agreed as follows:

- 1) Amtrak will notify the General Chairman thirty days prior to Amtrak's operation of service.
- 2) This service will constitute a separate seniority district which will encompass all territory involved in the operation of the PCS;
- 3) Amtrak will offer employment to Southern Pacific employees in a manner agreed to by the General Chairman and the Director-Labor Relations;
- 4) The classification of Track/B&B Mechanic is established at the rate of \$11.41 per hour.
- 5) The parties recognize that this commuter service does not constitute intercity rail passenger service and that accordingly, Appendix C-2 would not apply to this service.

| 5. Work Week | 5 day work week, Monday through Friday. |
| 6. Hours of assignment | This will be a three (3) shift operation |

In lieu of any and all payments, reimbursements, and per diems set forth in Rule 29 of the Agreement, employees assigned to this gang will be paid a per diem in the amount of \$45.00 per day for each day of compensated service as a Flagman or watchman.

Headquarters for employees assigned to this unit shall be variable and employees so assigned shall report directly to the work site.

Mileage reimbursement will be paid only in connection with the authorized use of personal vehicles for business related travel required during the shift.

All employees assigned to this unit who are Rules qualified and qualified under MW 1000 will be compensated at the Foreman rate while performing service as Flagmen. At least one (1) of the following minimum job components must be part of the assignment in order for it to be considered Flagman work:

Service not including at least one (1) of the above listed duties shall be compensated at the Watchman rate.

The starting times of employees assigned to this gang may be changed upon thirty-six (36) hours notice to the employees. Said notice may be in verbal or written form at the election of management. Employees assigned to this gang may not elect to exercise seniority as a result of a change of starting time, providing at least thirty-six (36) hours notice has been provided.

Dear Sir:

This letter has reference to our discussions concerning the Carrier's requirements for operation of the MBTA Commuter Railroad as they relate to certain Truck Driver positions.

During the above discussion, the Carrier expressed a requirement to being up to and including three (3) Truck Driver positions between the hours of 12:00 o'clock midnight and 6:00 AM.

APPENDIX N
SYSTEM SAFETY AGREEMENT

AGREEMENT
BETWEEN THE
NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK)
AND THE
BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYEES

Amtrak and the Brotherhood of Maintenance of Way Employees are committed to a safe and healthful work environment, free from intimidation and harassment, that meets or, where possible, exceeds all applicable Local, State and Federal Safety standards and to ensuring compliance with Amtrak's Safety Rules. In recognition of the importance of equal partnership in this process, Amtrak and the BMW E agree to the following:

I. Distribution of Safety Related Information to Employees

- A. It is the desire of Amtrak and the BMW E to use their best efforts to quickly and efficiently communicate safety related information to all involved and affected employees. To fulfill this goal, the parties agree to utilize the following procedures:
1. Safety related information shall be provided, as quickly as possible, to a designated officer of the Amtrak Safety Department for review and distribution as appropriate.
 2. The Amtrak Safety Department shall transmit necessary safety advisories to safety officials, Division Engineers, District Work Gangs and other appropriate officers by the fastest most appropriate means possible.
 3. The Division Engineer shall be responsible for transmitting such safety advisories by the most appropriate means that will ensure such advisories are posted as soon as practicable at all Division Headquarters where affected employees report for duty and that copies are provided to first line supervisors. Copies of such advisories shall also be provided to the Division Engineer's staff, local safety officers and the duly accredited representatives of the BMW E as soon as possible.
 4. First Line Supervisory personnel shall be responsible for discussing urgent safety advisories during daily job briefings with employees. Other safety related advisories or information issued shall be discussed at the next available employee safety meeting.
- B. Amtrak shall issue instructions to appropriate supervisors to ensure compliance with the above procedures.

II. New Hire Training

- A. Providing sufficient field and classroom training is critical to the safety of employees and Amtrak's operation. Prior to beginning work in the craft, or as soon thereafter as practicable, new employees shall receive training in areas such as the following:

- * Company Orientation
- * Management Presentation
- * Hazard Communications (Right to Know)
- * Protective Equipment (Personal)
- * STOP for Employees (Safety Training Observance Program)
- * PAT - Individual (Protection Against Trains)
- * Safety Rule Orientation
- * AMT-2 Electrical Operating Instructions (where applicable)
- * Introduction to the Department
- * Introduction to the Work Site
- * Lockout Tagout Awareness - Phase 1
- * Department Training

NOTE: The parties recognize that employees may be hired on an individual or emergency basis and that advance training may not be possible due to the length and scheduling requirements of the program. In these cases, Amtrak shall schedule a training program for such employees at the earliest possible time, not to exceed sixty (60) days from their date entered service, unless otherwise agreed to by the parties. Notwithstanding the above, no employee shall be permitted or required to perform any work in the craft before receiving training on Protection Against Trains and AMT-2 awareness.

- B. An outline of the New Hire Training Program to be followed in the initial training provided under paragraph "A" above, is included as Attachment 1 to this agreement. The length or content of the new hire training program shall not be changed without advance approval of the Safety Advisory Committee.
- C. New employees shall be paid at the applicable pro-rata rate for time spent in training outlined above.

III. General Training

- A. All employees who work on or near tracks or along the right of way shall be provided annual training on Rules governing Protection Against Trains.
- B. All employees who work in electrified territory shall receive training on AMT-2 - Electrical Operating Instructions, every two years.
- C. Employees in the Electric Traction Department shall be trained and qualified on CPR annually.
- D. Safety Training will be available in areas such as:
 - * Personal Protective Equipment
 - * HAZ-COM
 - * Respiratory
 - * Lead
 - * Asbestos

- * Hearing
- * Confined Space
- * Fall Protection
- * Operating Rules
- * Lockout/Tagout
- * Other training that may be offered by Amtrak, generated by the Safety Advisory Committee or required by law

- E. Amtrak shall insure that all training required by applicable law or company policy is available and provided to affected employees.
- F. Employees participating in training under this Article shall be paid for time spent in such training in accordance with the applicable schedule agreement.

IV. Ability To Request Safety Training

- A. All employees shall be permitted to request training in any area relevant to their craft in which training is available. The employee shall make their request known by completing the Application for Safety Training and submitting such request to their immediate supervisor. A sample Application for Safety Training Form is included as Attachment 2 to this agreement.

NOTE: The phrase "relevant to their craft" as used in this paragraph, means safety training for any position for which an employee has seniority or can acquire new seniority under the schedule agreement.

- B. The employees immediate supervisor shall respond to a request for Safety Training within ten (10) days of receipt by either granting the training or declining the request. If the request is declined, a reason shall be provided on the Application for Safety Training.
- C. An employee who disputes the reason for denial of training shall specifically advise the supervisor of the basis for the request for such training. If the employee and the supervisor are unable to resolve the issue, the dispute shall be resolved through the "Procedures for Resolution of Work Place Safety Training" included as Attachment 3 to this agreement.

V. Work Place Safety

Amtrak and the BMW agree to use their best efforts to ensure that all applicable local, state, and federal laws or regulations, and Amtrak safety rules are properly applied. It shall not be a violation of this agreement or any company rule for employees to refuse to start work, return to work, or continue working when any condition exists that violates an applicable local, state or federal law or regulation or Amtrak Safety Rule or procedure. Employees exercising their right under this Article shall be governed by Attachment 4 to this agreement, "Procedures for Resolution of Work Place Safety Issues".

VI. Accident/Injury Reporting and Investigation

- A. Employees must immediately report any job related injury or illness to their immediate supervisor. Amtrak will insure that medical attention is immediately made available to the employee. After receiving or declining medical attention the employee must complete NRPC Form 260 - "Amtrak Injury/Illness Report", which shall fulfill Amtrak's initial reporting requirements. A copy of Form NRPC 260 is included as Attachment 5 to this agreement. The content of this Form may only be changed following review of such changes by the Safety Advisory Committee. Employees may request that their completed initial statement (NRPC 260-2) be reviewed by a representative of the BMW E prior to signing. However, such request may not unduly delay the submission of the report or the subsequent investigation of the circumstances involved in the incident.
- B. All employees will be provided with a copy of the Amtrak Guide to Handling Occupational Injuries and Illnesses and training on this guide. A copy of this Guide is included as Attachment 6 to this agreement.
- C. All reported injuries by employees covered by this agreement will be investigated by a joint team consisting of the following:
- * Management Officer and/or Supervisor in Charge
 - * BMW E Safety Committee Member
 - * Foreman in Charge
 - * Technical Support as deemed appropriate by the team

Note: When directly involved in the incident under investigation, the Foreman in Charge shall be replaced by the BMW E Safety Liaison or other employee as designated by the BMW E who is immediately available and qualified to participate in such investigation.

In the event circumstances do not permit full staffing of the joint team outlined above without causing undue delay in the investigation of the incident, a team consisting of one supervisory employee and one employee, appointed by a duly accredited representative of the BMW E, will be considered sufficient to conduct the investigation.

The investigating team will complete the Amtrak Investigation Committee Report, a copy of which is included as Attachment 7 to this agreement. The completed report will be provided to the appropriate management officials with a copy to the BMW E Safety Liaison or his designated safety committee member having jurisdiction over the work area and to members of the Safety Advisory Committee. Reference to violations of safety rules or procedures in investigation reports is not intended to serve as discipline, nor shall such references negate the application of the discipline and investigation rules of the scheduled agreement.

- D. Employees involved in investigation of injuries and illnesses will be trained in accident investigation techniques.

- E. Time spent by BMW employees on investigations under this Article shall be paid in accordance with Rule 61 - Attending Investigations, of the Northeast Corridor Rules Agreement.

VII. Employee Safety Committees

- A. Amtrak shall establish safety committees covering all BMW employees. These committees shall have jurisdiction over specific territories or work functions and shall be comprised of a proportionate number of employees of the various crafts in each designated work area. Each safety committee shall have a chairperson who shall be elected by the committee.
- B. The BMW General Chairpersons will notify Amtrak of the employees who shall represent their craft on each safety committee. Should Amtrak oppose an appointment, the parties shall promptly meet to review and resolve the matter. If unable to reach agreement, the employee shall be appointed for a probationary period of three (3) months, following which the employee's safety committee performance shall be reviewed by the BMW and appropriate Engineering Department representatives of the Safety Advisory Committee, and a determination made as to permanent appointment.
- C. All employees appointments to safety committees will be trained in injury prevention and on accident investigation techniques. Other training for safety committee members will be provided as approved by the Safety Advisory Committee.
- D. Safety committees will meet regularly regarding safety related issues. They will facilitate the distribution and discussion of safety alerts within work groups under their jurisdiction. When a safety issue arises, the safety committee chairperson will notify management of the issue and the committee will promptly arrange to meet with local management to address the matter.
- E. If a safety committee and the local management are unable to resolve a safety related issue, either party shall forward the issue to the BMW Safety Liaison having jurisdiction or the appropriate department head. The BMW Safety Liaison and appropriate department head shall promptly meet to resolve the issue. If a resolution cannot be reached, the matter shall be forwarded to the Safety Advisory Committee for review.
- F. Employees participating on Safety committees who are required to lose time from their assignments as a result of such participation shall be paid not less than the earnings of their regular positions. All other time spent in the performance of safety committee work shall be paid at the straight time rate of their regular position. In all possible cases, safety meetings will be held during regular working hours. If required and authorized by management to perform safety committee work on a scheduled rest day, the employee shall be paid as provided in Rule 53 - Calls of the Northeast Corridor Rules Agreement.

VIII. Safety Liaisons

A. Amtrak shall establish full time BMW Safety Liaison positions with responsibility for safety related matters involving employees within their specific territory or work functions, as outlined below:

- * Electric Traction Department - 1 position
- * MBTA District - 1 position

NOTE: The MBTA Safety Liaison position may be eliminated in the event funding for such assignment is withdrawn by the MBTA.

The number and jurisdiction of any additional full time safety liaisons shall be determined by the Chief Engineer in consultation with the BMW General Chairperson having jurisdiction over the involved territory.

B. The General Chairpersons with jurisdiction over the involved territory will notify Amtrak of their recommended candidates for full time BMW safety liaisons. Such candidates will be appointed to the positions unless Amtrak, based on the employee's prior safety and performance record, does not concur with the recommendation. In such cases, the parties shall meet to review and resolve the issue. If unable to reach agreement, the employee shall be appointed for a probationary period of six (6) months, following which the employee's performance as a Safety Liaison shall be reviewed by the appropriate BMW and Engineering Department representatives of the Safety Advisory Committee, and a determination made as to permanent appointment.

C. Employees appointed as full time BMW Safety Liaisons shall serve for a period of two years. A schedule for the term of each BMW Safety Liaison shall be determined by the appropriate General Chairman and the Chief Engineer. Upon the expiration of the term, the Full Time BMW Safety Liaisons may be re-appointed by agreement of the parties. Should either party seek to discontinue the term of a Full Time BMW Safety Liaison prior to the expiration of such term, the matter shall be referred to the Safety Advisory Committee for determination and appropriate action.

D. Full time BMW Safety Liaisons shall report to a management officer designated by Amtrak and shall be paid at the highest hourly rate of a foreman in the Sub-Department from which the appointee was assigned. The Chief Engineer and appropriate General Chairmen shall jointly determine the headquarters for each full time BMW Safety Liaison.

IX. Safety Advisory Committee

- A. An Engineering Department Safety Advisory Committee shall be established to monitor general safety performance and the activities of safety committees, as well as to resolve disputes on safety related issues and other matters specifically referred to them under the terms of this agreement. The Committee shall consist of the BMW General Chairpersons having jurisdiction on Amtrak or their designated representatives, the Assistant Chief Engineers of Track, Structures and Electric Traction or their designated representatives and, a representative of Amtrak's Safety Department. The Safety Advisory Committee shall offer other labor organizations representing employees in the Engineering Department the opportunity to participate on the Committee to ensure that safety concerns and issues involving all employees can be addressed.

Dear Gentlemen:

This refers to our discussions regarding the joint accident investigation committees provided for in Paragraph C of Article VI of the Amtrak BMWE Safety Agreement.

The intent of the investigations referred to in the agreement is to identify the cause of accidents and develop ways of preventing recurrence. As discussed, the above provision is a joint initiative, intended to improve the quality of accident investigations and ultimately, enhance the safety of employees, which will not be served by an adversarial approach to the process.

Accordingly, it is agreed that our initiative on the accident investigation committee process shall be reviewed at six month intervals to identify problems in areas such as committee participation, reporting quality/accuracy and value of committee recommendations. These reviews shall be conducted by a panel consisting of a representative of the Engineering Department, a representative of the Safety Department and two (2) representatives of the BMWE. The panel shall, based on their review, make recommendations on changes in areas such as:

- * the composition of the investigating teams;
- * the quality of final reports;
- * investigation forms and processes;
- * training on accident investigation techniques.

Changes recommended by the panel and adopted by amendment to the agreement or modification to Amtrak policy or programs, shall then be monitored by the panel to determine the effectiveness of such changes.

Dear Gentlemen:

This refers to our discussions regarding the appointment of BMW safety committee members and BMW safety liaisons under Articles VII and VIII of the Amtrak BMW Safety Agreement.

The parties recognize that safety committees are currently in operation throughout the Amtrak system and that BMW employees are participating on those committees. The intent of Article VII of the agreement is to review the jurisdiction of each safety committee to ensure all employee work groups are involved and for the BMW General Chairpersons to designate their representatives on those committees as set forth in paragraph B of that Article. To facilitate this process, within fifteen days following the date of this agreement, Amtrak shall provide the organization a listing of all safety committees on which BMW employees participate, including identification of the jurisdiction of such committees and the BMW participants. The parties shall meet as necessary to ensure that all committees and participants are identified and to make any necessary adjustments in the jurisdiction or number of safety committees. As designations of safety committee representatives are made by the BMW, they shall replace existing BMW employees on all safety committees.

It was also understood that Safety Liaisons appointed under Article VIII will replace all existing full time BMW safety officers. The parties recognize that BMW employees may continue to be used on special duty assignments to provide training as deemed necessary by Amtrak and that such positions are not affected by this agreement and are without prejudice to either parties position regarding the use of such assignments.

PREVENTION PROGRAM COMPANION AGREEMENT

Amtrak and the Brotherhood of Maintenance of Way Employees jointly recognize that safety is the paramount concern and, further, that an alcohol and drug free environment is an essential element in maintaining a safe work place, agree to the following to ensure the utmost compliance with Rule G:

1. An employee charged with violating Rule G will be eligible to enroll in the Employee Assistance Program (EAP), and will not be disciplined (other than loss of pay for time held out of service) for the Rule G violation provided:
 1. The employee has had no Rule G violation on his or her record for at least ten (10) years; and
 2. The employee has not participated in the Rule G EAP for at least ten (10) years; and

4. If the evaluation indicates that the employee may safely be returned to service, he or she will be returned to service on a probationary basis for a period of two years and will be subject to periodic alcohol and/or drug tests during that time as determined by and only under the direction of the EAP Counselor. Following return to service, the employee must follow the course of treatment established by the counselor during the probationary period.

6. If, at any time during the 24-month probationary period, the employee fails to follow the course of treatment established by the EAP Counselor or fails a periodic alcohol and/or drug test required by the Counselor, Amtrak will remove the employee from the EAP. 9. No claims will be progressed by or on behalf of the employee on time lost as result of the incident leading to the employee's participating in the Rule G Employee Assistance Program.
10. This Agreement is effective _____ and may be terminated by either party upon service of five day's written notice upon the other party.

AGREEMENT
BETWEEN
NATIONAL RAILROAD PASSENGER CORPORATION
AND
BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYEES

RULE "G" BYPASS AGREEMENT

The parties to this agreement recognize that the use of alcohol and/or drugs is a serious problem within the railroad industry. Amtrak and the Brotherhood of Maintenance of Way Employees in an effort to help the apparent Rule "G" violator retain an employment relationship and seek rehabilitation, jointly consider a change in the Rule "G" policy desirable. The objective of this Agreement is to encourage mutual cooperation between labor and management in addressing alcohol and drug use problems in the railroad industry.

1. If any employee(s) believes that another employee may be in an unsafe condition, such employee may immediately contact an Amtrak officer. If the Amtrak officer, upon investigation, determines that there is an apparent violation of Rule G, the employee will be removed from service.

It is understood that when a removal from service takes place, transportation will be furnished back to the employee's home. If the employee does not have the means to return to his work location he or she will be furnished transportation by Amtrak.

2. Once an employee has been relieved from service under paragraph (1), he or she must contact Amtrak's Employee Assistance Program (EAP) Counselor within five (5) working days of the removal from service. If the employee contacts the EAP Counselor and accepts counseling, he will be paid for the full tour of duty as a result of his or her removal from service.
3. If the employee does not comply with the requirements set forth in paragraph (2), and the EAP Counselor determines that the employee is not in need of counseling, the employee will be returned to service not later than forty-eight (48) hours unless a physical examination is required. There will be no claim progressed for any time lost as a result of the removal from service other than as provided in paragraph (2) unless the forty-eight (48) hours for return to service is exceeded.
4. If the employee does comply with the requirements set forth in paragraph (2), and the EAP Counselor determines that the employee is in need of employee assistance, and the employee accepts counseling, then the employee will be returned to service upon a favorable recommendation from the EAP Counselor. Successful completion of a physical examination will be required if the employee has been off more than 30 days. In addition, the employee will be subject to such continuing review and testing as deemed appropriate by and only under the direction of the EAP Counselor for up to two years to ensure the effectiveness of treatment. If a subsequent test conducted at the discretion of the EAP

Counselor is positive, the employee will be removed from service and required to reenter treatment or counseling, and will again be subject to continuing review and testing for a two-year period commencing upon the completion of treatment. An employee will be permitted no more than two reenters after the initial enrollment in EAP. There will be no claim progressed for any time lost as a result of the removal from service other than as provided in paragraph (2).

5. If the employee does not comply with the requirements set forth in paragraph (2) or does not accept counseling as provided in paragraph (4), he must lay off and, if he so desires, may request a formal investigation. Such request must be made within five (5) working days of the day removed from service. If the employee does not request an investigation and is off, he must request a leave of absence prior to the expiration of fifteen (15) calendar days. One 45-day leave of absence will be granted. If at the end of the period, the employee still has not contacted the EAP Counselor or does not accept counseling, if required, all regular rules of the agreements will apply.
6. The employee(s) who originated the action as provided in paragraph (1) will not be called as a witness(s) if a formal investigation is held.
7. This Agreement will apply one time within ten (10) years to each employee covered by this Agreement. Thereafter, all regular rules of the Agreements will apply.

8. The rules of the Agreements between the National Railroad Passenger Corporation and the Brotherhood of Maintenance of Way Employees are modified as provided by this Agreement.
9. If and when disagreements arise as a result of interpretations of the foregoing agreement, a committee elected by the General Chairman of the Brotherhood of Maintenance of Way Employees and the Senior Director of Labor Relations of Amtrak will meet as expeditiously as is practicable to resolve any matters in dispute.
10. This Agreement is effective and may be terminated by either party upon service of five (5) days written notice upon the other party.

Gentlemen:

During the negotiation of the Operation RedBlock Agreements it was understood that Amtrak would compensate in pay or “makeup” hours members of the Prevention Teams for time lost on their assignment while involved Company sponsored Operation RedBlock training. Employees who attend this training on their day off will be paid eight hours at the straight time rate. APPENDIX P
DECEMBER 9, 1997
MEDIATION AGREEMENT

AGREEMENT

This agreement made this **9th** day of **December, 1997** by and between the National Railroad Passenger Corporation (Amtrak) and its employees represented by the Brotherhood of Maintenance of Way Employees is in full and final settlement of all pending Section 6 notices filed by both parties.

ARTICLE I - WAGES

Section 1 - First General Wage Increase

On December 1, 1995, all hourly rates of pay of employees covered by this Agreement in effect on the preceding day shall be increased in the amount of three (3) percent applied so as to give effect to this increase in pay irrespective of the method of payment. The increase provided for in this Section 1 shall be applied as follows:

(a) **Hourly Rates** -

Add 3 percent to the existing hourly rates of pay.

(b) **Disposition of Fractions** -

Rates of pay resulting from application of paragraph (a) above which end in fractions of a cent shall be rounded to the nearest whole cent. Fractions less than one-half cent shall be dropped, and fractions of one-half cent or more shall be increased to the nearest full cent.

(c) **Deductions** -

Insofar as concerns deductions, which may be made from the rates resulting from the increase herein granted, under Section 3(m) of the Fair Labor Standards Act of 1938, they may continue to be made to the extent that such deductions were being legally made as of August 31, 1941.

(d) **Application of Wage Increase** -

The increase in wages provided for in this Section 1 shall be applied in accordance with the wage or working conditions agreement in effect between Amtrak and the labor organization party hereto. Special allowances not included in fixed hourly rates of pay for all services rendered, and arbitraries representing duplicate time payments, will not be increased. Overtime hours will be computed in accordance with individual schedules for all overtime hours paid for.

Section 2 - Signing Bonus

Subject to Sections 8 and 9, each employee with 2,000 or more straight time hours paid for (not including any such hours reported to the STB as constructive allowances except vacations, holidays, paid sick leave and guarantees in protective agreements or arrangements) during the period January 1, 1996 through December 31, 1996 will be paid, as specified herein, a Signing Bonus of four hundred dollars (\$400.00). If this Amtrak/BMWE Agreement is ratified by November 30, 1997, the Signing Bonus will be paid to each employee on December 20, 1997; if

ratified after November 30, 1997, the Signing bonus will be paid within 60 days of execution of this agreement.

Section 3 - First Lump Sum Payment

Within 60 days of the execution of this Agreement, each employee will be paid a lump sum equal to three (3) percent of the employee's compensation for 1995, excluding pay elements not subject to general wage increases under Section 1(d) of this Article.

Section 4 - Second General Wage Increase

Effective July 1, 1997, all hourly rates of pay in effect on June 30, 1997 for employees covered by this Agreement shall be increased in the amount of three-and-one-half (3-1/2) percent applied so as to give effect to this increase irrespective of the method of payment. The increase provided for in this Section 4 shall be applied in the same manner as provided for in Section 1 hereof.

Section 5 - Second Lump Sum Payment

On July 1, 1998, each employee will be paid a lump sum equal to the excess of (I) three-and-one-half (3-1/2) percent of the employee's compensation for 1997, excluding pay elements not subject to general wage increases under Section 1(d) of this Article and lump sums, over (ii) the amount resultant from the formula contained in Article I, Section 5 (ii) of the National Carriers' Conference Committee (NCCC)/BMWE Agreement, dated September 26, 1996.

Section 6 - Third General Wage Increase

Effective July 1, 1999, all hourly rates of pay in effect on June 30, 1999 for employees covered by this Agreement shall be increased in the amount of three-and-one-half (3-1/2) percent applied so as to give effect to this increase irrespective of the method of payment. The increase provided for in this Section 6 shall be applied in the same manner as provided for in Section 1 hereof.

Section 7 - Eligibility for Receipt of Signing Bonus, Lump Sum Payments

The signing bonus and lump sum payments provided for in this Article shall be paid to each employee subject to this Agreement who has an employment relationship as of the date such payments are payable, or has retired or died subsequent to the beginning of the applicable calendar year used to determine the amount of such payment. There shall be no duplication of the signing bonus or lump sum payments by virtue of employment under another agreement nor will such payments be used to offset, construct or increase guarantees in protective agreements or arrangements.

Section 8 - Employees Working Less Than Full-Time

For employees who have fewer straight time hours (as defined) paid for in the period described in Section 2 than the minimum number set forth therein, the dollar amount of the Signing Bonus specified in Section 2 shall be adjusted by multiplying such amount by the

number of straight time hours (including vacations, holidays, paid sick leave and guarantees in protective agreements or arrangements) for which the employee was paid during such period divided by the defined minimum hours.

Section 9 - Signing Bonus Proration

In the case of any employee subject to wage progression or entry rates, the dollar amount of the Signing Bonus specified in Section 2 shall be adjusted by multiplying such amount by the weighted average entry rate percentage applicable to wages earned during the specified determination period.

ARTICLE II - COST-OF-LIVING PAYMENTS

Part A - Cost-of-Living Payments Under Agreement Dated June 27, 1992

The nine-cent cost-of-living allowance in effect beginning July 1, 1995 pursuant to Article II of the 1992 Amtrak/BMW Agreement, shall be rolled in to basic rates of pay on November 30, 1995 and such Article II shall be eliminated at that time, except as provided in Article IV(c) of this agreement.

Part B - Cost-of-Living Allowance Through January 1, 2000 and Effective Date of Adjustment

- (a) A cost-of-living allowance, calculated and applied in accordance with the provisions of Part C of this Article except as otherwise provided in this Part, shall be payable and rolled in to basic rates of pay on December 31, 1999.
- (b) The measurement periods shall be as follows:

MEASUREMENT PERIODS

| <u>Base Month</u> | <u>Measurement Month</u> | <u>Effective Date of Adjustment</u> |
|----------------------------------|------------------------------|-------------------------------------|
| March 1995 plus March 1997 | March 1996 March 1998 | Dec. 31, 1999 |

The number of points change in the CPI during each of these measurement periods shall be added together before making the calculation described in Part C, Section 1(e) of this Article.

(c) (i) Floor. The minimum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Minimum CPI Increase That Shall Be Taken Into Account</u> |
|-------------------------------------|--|
| Dec. 31, 1999 | 4% of March 1995 CPI plus 4% of March 1997 CPI |

(ii) Cap. The maximum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Maximum CPI Increase That Shall Be Taken Into Account</u> |
|-------------------------------------|--|
| Dec. 31, 1999 | 6% of March 1995 CPI plus 6% of March 1997 CPI |

(d) The cost-of-living allowance payable to each employee and rolled in to basic rates of pay on December 31, 1999 shall be equal to the difference between (i) the cost-of-living allowance effective on that date pursuant to this Part, and (ii) the amount resultant from the formula contained in Article II, Part B(d)(ii) of the NCCC/BMW Agreement, dated September 26, 1996, or as otherwise may be agreed to nationally.

Part C - Cost-of-Living Allowance and Adjustments Thereto After January 1, 2000

Section 1 - Cost-of-Living Allowance and Effective Dates of Adjustments

(a) A cost-of-living allowance shall be payable in the manner set forth in and subject to the provisions of this Part, on the basis of the "Consumer Price Index for Urban Wage Earners and Clerical Workers (Revised Series) (CPI-W)" (1967=100), U.S. Index, all items - unadjusted, as published by the Bureau of Labor Statistics, U.S. Department of Labor, and hereinafter referred to as the CPI. The first such cost-of-living allowance shall be payable effective July 1, 2000 based, subject to paragraph (d), on the CPI for March 2000 as compared with the CPI for September 1999. Such allowance, and further cost-of-living adjustments thereto which shall become effective as described below, shall be based on the change in the CPI during the respective measurement periods shown in the following table, subject to the exception provided in paragraph (d)(iii), according to the formula set forth in paragraph (e).

MEASUREMENT PERIODS

| <u>Base Month</u> | <u>Measurement Month</u> | <u>Effective Date of Adjustment</u> |
|-------------------|--------------------------|-------------------------------------|
| September 1999 | March 2000 | July 1, 2000 |
| March 2000 | September 2000 | January 1, 2001 |

Measurement Periods and Effective Dates conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

- (b) While a cost-of-living allowance is in effect, such cost-of-living allowance shall apply to straight time, overtime, protected rates, vacations, holidays and personal leave days in the same manner as basic wage adjustments have been applied in the past, except that such allowance shall not apply to special allowances and arbitraries representing duplicate time payments.
- (c) The amount of the cost-of-living allowance, if any, that shall be effective from one adjustment date to the next may be equal to, or greater or less than, the cost-of-living allowance in effect in the preceding adjustment period.
- (d) (i) Cap. In calculations under paragraph (e), the maximum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Maximum CPI Increase That May Be Taken Into Account</u> |
|-------------------------------------|---|
| July 1, 2000 | 3% of September 1999 CPI |
| January 1, 2001 | 6% of September 1999 CPI, less the increase from September 1999 to March 2000 |

Effective Dates of Adjustment and Maximum CPI Increases conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

- (ii) Limitation. In calculations under paragraph (e), only fifty (50) percent of the increase in the CPI in any measurement period shall be considered.
- (iii) If the increase in the CPI from the base month of September 1999 to the measurement month of March 2000 exceeds 3% of the September 1999 base index, the measurement period that shall be used for determining the cost-of-living adjustment to be effective the following January shall be the 12-month period from such base month of September; the increase in the index that shall be taken into account shall be limited to that portion of the increase that is in excess of 3% of such September base index; and the maximum increase in that portion of the index that may be taken into account shall be 6% of such September base index less the 3% mentioned in the preceding clause, to which shall be added any

residual tenths of points which had been dropped under paragraph (e) below in calculation of the cost-of-living adjustment which shall have become effective July 1, 2000 during such measurement period.

- (iv) Any increase in the CPI from the base month of September 1999 to the measurement month of September 2000 in excess of 6% of the September 1999 base index shall not be taken into account in the determination of subsequent cost-of-living adjustments.
- (v) The procedure specified in subparagraphs (iii) and (iv) shall be applicable to all subsequent periods during which this Article is in effect.
- (e) Formula. The number of points change in the CPI during a measurement period, as limited by paragraph (d), shall be converted into cents on the basis of one cent equals 0.3 full points. (By "0.3 full points" it is intended that any remainder of 0.1 point or 0.2 point of change after the conversion shall not be counted.)

The cost-of-living allowance in effect on December 31, 2000 shall be adjusted (increased or decreased) effective January 1, 2001 by the whole number of cents produced by dividing by 0.3 the number of points (including tenths of points) change, as limited by paragraph (d), in the CPI during the applicable measurement period. Any residual tenths of a point resulting from such division shall be dropped. The result of such division shall be added to the amount of the cost-of-living allowance in effect on December 31, 2000 if the CPI shall have been higher at the end than at the beginning of the measurement period, and subtracted therefrom only if the index shall have been lower at the end than at the beginning of the measurement period and then, only, to the extent that the allowance remains at zero or above. The same procedure shall be followed in applying subsequent adjustments.

- (f) Continuance of the cost-of-living allowance and the adjustments thereto provided herein is dependent upon the availability of the official monthly BLS Consumer Price Index (CPI-W) calculated on the same basis as such Index, except that, if the Bureau of Labor Statistics, U.S. Department of Labor should, during the effective period of this Article, revise or change the methods or basic data used in calculating such Index in such a way as to affect the direct comparability of such revised or changed index with the CPI-W during a measurement period, then that Bureau shall be requested to furnish a conversion factor designed to adjust the newly revised index to the basis of the CPI-W during such measurement period.

Section 2 - Payment of Cost-of-Living Allowances

- (a) The cost-of-living allowance payable to each employee effective July 1, 2000 shall be equal to the difference between (I) the cost-of-living allowance effective on that date pursuant to Section 1 of this Part, and (ii) the amount resultant from the formula contained in Article II, Part C, Section 2(a)(ii) of the NCCC/BMWE Agreement, dated September 26, 1996.
- (b) The increase in the cost-of-living allowance effective January 1, 2001 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.
- (c) The increase in the cost-of-living allowance effective July 1, 2001 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.

- (d) The procedure specified in paragraphs (b) and (c) shall be followed with respect to computation of the cost-of-living allowances payable in subsequent years during which this Article is in effect.
- (e) In making calculations under this Section, fractions of a cent shall be rounded to the nearest whole cent; fractions less than one-half cent shall be dropped and fractions of one-half cent or more shall be increased to the nearest full cent.

Section 3 - Application of Cost-of-Living Allowances

The cost-of-living allowance provided for by Section 1 of this Part C will be payable as provided in Section 2 and will not become part of basic rates of pay. Such allowance and the adjustments thereto will be applied as follows:

Hourly Rates - Add the amount of the cost-of-living allowance to the hourly rate of pay produced by application of Article I.

Section 4 - Continuation of Part C

The arrangements set forth in Part C of this Article shall remain in effect according to the terms thereof until revised by the parties pursuant to the Railway Labor Act.

ARTICLE III - EQUITY WAGE ADJUSTMENT

- (a) Effective November 30, 1995, rates of pay of employees covered by this Agreement shall be increased in the amount of \$.30 per hour.
- (b) Effective on January 1, 2000, rates of pay of employees covered by this Agreement shall be increased in the amount of \$.21 per hour.

ARTICLE IV - RETROACTIVE PAYMENTS

- (a) Retroactive wage adjustments will be made as follows:

Payments owed as a result of the retroactive application of the Equity Wage Adjustment contained in Article III (a) and the Wage Increases contained in Article I, Sections 1 and 4, will be paid on or after October 1, 1998, and no later than November 5, 1998.

- (b) General wage and equity increases will be implemented as soon as possible. The union will be notified of the implementation schedule. Retroactive payments will run to but not including the date of such implementation.
- (c) The payment specified in paragraph (a) will be reduced by the excess of (I) the cost-of-living allowance provided for in Article II, Part B, Sections 1 and 4 of the NCCC/BMWE imposed agreement, dated July 29, 1991, and (ii) the nine cent cost-of-living allowance rolled into the basic rate in Article II, Part A above. In the calculation of (I) above, the offsets in clauses (ii) in Article II, Part B, Section 3 of the NCCC/BMWE imposed agreement adopted in the Amtrak/BMWE agreement, dated June 27, 1992, will not be taken into consideration to reduce (I).

ARTICLE V - AMTRAK/LABOR PRODUCTIVITY COUNCIL

This Article included in the scheduled agreement as Rule 31.

ARTICLE VI - OCCUPATIONAL HEALTH WORK RELATED INJURY PROJECT

Reproduced and included in Appendix E in its entirety.

ARTICLE VII - OFF-TRACK VEHICLE ACCIDENT BENEFITS

Rule 96 of the Northeast Corridor Agreement and Rule 36 of the Corporate Agreement are hereby amended effective January 1, 1998, to include the changes in benefit levels of the Off-Track Vehicle Insurance as set forth in Article X of the September 26, 1996, NCCC/BMWE Agreement.

* * * * *

ARTICLE X - CONTINGENCIES

The agreement will be effective only upon ratification by the BMW and approval by Amtrak's Board of Directors. The parties to this agreement further agree that specific funding actions must occur to assure that Amtrak can execute the financial obligations of this agreement. Federal appropriations funding contingencies that must be met in order for Amtrak to be bound to carry out these financial obligations include, but are not limited to:

- enactment of an Amtrak authorization bill; and
- submission by the Administration and enactment of legislation providing operating assistance in amounts consistent with the "glidepath" to zero operating subsidy by FY 2002; and
- submission by the Administration and enactment of legislation providing additional operating assistance in amounts sufficient to correct shortfalls in FY 1996 and 1997 operating assistance; and
- no reduction in the first payment of \$1.15 billion from the Capital Trust Fund; and
- appropriation of general capital in FY 2000 at levels at least comparable to the FY 99 level.

Should the Amtrak Board of Directors determine that any of these contingencies or other significant funding event has failed to occur within a reasonable time, the BMW-Amtrak agreement provisions related to wage increases not yet paid shall be void unless the Amtrak Board of Directors determines that Amtrak is financially able to continue such payments. Prior to making its decision, the Board of Directors shall consult with the BMW. If the wage increase provisions are void because such contingencies are not met or if Amtrak fails to pay scheduled increases and/or scheduled retroactive payments and/or scheduled lump sum payments on schedule:

1. Amtrak shall notify the BMW E as soon as it has determined that it will be unable to pay the scheduled increase and/or retroactive payment, and/or lump sum payment on schedule.
2. The parties will for a period of 30 days renegotiate the terms and conditions of this agreement in an effort to meet changed financial circumstances.
3. At the end of the 30 days, a cooling-off period will prevail for 30 days.
4. At the end of the cooling-off period, the parties may engage in self-help. If either party engages in self-help, the agreement will no longer bind either party.
5. The parties agree that a failure to pay scheduled pay increases and/or retroactive and/or lump sum payments on schedule shall be a major dispute.
6. Clerical error which delays scheduled pay increases and/or retroactive and/or lump sum payments shall not trigger procedures 1 - 5 above.

This agreement is without prejudice to BMW E's position that the glidepath is poorly considered transportation policy.

ARTICLE XI - MORATORIUM

- A. The purpose of this Agreement is to fix the general level of compensation during the period of the Agreement, and to settle the disputes growing out of the notice dated October 27, 1995, served upon the organization by Amtrak, and all notices served on Amtrak by the organization on or after November 1, 1994. This agreement shall remain in effect through December 31, 1999 and thereafter until changed or modified in accordance with the provisions of the Railway Labor Act, as amended.
- B. No party to this Agreement shall serve, prior to November 1, 1999 (not to become effective before January 1, 2000), any notice or proposal which relates to the subject matter of the provisions of this Agreement or which proposes matters covered by the proposals of the parties specified in paragraph (A) above and any proposals in pending notices relating to such subject matters are hereby withdrawn.
- C. This Article will not bar the National Railroad Passenger Corporation and the organization signatory hereto from agreeing upon any subject of mutual interest.

FOR THE NATIONAL RAILROAD

BMWE-NEC AGREEMENT - RULE 89

NORTHEAST UNITS

RULE 89 - NORTHEAST UNITS

Amtrak may establish one or more of the following units not assigned a fixed headquarters to work over Amtrak's present Northeast territory: MBTA, Albany, Northern and Southern Districts as herein provided:

- Ballast Cleaner, Speno, Rail Pick-up Train, or other large on-track units.
- Rail Surface Grinding Train.
- Track Welding & Grinding
- Rail Laying Train.
- Structural Welding.
- Camp Car Cook, Camp Car Attendant.
- Track Sweeper (on-track).
- Pile Driver.
- Track Laying Machine and Track Laying System Support Unit.
- Track Laying System Welders and Grinders.
- Track Undercutter Machine.
- Ditcher Machine.
- Unimats.
- MDZ Surfacing units.
- Switch turnout exchange systems.
- Other high technology machines not on the property as of June 27, 1993.

I. Each of the units hereinbefore mentioned will be considered as a separate seniority district.

II. All positions and vacancies below the rank of General Foreman will be advertised to employees holding seniority on Rule 89 Units, the MBTA, Albany, Northern and Southern Districts in accordance with Rule 89 II or Rule E [Rule 8 of the synthesis of the agreement] of the respective Agreements. The locations for such advertisements on the Northern and Southern Districts shall be those locations specified in Rule 14.

In the filling of positions advertised in accordance with the provisions of the first paragraph hereof, the order of preference will be as follows:

- (1) From employees with seniority in the class in the unit in which the position is advertised.
- (2) From employees with seniority in the unit in which position is advertised in accordance with the Rules of the Schedule Agreement.
- (3) Others with seniority in the classification under an Amtrak-BMWE rules agreement.

(4) Seniority date under an Amtrak-BMWE rules agreement.

III. Seniority of an employee entering any of the units hereinbefore specified will begin with the date he is first awarded an advertised position in such unit. He will also retain and accumulate seniority on his home seniority district.

IV. An employee who has acquired seniority in any of the units covered by this Rule and who has been returned to his home zone in reduction of force must, in order to protect his seniority in such unit, bid on advertised new positions or vacancies in the classes in which he holds seniority and return to his class in such unit at the first opportunity or forfeit his seniority therein except:

An employee in active service on his home seniority district may not be required to accept and equal or lower rated position in a Corridor Unit so long as he is able to hold an equal or higher rated position on his home seniority district. Upon being relieved from an equal or higher rated position on his home seniority district the employee must return to the Corridor Unit and exercise seniority therein or forfeit seniority in such unit.

V. An employee filling an advertised position in any of the units covered by this Rule must, in order to protect his seniority in such unit, remain in the unit to which assigned during period said unit is in active operation, except:

(1) An employee working in a Corridor Unit may bid on a vacancy of higher rate in another unit in which he holds seniority, or he may make application for an equal or higher rated position on his home seniority district or in a newly created position of equal or higher rate in another unit, and if awarded such position, will be permitted to retain his seniority in the unit from which transferred and may exercise seniority therein after he has exhausted seniority in the unit to which transferred.

(2) An employee upon reaching the end of his region in lieu of moving off his district, may request to exercise seniority without forfeiture of seniority. Such request may be granted provided another qualified employee is available to replace him.

(3) Any employee failing to exhaust seniority in the unit to which transferred, will forfeit his seniority therein.

II. Travel Allowance.

(1) Employees assigned to positions in one of these units established pursuant to this Agreement, will be allowed a travel allowance of:

(2) \$12.50¹⁸ for each week end trip from their homes to the Camp Cars, including the initial trip in establishing the unit.

(3) \$12.50 for each week end trip from the Camp Cars to their homes, including the final trip after termination of the unit.

¹⁸ Effective December 9, 1997.

However, an employee assigned to a unit working a four (4) day week shall forfeit twenty-five percent (25%) (twenty percent (20%) when working a five (5) day week) of such travel allowance for each day of the work week on which compensation paid him by Amtrak for service performed has not been credited. Compensation referred to in this section is understood to include that received for holidays under Article II of the Agreement of August 21, 1954 as amended.

- (1) The payment referred to in Section (a) hereof, is to cover any expenses these employees may incur while making such week end trips and is in lieu of all other compensation said employees may be entitled to under the provisions of any other agreement, practice or working condition for such weekends.
- (2) The provisions of this Article are not applicable to trips made by employees to and from their homes on legal holidays.
- (3) Employees in Rule 89 units will be transported to the nearest point where Amtrak intercity rail service is available to make weekend trips home.
- (4) For vacation purposes or any other situation where work days are counted as accumulative days, employees working a four (4) ten (10) hour day work week, will be credited with working five (5) work days in that work week.
- (5) Holidays falling on the second or third work day of employees assigned to a four (4) ten (10) hour day work week, may, by agreement between the Assistant Chief Engineer Maintenance of Way and Structures and General Chairman, be changed to the first or fourth work day of the work week.

VII. Meals

- (1) Three (3) meals a day on each work day will be furnished at the expense of Amtrak to those employees holding regularly assigned positions in the unit.
- (2) Amtrak may elect to furnish meals for the unit by one of the following methods:
 - (1) Under the Rules of the Schedule Agreement governing Camp Cars or Camps not operated by a Commissary Company,
 - (2) in suitable restaurants or
 - (3) by a Commissary Company.

In the event Amtrak elects to have Camp Cars or Camps operated by a Commissary Company, the General Chairman will be notified thirty (30) days in advance. The notice will include the specific Camps or Camp Car gangs to be operated by the Commissary Company and the period of time it is anticipated the Commissary Company will operate a specific Camp or Camp Car gang.

Cooks and Camp Attendants used in Camps operated by the Commissary Company will, to the extent qualified employees of those classifications are available in the seniority districts involved, be procured from the rosters of Cooks and Camp Attendants. Employees on other

M. of W. Department rosters, in the seniority districts involved, who do not have seniority as Cook or Camp Attendant, but who have been used by Amtrak in that capacity, will be given consideration for assignment in the Camp operated by the Commissary Company; employees assigned shall be carried on Amtrak payrolls.

- (1) Where employees are required by Amtrak to take their meals away from the Camp Cars and the distance involved is greater than walking distance from the Camp Cars, the driver of the vehicle will be paid at the pro-rata rate for his time while driving. Should such distance be greater than seven and one-half (7-1/2) miles, the employees accompanying the driver will be paid the pro-rata rate for the same time paid the driver.
- (2) The meals provided for herein are in lieu of any other meal allowance said employees may be entitled to under the provisions of any other agreement, practice or working conditions.
- (3) Amtrak may substitute \$29.50¹⁹ per diem allowance in lieu of meals for each work day that covered employees perform compensated service, whether providing lodging or camp cars.

Lodging may be provided by camp cars or public/corporate facilities. When provided in public/corporate facilities each employee shall have a separate bed at least three (3) feet from the next nearest bed.

VIII. The Chief Engineer and the General Chairman or their designated representatives will meet to jointly review the following:

The locations where labor for hire is available for Corridor gangs.

The Seniority Roster that embraces the area, to determine if that particular roster is overburdened by Corridor employees.

In the event it is determined that such condition exists and labor for hire is not available at other locations, the Chief Engineer and the General Chairman, or their designated representatives, will jointly prepare a list of the individual Seniority Districts within the regions that are not overburdened with Corridor employees.

Newly-hired Corridor employees, hired where it has jointly been determined that Seniority Rosters are overburdened, will be given fifteen (15) days in which to make a written option for a home seniority district from the list submitted by the Chief Engineer and General Chairman, or their designated representatives. In the event the employee does not exercise his right to option for a home seniority district within the time limits herein provided, assignment of a home seniority district will be made by the Chief Engineer and the General Chairman, or their designated representatives, in writing, with copies forwarded to the employee involved.

¹⁹ Effective December 9, 1997.

In the event the conditions outlined above do not exist, employees hired for a Corridor gang will be assigned to the seniority roster at the location hired in accordance with the applicable provisions of the Schedule Agreement.

Seniority will accrue to such newly-hired employees as provided in the applicable Schedule Agreement.

IX. In the matter of discipline, appeals will be handled as provided in Rule 74.

The manner of handling appeals other than discipline will be in accordance with the provisions of the last paragraph of Rule 75.

X. Rates of Pay.

The rates of pay for a position regularly assigned to the Corridor Units established pursuant to the terms of this Agreement, will be agreed upon by the Director of Labor Relations and General Chairman and, included in a supplement hereto.

XI. Work Week

- (1) The normal work week for employees assigned to positions in units established pursuant to this Agreement, will consist of five (5) days of eight (8) straight time hours each, with two (2) consecutive rest days. An original determination of whether a unit is to be established for five (5) or four (4) ten (10) hour work days with three (3) consecutive rest days, shall be made in a notice to be given to the General Chairman. When it is known in advance that a five (5) day week will not be practicable and feasible for the duration of the unit, those times will be specified in such notice. At all other times, the Chief Engineer may change the work week from five (5) days to four (4) days, or vice versa, upon at least five (5) days written notice to the involved employees and the General Chairman, except that such changes may be made in less than five (5) days upon concurrence of the General Chairman.
- (2) For vacation purposes or any other situation where work days are counted as accumulative days, employees working a four (4) ten (10) hour day work week, will be credited with working five (5) work days in that work week.
- (3) Holidays falling on the second or third work day of employees assigned to a four (4) ten (10) hour day work week, may, by agreement between the Chief Engineer and General Chairman, be changed to the first or fourth work day of the work week.

XII. Days referred to - meaning of

- operate, maintain and repair the equipment to which assigned. The rate of pay for Technician is \$13.70 per hour subject to the equipment to which assigned. Amtrak will train those interested and qualified as of June 27, 1992 to operate the Unimats and MDZ Surfacing units in seniority order as needed and reclassify them Technicians, before utilizing the procedure for filling Technician positions outlined herein. Those who pass the prescribed training will be qualified as Technicians and awarded a seniority date on the appropriate Rule 89 roster equal to the date the employee started training.
- (3) in the event the employee requests, or is required to give a reasonable and practical demonstration of his qualifications for a technician position, the Company must give uniform job related tests based on reasonable job related criteria in order to ascertain initial qualifications for Technician positions. The General Chairman or his designated representative shall have the right to inspect the tests and/or criteria and results of such tests to determine that the application of such tests and/or criteria are uniform to all employees.

2. Retention on Position

Employees initially awarded Technician positions will remain on the position from January 1 to December 31 of the year. Dear Gentlemen:

This refers to recent discussions regarding the utilization of Brotherhood of Maintenance of Way employees as Network Instructors on the Northeast Corridor and MBTA territories. While the parties recognize that the work in question is not covered by the Scope of the BMWE labor agreements, to facilitate both Amtrak's desire to provide necessary training and the participation of qualified BMWE employees in that process, it is agreed that BMWE employees may be assigned as Network Instructors and shall be governed by the following conditions:

1. BMWE employees performing Network Instructor functions shall be retained and governed by these conditions on the effective date of the signing of this Agreement. The employees and initial headquarters are identified in the attachment to this agreement. All future Network Instructor positions/vacancies shall be posted at bulletin locations as outlined in the Agreement. Should a BMWE applicant not be selected and such applicant or the BMWE believes such candidate to be equally or more qualified than a junior selected candidate, they may file a protest with the Senior Director-Engineering Employee Services. The parties shall promptly meet to review the qualifications of the candidates and the basis for the decision and attempt to resolve the dispute. Should the parties be unable to satisfactorily resolve the dispute, the employee or the BMWE may file a claim and/or grievance under the agreement.

It is understood that, based on the nature of the work, employees selected for these positions cannot be displaced in the exercise of seniority. In the event performance of a BMWE Network Instructor does not meet the requirements of the position, the employee may be removed from the position and permitted to exercise seniority. In such circumstances, a performance review meeting will be conducted with the employee and a representative of the BMWE. It is further understood that employees assigned as Network Instructors electing to vacate such position, may make application for advertised positions.

Mrs. Dodd, Geller & Hurlburt
March 15, 2000

Network Instructors

It is agreed that Network Instructors will not establish new seniority and that no new seniority rosters for Network Instructors will be established.

2. Successful candidates shall be compensated at the rate of \$18.88 per hour for all hours of their normal assignment. The overtime provisions of the agreement shall apply for hours worked outside their assigned tour of duty.
3. Employees assigned as Network Instructors shall be subject to the terms and conditions of the Special Construction Agreement dated November 3, 1976, governing shifts and workweek.
4. Employees assigned as Network Instructors shall be entitled to the per diem payments set forth in Rule 89 of the Northeast Corridor Agreement unless meals are provided. When assigned to Training Camps, where breakfast and lunch are provided, Network Instructors shall be entitled to \$15.50 to cover the cost of dinner if such meal is not provided.
5. Employees assigned as Network Instructors shall be provided lodging if required to remain overnight at a location more than fifty (50) miles from their initial headquarters.
6. It is understood that employees assigned as Network Instructors shall only stand to be called for overtime assignments in their former position/territory if no other employee is available and provided that such use will not make them unavailable to provide scheduled training.

The provisions of this agreement have been designed specifically and exclusively to address the utilization of employees as Network Instructors. Therefore, this agreement is without prejudice to the position of either party in other matters and will not be referred to or cited in any forum, except such forum as may be invoked to resolve claims or grievances brought specifically under the terms of this agreement.

This agreement shall remain in effect until changed or canceled by sixty (60) days advance notice from either party to the other. It is understood that this agreement shall be considered separate agreements with each BMW Federation and may be canceled or modified individually for each territory by notice to or from the General Chairman having jurisdiction. If the foregoing properly reflects our understanding, please sign below.

Gentlemen:

This refers to our ongoing discussions concerning provision for the Occupational Health Work Related Injury Project reached in the last round of bargaining.

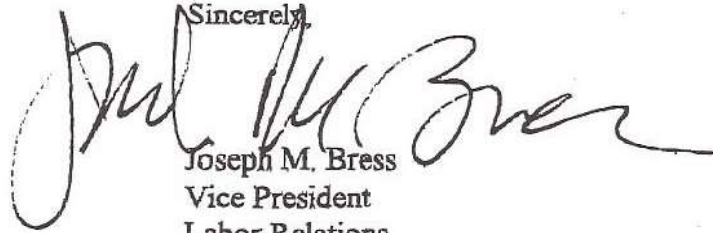

Based on the results of the pilot "Right Care... Day One" program, the parties agree to roll out and support the program on a permanent, system wide basis by January 1, 2001. This will embody the elements of the pilot on the Mid-Atlantic Division, including support for and use of transitional work assignments, consistent with collective bargaining agreements, the Transitional Work Policy (Attachment 1) and Side Letter No. 1.

As part of this roll out and support, Amtrak will implement the vision plan and dental improvements provided in the last round of national freight negotiations for full time employees, including the eligibility requirements for the benefit plans applied on the freights (Attachments 2 and 2A). The dental improvements will be implemented on April 1, 2001 and the vision plan on July 1, 2001.

Gentlemen:

This refers to our ongoing discussions concerning the provision for the Occupational Health Work Related Injury Project reached in the last round of bargaining, specifically as it relates to the roll out and support of the "Right Care... Day One" program on a permanent, system wide basis by January 1, 2001.

During our discussions, it was also agreed to incorporate the following understandings in implementing the program system wide:

- It is not the intent of this agreement that transitional work be used to negate, diminish or amend the rules of the BMWE collective bargaining agreement. Transitional work for an injured employee will not be used to replace or displace other non-injured employees. Transitional work opportunities do not require that a non-injured employee be displaced partially or wholly from their position or made worse off to make allowances for the injured employee. The injured employee will not be used for overtime work ahead of other available employees.

October 5, 2000

Page 2

- Alternative work may include training (e.g. safety, customer service, diversity, office skills enhancement) so long as such does not result in the injured employee obtaining qualifications for job advancement not available to other senior employees. No training will take place that would allow the injured junior worker to obtain additional training that permits the injured employee to demonstrate qualifications for advancement before the same training and consideration is provided to the senior employee.
- Except by agreement, it is not the intent to have an employee from another craft and class (non-BMWE) assigned work covered by the Scope Rule in the collective bargaining agreement between the parties. Except by agreement, Amtrak will not use such employees to fill vacant BMWE positions. There will be no overlap of transitional work into any other craft.
- The project will have a joint labor/management oversight Committee consisting of management and labor representatives of participating organizations for purposes such as periodically reviewing program operation, selection of medical care providers, etc. The parties may jointly select a consultant(s) and neutral, as may be needed, consistent with Article IV of the June 6, 1996 Joint Medical Administration Committee (JMAC) Agreement.
- Employees utilizing program medical care providers shall not be subject to drug and alcohol testing except to the extent mandated by Amtrak policies (i.e., PERS 19).
- All parties involved in the "Right Care... Day One" program shall treat employee health information in the strictest confidence, consistent with the actual need to know such information, as well as any applicable laws or company policies.

October 5, 2000

Page 3

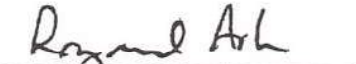

- Amtrak will use the attached alternative duty assignment letter (Attachment A to Side Letter 1) developed with the BMW in the pilot when making the assignments.

To establish procedures that will assist in the physical and emotional recovery of employees who have been temporarily disabled due to a job related injury or illness and cannot immediately return to their current job. These procedures provide for the temporary transitional assignment of a disabled employee and may include, (1) selected tasks within the scope of their craft, known as modified duty, or (2) assignments outside the scope of any craft, educational opportunities, work hardening, physical therapy and volunteer work outside the company, collectively known as alternative duty. Such activity is meant to support the employees' rehabilitation, must benefit the company and not violate the scope of existing collective bargaining agreements.
- II. **Coverage**
All employees of Amtrak, on a voluntary basis, who have sustained a job related injury or illness resulting in a temporary restriction from normal work activities. A qualified physician must have imposed such restrictions.
- III. **Authority**
Transitional duty may be authorized only by a company-approved physician for those employees who have sustained job related injuries or illnesses and are expected to return to work. The initial duration will not exceed 60 calendar days.
- IV. **Responsibility**
Within 24 hours of the injury or authorization to return to work in a transitional capacity, the Manager Transitional Work (or other designee) will promptly meet or initiate a conference call with appropriate management personnel and union designee, if alternative duty is contemplated. They will review a selected alternative duty assignment. The employee will be provided any necessary training for the alternative duty assignment. The Manager Transitional Work or designee will assign and administer transitional duty assignments.
- V. **Procedures**
- A. The company-approved physician will outline the employee's work restriction, and the expected duration of limited activities.
- B. **Assignment of Duties**
Transitional duties proposed by management will be performed in compliance with the following:
1. If possible the work should first be within the craft and if such opportunities are not available possibilities outside the current scope of any craft may then be explored. It should not affect the legitimate rights of

other employees to perform their work. It must also comply with provisions of applicable labor agreements.

2. The work must be able to be performed without threat to the employees' safety or safety of others.
3. The company-approved physician must approve the work assigned and the employee must be willing and able without coercion to perform the work.
4. The policy may be utilized to offer continued work immediately following an on duty injury or to offer a return to transitional duty following a period of lost time.
5. Transitional duty will initially be offered for up to 60 days, consistent with the employees' medical condition and in anticipation of the employee's return to normal work activities within that period. Transitional duty may be extended past 60 days so long as the company physician and the union designee approves it.

C. Administration

1. The transitional work assignment as outlined and approved by the company-approved physician will be made by the Manager Transitional Work or designee.
2. The Manager Transitional Work or designee will maintain personal contact with the employee to ensure the employee's understanding of the transitional opportunity and assure compliance with medical restrictions.
3. The case manager will maintain contact with the company-approved physician to review the employee's medical progress and to be certain that the employee is reporting for and receiving prescribed treatment.
4. If any questions arise concerning the employees' ability to perform transitional duty the Manager Transitional Work or designee will contact and consult with the medical director who will then decide whether it is medically appropriate for the particular transitional duty. The medical director will follow all appropriate protocols including following up with the employees medical provider.

D. Record Keeping

1. In all cases of transitional work assignments, the Manager Transitional Work or designee must complete NRPC form 2818 (HRS Master File Update) weekly and fax it to the appropriate claims office for authorization. Claims will then forward this form to the appropriate payroll office to ensure that the employee receives his regular pay while on transitional duty.

2. Disposition of the employee upon completion of the transitional assignment, reports of lost time or necessity for any further medical treatment must be documented and reported to Amtrak's Central Reporting office within the prescribed limits as outlined in Accident/Incident Reporting guidelines.
3. Current reporting requirements are not superseded by this procedure.

E. Legal Effect of Wage Payments

Payments received pursuant to this policy are for all purposes a continuation of the employee's regular and ordinary compensation, are voluntarily made by Amtrak to indemnify itself against FELA liability, shall be considered wages for all purposes, shall directly offset any claim for wage loss and shall not be excluded from evidence through operation of rule, regulation, or statute.

Attachment 2

The parties signatory hereto agree to the following:

1. **Dental Plan**

A. Effective April 1, 2001, the dental plan benefits currently provided to full time employees will be modified to include benefit changes contained in the 1996 National Agreements between the participating carriers represented by the National Carriers' Conference Committee and the employees represented by BMWE, as follows:

- (1) The maximum benefit (exclusive of any benefits for orthodonture) which may be paid with respect to a covered employee or dependents in any calendar year will be increased from \$1,000 to \$1,500.
- (2) The lifetime aggregate benefits payable for all orthodontic treatment rendered to a covered dependent, regardless of any interruption in service, will be increased from \$750 to \$1,000.
- (3) The exclusion from coverage of implantology (including synthetic grafting) services will be deleted and dental implants and related services will be added to the list of Type C dental services for which the Plan pays benefit.
- (4) Repair of existing dental implants will be added to the list of Type B dental services for which the Plan pays benefits.
- (5) One application of sealants in any calendar year for dependent children under 14 years of age will be added to the list of Type A dental services for which the Plan pays benefits.
- (6) The Plan will pay 80%, rather than 75%, of covered expenses for Type B dental services.
- (7) The Plan will establish and maintain an 800 telephone number that employees and dependents may use to make inquiries regarding the Plan.

B. The benefit changes listed above are not intended to preclude the parties from agreeing to modify the dental plan benefits in the current or future rounds of collective bargaining or to conclude the current negotiations on these benefits.

2. Vision Care Plan

A. Amtrak will establish a Vision Care Plan to provide specified vision care benefits to all full time employees covered by the Amtrak/BMWE Agreement and their dependents, to become effective July 1, 2001, and to continue thereafter as part of the collective bargaining agreement and subject to provisions of the Railway Labor Act, as amended, with benefit levels no less than those contained in the 1996 National Agreements between the participating carriers represented by the National Carriers' Conference Committee and the employees represented by BMWE, as follows:

(1) Eligibility and Coverage. Employees and their dependents will be eligible for coverage under the Plan beginning on the first day of the calendar month after the employee has completed a year of service, but no earlier than the first day of July 1, 2001.

(2) Managed Care. Managed vision care networks that meet standards no less stringent than those developed by the National Carriers' Conference Committee concerning quality of care, access to providers and cost effectiveness shall be established wherever feasible. Employees who live in a geographical area where a managed vision care network has been established will be enrolled in the network along with their covered dependents. Employees enrolled in a managed vision care network will have a point-of-service option allowing them to choose an out-of-network provider to perform any vision care service covered by the Plan that they need. The benefits provided will be greater than the benefits provided by the Plan when the services are performed by providers who are not in-network providers, including providers in geographic areas where a managed vision care network has not been established. These two sets of benefits will be as described in the table attached.

B. Unless Amtrak elects to participate in the National Freight Industry Vision Plan, it is intended that the Amtrak Vision Care Plan will be administered by the Joint Medical Administration Committee (JMAC) which will bear the same responsibilities and perform the same functions as it does with respect to the AmPlan Medical Plan.

C. The benefit changes listed above are not intended to preclude the parties from agreeing to modify the vision plan benefits in the current or future rounds of collective bargaining or to conclude the current negotiations on these benefits.

3. Benefits Eligibility

Effective April 1, 2001, the Dental Plan, AmPlan Medical Plan and Vision Care Plan are amended to provide that for an Eligible Employee (as defined in each respective Plan) to continue to be covered by the Plan during any calendar month by virtue of rendering compensated service or receiving vacation pay in the immediately preceding calendar month (the "qualifying month"), such employee must have rendered compensated service on, or received vacation pay for, an aggregate of at least seven (7) calendar days during the applicable qualifying month, subject however to Attachment 2A. Existing Plan provisions pertaining to eligibility for and termination of coverage not specifically amended by this paragraph shall continue in effect.

Attachment 2A

This will confirm our understanding with respect to the application of the seven (7) calendar days per month eligibility requirement for benefit coverage for medical, dental and vision care set forth in Attachment 2 plans. The understanding is as follows:

1. Nothing contained in this Attachment 2A shall in any way add to, diminish or alter existing rights and/or obligations of both carriers and employees with regard to eligibility requirements for benefit coverage for employees going on furlough, furloughed or returning from furlough.

2. An employee whose assignment commences on one (1) calendar day and ends on the following calendar day shall be deemed to have rendered compensated service on one (1) calendar day. This remains true even if the employee works overtime on that assignment during the following calendar day unless

(a) such employee's overtime on the following calendar day continues into his/her regularly scheduled work hours; or

(b) the employee's overtime on the following calendar day occurs on his/her rest day and such overtime continues into the hours of what would have been the employee's regular work day, based on the employee's assignment immediately preceding the rest day, had the rest day been a regular work day.

In the event 2(a) or 2(b) occurs the employee shall be deemed to have rendered compensated service on two (2) calendar days. If the overtime continues uninterrupted for more than two (2) calendar days, the same principles will apply in determining for purposes of benefit eligibility the number of calendar days on which the employee shall be deemed to have rendered compensated service.

3. An employee whose assignment commences on one (1) calendar day and ends on the following calendar day, and who then works another assignment during that following day shall be deemed to have rendered compensated service on two (2) calendar days.

4. An employee who works (or who reports to work but is instructed not to work by carrier because of inclement weather) on an eight (8) hours day's assignment shall be deemed to have rendered compensated service on one (1) calendar day for each calendar day s/he works such assignment or reports to work for such assignment but is instructed not to work because of inclement weather. An employee who works (or who reports to work but is instructed not to work by carrier because of inclement weather) on a ten (10) hours day's assignment in lieu of an eight (8) hour day's assignment will be deemed to have rendered compensated service on one and one-quarter (1.25) calendar days for each calendar day s/he works such assignment or reports to work for such assignment but is instructed not to work because of inclement weather. Similarly, an employee on assignment where the regular work day is programmed to consist of more than eight (8) hours (e.g. 9, 11, 12, 13 hours) shall be deemed to have rendered compensated service on one and on a fraction of another calendar day worked, on the same principle as described above.

5. An employee called in to work on his/her rest day shall be deemed to have rendered compensated service on one (1) calendar day.

6. A new employee who reports for duty on the first day allowed, who has less than seven (7) calendar days on which s/he is assigned to work remaining in the month, will be eligible for benefits in the following month provided the employee works all regularly assigned days in such

month.

7. The change in eligibility requirements is not intended to alter current practices with respect to whether vacations, holidays, personal leave days, bereavement leave and jury duty are considered as days of compensated service for purposes of the health, dental and vision plans.

8. An employee who is called to military duty to respond to an emergency (e. g. The Gulf War) and as a result is not able to meet the seven (7) day eligibility requirement shall remain eligible for benefits for four (4) months after the month in which compensated service was last performed.

9. An employee who is suspended, dismissed or retires and, consequently, does not meet the seven (7) calendar days per month eligibility requirement shall receive the same extension of coverage as such person received prior to such change,

10. Any lapse in benefits occurring as a result of this eligibility change shall not continue beyond the month so affected, provided such employee meets the eligibility requirements governing the immediately following month.

APPENDIX U

AUGUST 1, 2009 MEMORANDUM OF AGREEMENT

MEMORANDUM OF UNDERSTANDING BETWEEN THE NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK) AND THE BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYEES DIVISION – INTERNATIONAL BROTHERHOOD OF TEAMSTERS

IT IS AGREED:

1. a. In the application of the Scope Rule of the Northeast Corridor BMW Agreement, Amtrak may use outside contractors to cut and clear trees from the vicinity of overhead wires and signal systems and that such contracting out shall not constitute a violation of the agreement or serve as the basis for claims against the corporation. Amtrak will provide the BMW with an informational notice as to the location of the work to be performed.
- b. BMW forces will continue to perform all other work that has been customarily and historically performed in connection with the general cutting and clearing of vegetation and brush from the right of way, except as provided above.
- c. When protection is deemed necessary as determined by Amtrak, M/W forces will perform said work.
2. Effective upon signing of this agreement, the incentive allowance provided for in Rule 42 of the Northeast Corridor Rules Agreement and in the Special Construction Agreement, paid by rule or memorandum of agreement, shall be increased to \$1.00 per hour.
3. Effective upon signing of this agreement, the Travel Allowance provided for in Rules 89, 90-A, 90-B, 90-C, 90-D and 90-E of the Northeast Corridor Rules Agreement and in Rule 29 of the Corporate Rules Agreement, paid by rule or memorandum of agreement, shall be increased to \$15.00 in each direction.

4. The following new rule is established:

Commercial Drivers License

- a. **Licensing Fees**
Amtrak shall reimburse employees for all fees necessary to obtain and maintain a CDL. Employees will be required to provide necessary documentation in connection with such reimbursement.
- b. **Reimbursement for Training**
Amtrak shall reimburse employees for the cost of tuition to an accredited school after receipt of official notification of the employee's successful completion of a CDL training course, subject to the maximum amounts payable under Amtrak's Educational Assistance Program.

- c. Access to Vehicle for CDL tests
Upon not less than five (5) working days written request from an employee to the designated Amtrak officer, Amtrak shall, consistent with the requirements of service, make available a vehicle for use in taking the CDL driving test. Amtrak shall also make available a qualified employee to transport the vehicle to and from the examination site.
- d. Rate Differential
Employees who have obtained a CDL and who are occupying a position requiring CDL qualifications are required to comply with all regulations, operating and administrative responsibilities associated with their driving performance. In connection therewith, employees occupying positions requiring a CDL shall be paid an incentive allowance of \$1.00 per hour for all hours worked on such position. This allowance is separate and apart from the hourly rate of pay and is not subject to future general wage increases or cost of living adjustments.

Amtrak is not required to retain CDL requirements on any position where it is determined not operationally necessary.

Electric Traction Trainees will receive the differential provided for in this paragraph upon acquiring a CDL license. The differential shall be paid during their training period provided they maintain their CDL and upon completion of training, such differential shall be paid when they occupy a position requiring such qualification.

- 5. The following modifications are made to the Amtrak BMW Northeast Corridor and Corporate Rules Agreements:
 - a. Effective August 1, 2009, rates of pay under the Northeast Corridor and Corporate BMW agreements for all Foreman or Foreman rated positions will be increased by \$1.00 per hour. This shall not apply to Assistant Foreman positions.
 - b. **Service Bonus**
Employees in the Foreman class, holding positions for the full calendar year and perform service in that capacity each month during such calendar year, shall qualify for a bonus payment of \$2,000.00, which shall be paid within six (6) weeks of the end of each calendar year. It is understood that continuation of the bonus payments shall be subject to agreement of the parties each year.
In order to allow all employees an opportunity to avail themselves of this bonus for 2009, all employees holding a Foreman position for the period from July 1, 2009 through December 31, 2009, will be eligible for one-half of the bonus payment.

c. Rule Modifications

- Paragraph 6.b. & c. of the August 27, 1977 Training Agreement, as amended, are modified to provide as follows:
 - “b. Employees who successfully complete the training shall be awarded the positions covered by the training. The senior employee who completes the training shall be awarded the position. Seniority shall begin on the date of the award for employees who successfully complete the training and are awarded the position. Employees awarded the positions shall stay on the position for a period of six (6) months, except when bidding to a higher rated position. Employees who bid for higher rated positions must remain on such higher rated position for the duration of the six month period or will be subject to assignment to a position for which trained for the remainder of the six (6) month period.
 - c. Employees who successfully complete the training who are not awarded positions may be assigned to positions that go “no qualified bidders” that are in the same work zone as the position for which the training was initially posted, in reverse seniority order. Such employees stand for assignment to such positions for a period of six (6) months and must remain on the position for six months unless bidding to a higher rated position. Employees who bid for higher rated positions must remain on such higher rated position for the duration of the six (6) month period or shall again be subject to assignment to a position for which trained for the remainder of the six (6) month period. An employee so assigned may be released by agreement between the General Chairman and the Deputy Chief Engineer in cases of hardship.
- Paragraph (a) of Rule 18 – Reduction in Force of the BMW Northeast Corridor Agreement is replaced with the following:
 - (a) When the force is reduced, employees affected shall have the right, within ten (10) days after the effective date of such reduction, to elect to take furlough or to exercise seniority against a junior employee or to an available vacancy which is subject to or under advertisement.

An employee displaced in reduction of force who elects to exercise seniority may exercise seniority onto any position for which he is qualified, by bid or displacement without loss of seniority. The requirement to exercise in class is deleted. An employee selecting a vacant assignment will be considered an automatic bidder for that assignment. In the event a senior employee is awarded the assignment after the advertisement is closed, the junior employee who picked the vacancy will be required to exercise seniority to another assignment within ten (10) calendar days after the effective date and time of the award.

- Paragraphs 3 of Rule 8 – Bulletin, Assignment & Displacement, of the BMWWE Corporate Agreement is modified and a new paragraph added to the rule to provide as follows:

“3. An employee whose position is abolished may within seven (7) calendar days after the effective time and date of the abolishment, exercise his seniority to any position for which qualified held by a junior employee or to an available vacancy which is subject to or under advertisement. An employee who is displaced may within seven (7) calendar days after the time and date of displacement, exercise his seniority to any position for which qualified held by a junior employee or to an available vacancy which is subject to or under advertisement. Displacements must occur prior to the start of the shift and an employee reporting to the supervisor in charge of the gang in which the displacement is to be made prior to shift start will be allowed a displacement on that date.

An employee selecting a vacant assignment will be considered an automatic bidder for that assignment. In the event a senior employee is awarded the assignment after the advertisement is closed, the junior employee who picked the vacancy will be required to exercise seniority to another assignment within seven (7) calendar days after the effective date and time of the award.

- Paragraph (a) of Rule 4 – Temporary Positions and Vacancies, of the BMWWE Northeast Corridor Agreement is amended, and a new section added under paragraph 1 of Rule 8 – Bulletin, Assignment and Displacements, of the BMWWE Corporate Agreement as follows:

“A new position may be filled temporarily pending assignment. When vacancies occur, the senior available qualified employee working in the same or lower class shall be permitted to fill such position. Employees filling positions under this provision will be considered automatic bidders for such position as their first preference unless alternate preference ranking is indicated on their application for advertised positions.”

- Rule 90-D of the BMWWE Northeast Corridor Rules Agreement is modified to provide as follows:

“Rule 90-D – B&B Capital Improvement Gangs – Southern District

ARTICLE I - WAGES

Section 1 - First General Wage Increase

On December 1, 1995, all hourly rates of pay of employees covered by this Agreement in effect on the preceding day shall be increased in the amount of three (3) percent applied so as to give effect to this increase in pay irrespective of the method of payment. The increase provided for in this Section 1 shall be applied as follows:

(a) **Hourly Rates** -

Add 3 percent to the existing hourly rates of pay.

(b) **Disposition of Fractions** -

Rates of pay resulting from application of paragraph (a) above which end in fractions of a cent shall be rounded to the nearest whole cent. Fractions less than one-half cent shall be dropped, and fractions of one-half cent or more shall be increased to the nearest full cent.

(c) **Deductions** -

Insofar as concerns deductions, which may be made from the rates resulting from the increase herein granted, under Section 3(m) of the Fair Labor Standards Act of 1938, they may continue to be made to the extent that such deductions were being legally made as of August 31, 1941.

(d) **Application of Wage Increase** -

The increase in wages provided for in this Section 1 shall be applied in accordance with the wage or working conditions agreement in effect between Amtrak and the labor organization party hereto. Special allowances not included in fixed hourly rates of pay for all services rendered, and arbitraries representing duplicate time payments, will not be increased. Overtime hours will be computed in accordance with individual schedules for all overtime hours paid for.

Section 2 - Signing Bonus

Subject to Sections 8 and 9, each employee with 2,000 or more straight time hours paid for (not including any such hours reported to the STB as constructive allowances except vacations, holidays, paid sick leave and guarantees in protective agreements or arrangements) during the period January 1, 1996 through December 31, 1996 will be paid, as specified herein, a Signing Bonus of four hundred dollars (\$400.00). If this Amtrak/BMWE Agreement is ratified by November 30, 1997, the Signing Bonus will be paid to each employee on December 20, 1997; if

ratified after November 30, 1997, the Signing bonus will be paid within 60 days of execution of this agreement.

Section 3 - First Lump Sum Payment

Within 60 days of the execution of this Agreement, each employee will be paid a lump sum equal to three (3) percent of the employee's compensation for 1995, excluding pay elements not subject to general wage increases under Section 1(d) of this Article.

Section 4 - Second General Wage Increase

Effective July 1, 1997, all hourly rates of pay in effect on June 30, 1997 for employees covered by this Agreement shall be increased in the amount of three-and-one-half (3-1/2) percent applied so as to give effect to this increase irrespective of the method of payment. The increase provided for in this Section 4 shall be applied in the same manner as provided for in Section 1 hereof.

Section 5 - Second Lump Sum Payment

On July 1, 1998, each employee will be paid a lump sum equal to the excess of (I) three-and-one-half (3-1/2) percent of the employee's compensation for 1997, excluding pay elements not subject to general wage increases under Section 1(d) of this Article and lump sums, over (ii) the amount resultant from the formula contained in Article I, Section 5 (ii) of the National Carriers' Conference Committee (NCCC)/BMW Agreement, dated September 26, 1996.

Section 6 - Third General Wage Increase

Effective July 1, 1999, all hourly rates of pay in effect on June 30, 1999 for employees covered by this Agreement shall be increased in the amount of three-and-one-half (3-1/2) percent applied so as to give effect to this increase irrespective of the method of payment. The increase provided for in this Section 6 shall be applied in the same manner as provided for in Section 1 hereof.

Section 7 - Eligibility for Receipt of Signing Bonus, Lump Sum Payments

The signing bonus and lump sum payments provided for in this Article shall be paid to each employee subject to this Agreement who has an employment relationship as of the date such payments are payable, or has retired or died subsequent to the beginning of the applicable calendar year used to determine the amount of such payment. There shall be no duplication of the signing bonus or lump sum payments by virtue of employment under another agreement nor will such payments be used to offset, construct or increase guarantees in protective agreements or arrangements.

Section 8 - Employees Working Less Than Full-Time

For employees who have fewer straight time hours (as defined) paid for in the period described in Section 2 than the minimum number set forth therein, the dollar amount of the Signing Bonus specified in Section 2 shall be adjusted by multiplying such amount by the number of straight time hours (including vacations, holidays, paid sick leave and guarantees in

protective agreements or arrangements) for which the employee was paid during such period divided by the defined minimum hours.

Section 9 - Signing Bonus Proration

In the case of any employee subject to wage progression or entry rates, the dollar amount of the Signing Bonus specified in Section 2 shall be adjusted by multiplying such amount by the weighted average entry rate percentage applicable to wages earned during the specified determination period.

ARTICLE II - COST-OF-LIVING PAYMENTS

Part A - Cost-of-Living Payments Under Agreement Dated June 27, 1992

The nine-cent cost-of-living allowance in effect beginning July 1, 1995 pursuant to Article II of the 1992 Amtrak/BMWE Agreement, shall be rolled in to basic rates of pay on November 30, 1995 and such Article II shall be eliminated at that time, except as provided in Article IV (c) of this agreement.

Part B - Cost-of-Living Allowance Through January 1, 2000 and Effective Date of Adjustment

- (a) A cost-of-living allowance, calculated and applied in accordance with the provisions of Part C of this Article except as otherwise provided in this Part, shall be payable and rolled in to basic rates of pay on December 31, 1999.
- (b) The measurement periods shall be as follows:

MEASUREMENT PERIODS

| <u>Base Month</u> | <u>Measurement Month</u> | <u>Effective Date of Adjustment</u> |
|----------------------------------|------------------------------|-------------------------------------|
| March 1995 plus March 1997 | March 1996 March 1998 | Dec. 31, 1999 |

The number of points change in the CPI during each of these measurement periods shall be added together before making the calculation described in Part C, Section 1(e) of this Article.

(c)(I) Floor. The minimum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Minimum CPI Increase That Shall Be Taken Into Account</u> |
|-------------------------------------|--|
| Dec. 31, 1999 | 4% of March 1995 CPI plus 4% of March 1997 CPI |

(ii) Cap. The maximum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Maximum CPI Increase That Shall Be Taken Into Account</u> |
|-------------------------------------|--|
| Dec. 31, 1999 | 6% of March 1995 CPI plus 6% of March 1997 CPI |

(d) The cost-of-living allowance payable to each employee and rolled in to basic rates of pay on December 31, 1999 shall be equal to the difference between (I) the cost-of-living allowance effective on that date pursuant to this Part, and (ii) the amount resultant from the formula contained in Article II, Part B(d)(ii) of the NCCC/BMWE Agreement, dated September 26, 1996, or as otherwise may be agreed to nationally.

Part C - Cost-of-Living Allowance and Adjustments Thereto After January 1, 2000

Section 1 - Cost-of-Living Allowance and Effective Dates of Adjustments

(a) A cost-of-living allowance shall be payable in the manner set forth in and subject to the provisions of this Part, on the basis of the "Consumer Price Index for Urban Wage Earners and Clerical Workers (Revised Series) (CPI-W)" (1967=100), U.S. Index, all items - unadjusted, as published by the Bureau of Labor Statistics, U.S. Department of Labor, and hereinafter referred to as the CPI. The first such cost-of-living allowance shall be payable effective July 1, 2000 based, subject to paragraph (d), on the CPI for March 2000 as compared with the CPI for September 1999. Such allowance, and further cost-of-living adjustments thereto which shall become effective as described below, shall be based on the change in the CPI during the respective measurement periods shown in the following table, subject to the exception provided in paragraph (d)(iii), according to the formula set forth in paragraph (e).

MEASUREMENT PERIODS

| <u>Base Month</u> | <u>Measurement Month</u> | <u>Effective Date of Adjustment</u> |
|-------------------|--------------------------|-------------------------------------|
| September 1999 | March 2000 | July 1, 2000 |
| March 2000 | September 2000 | January 1, 2001 |

Measurement Periods and Effective Dates conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

- (b) While a cost-of-living allowance is in effect, such cost-of-living allowance shall apply to straight time, overtime, protected rates, vacations, holidays and personal leave days in the same manner as basic wage adjustments have been applied in the past, except that such allowance shall not apply to special allowances and arbitraries representing duplicate time payments.
- (c) The amount of the cost-of-living allowance, if any, that shall be effective from one adjustment date to the next may be equal to, or greater or less than, the cost-of-living allowance in effect in the preceding adjustment period.
- (d)(I) Cap. In calculations under paragraph (e), the maximum increase in the CPI that shall be taken into account shall be as follows:

| <u>Effective Date of Adjustment</u> | <u>Maximum CPI Increase That May Be Taken Into Account</u> |
|-------------------------------------|---|
| July 1, 2000 | 3% of September 1999 CPI |
| January 1, 2001 | 6% of September 1999 CPI, less the increase from September 1999 to March 2000 |

Effective Dates of Adjustment and Maximum CPI Increases conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

- (ii) Limitation. In calculations under paragraph (e), only fifty (50) percent of the increase in the CPI in any measurement period shall be considered.
- (iii) If the increase in the CPI from the base month of September 1999 to the measurement month of March 2000 exceeds 3% of the September 1999 base index, the measurement period that shall be used for determining the cost-of-living adjustment to be effective the following January shall be the 12-month period from such base month of September; the increase in the index that shall be taken into account shall be limited to that portion of the increase that is in excess of 3% of such September base index; and the maximum increase

in that portion of the index that may be taken into account shall be 6% of such September base index less the 3% mentioned in the preceding clause, to which shall be added any residual tenths of points which had been dropped under paragraph (e) below in calculation of the cost-of-living adjustment which shall have become effective July 1, 2000 during such measurement period.

(iv) Any increase in the CPI from the base month of September 1999 to the measurement month of September 2000 in excess of 6% of the September 1999 base index shall not be taken into account in the determination of subsequent cost-of-living adjustments.

(v) The procedure specified in subparagraphs (iii) and (iv) shall be applicable to all subsequent periods during which this Article is in effect.

(e) Formula. The number of points change in the CPI during a measurement period, as limited by paragraph (d), shall be converted into cents on the basis of one cent equals 0.3 full points. (By "0.3 full points" it is intended that any remainder of 0.1 point or 0.2 point of change after the conversion shall not be counted.)

The cost-of-living allowance in effect on December 31, 2000 shall be adjusted (increased or decreased) effective January 1, 2001 by the whole number of cents produced by dividing by 0.3 the number of points (including tenths of points) change, as limited by paragraph (d), in the CPI during the applicable measurement period. Any residual tenths of a point resulting from such division shall be dropped. The result of such division shall be added to the amount of the cost-of-living allowance in effect on December 31, 2000 if the CPI shall have been higher at the end than at the beginning of the measurement period, and subtracted therefrom only if the index shall have been lower at the end than at the beginning of the measurement period and then, only, to the extent that the allowance remains at zero or above. The same procedure shall be followed in applying subsequent adjustments.

(f) Continuance of the cost-of-living allowance and the adjustments thereto provided herein is dependent upon the availability of the official monthly BLS Consumer Price Index (CPI-W) calculated on the same basis as such Index, except that, if the Bureau of Labor Statistics, U.S. Department of Labor should, during the effective period of this Article, revise or change the methods or basic data used in calculating such Index in such a way as to affect the direct comparability of such revised or changed index with the CPI-W during a measurement period, then that Bureau shall be requested to furnish a conversion factor designed to adjust the newly revised index to the basis of the CPI-W during such measurement period.

Section 2 - Payment of Cost-of-Living Allowances

(a) The cost-of-living allowance payable to each employee effective July 1, 2000 shall be equal to the difference between (i) the cost-of-living allowance effective on that date pursuant to Section 1 of this Part, and (ii) the amount resultant from the formula contained in Article II, Part C, Section 2(a)(ii) of the NCCC/BMWE Agreement, dated September 26, 1996.

(b) The increase in the cost-of-living allowance effective January 1, 2001 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.

- (c) The increase in the cost-of-living allowance effective July 1, 2001 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.
- (d) The procedure specified in paragraphs (b) and (c) shall be followed with respect to computation of the cost-of-living allowances payable in subsequent years during which this Article is in effect.
- (e) In making calculations under this Section, fractions of a cent shall be rounded to the nearest whole cent; fractions less than one-half cent shall be dropped and fractions of one-half cent or more shall be increased to the nearest full cent.

Section 3 - Application of Cost-of-Living Allowances

The cost-of-living allowance provided for by Section 1 of this Part C will be payable as provided in Section 2 and will not become part of basic rates of pay. Such allowance and the adjustments thereto will be applied as follows:

Hourly Rates - Add the amount of the cost-of-living allowance to the hourly rate of pay produced by application of Article I.

Section 4 - Continuation of Part C

The arrangements set forth in Part C of this Article shall remain in effect according to the terms thereof until revised by the parties pursuant to the Railway Labor Act.

ARTICLE III - EQUITY WAGE ADJUSTMENT

- (a) Effective November 30, 1995, rates of pay of employees covered by this Agreement shall be increased in the amount of \$.30 per hour.
- (b) Effective on January 1, 2000, rates of pay of employees covered by this Agreement shall be increased in the amount of \$.21 per hour.

ARTICLE IV - RETROACTIVE PAYMENTS

- (a) Retroactive wage adjustments will be made as follows:

Payments owed as a result of the retroactive application of the Equity Wage Adjustment contained in Article III (a) and the Wage Increases contained in Article I, Sections 1 and 4, will be paid on or after October 1, 1998, and no later than November 5, 1998.

- (b) General wage and equity increases will be implemented as soon as possible. The union will be notified of the implementation schedule. Retroactive payments will run to but not including the date of such implementation.
- (c) The payment specified in paragraph (a) will be reduced by the excess of (I) the cost-of-living allowance provided for in Article II, Part B, Sections 1 and 4 of the NCCC/BMWE imposed agreement, dated July 29, 1991, and (ii) the nine cent cost-of-living allowance rolled into the basic rate in Article II, Part A above. In the calculation of (I) above, the offsets in clauses (ii)

in Article II, Part B, Section 3 of the NCCC/BMWE imposed agreement adopted in the Amtrak/BMWE agreement, dated June 27, 1992, will not be taken into consideration to reduce (I).

ARTICLE V - AMTRAK/LABOR PRODUCTIVITY COUNCIL

The BMW and Amtrak will immediately establish a joint labor/management productivity council. The Council's purpose is to achieve real, measurable cost savings through a joint process yielding benchmarks for productivity increases and strategies to achieve them.

The Council would be based on a structure of mutual representation and consensual decision-making similar to the Amtrak/BMWE Safety Program. The BMW and management shall each designate employee representatives in writing, and may revoke such designations at any time. Employee representatives designated by the BMW shall be reimbursed in accordance with the schedule agreement. All costs of the Council shall be borne by Amtrak.

The Council will select a mutually agreed-upon third party -- government, private sector business, non-profit or otherwise -- to help develop benchmarks and to evaluate labor and management's progress toward those measurable goals.

Bench-marking and goal setting are not new to the transportation industry -- and especially not new to railroads. In fact, Amtrak already has the facility to collect and compare work performance.

This process would provide a forum for discussions to encourage labor participation in job scheduling and design, and other logistics. Similar work-teams are used in the auto industry and other businesses to cost-engineer projects and work processes.

The Council will work to identify possible steps for improvement in such areas as:

1. Organization and execution of proposed capital construction projects.
2. Effective use of new technology.
3. Current and proposed modes of work organization and methods.
4. Training.
5. Issues of workplace quality of life and fair treatment.

Possible specific cost reduction or revenue improvement targets/goals include, for example:

1. Reducing costs related to injuries.
2. Efficient use of materials and reduction of wastage.
3. Reducing other costs associated with job planning and execution.

4. Increasing productivity in core activities such as tie installation, track construction and renewal, bridge reconstruction, catenary inspection, etc.
5. Increasing revenue through on-time performance.

Contracting-In. It is anticipated that productivity enhancement will permit additional Amtrak work to be performed and increase crew availability of contracting-out to other railroads (commuters and freight), thereby growing revenue.

Distribution of Benefits of Savings. As productivity enhancement targets are established in all areas, periodic reviews of benchmarked activities shall evaluate progress toward those goals and the value of increased efficiencies and savings to Amtrak's bottom line. Savings up to \$3.0 million annually would primarily benefit Amtrak's bottom line. (Employees shall receive 20 percent of the benefits of the savings, while the company receives 80 percent.) However, if total annual savings exceed \$3.0 million per year, 50 percent of those savings shall be paid to employees as a bonus above normal wages and payments.

ARTICLE VI - OCCUPATIONAL HEALTH WORK RELATED INJURY PROJECT

BMWE & Amtrak shall jointly investigate with a consultant of BMWE's and Amtrak's choosing and paid for by Amtrak, ways to improve access to quality health care and innovative cost effective programs to care for occupationally injured employees. By October 1, 1998, the parties agree to create and implement a "pilot project" based on the recommendations of the consultant. This project will recognize the parties' obligation to comply with applicable federal law.

Amtrak and BMWE agree that Commonwealth Consulting shall be the first choice as consultant.

ARTICLE VII - OFF-TRACK VEHICLE ACCIDENT BENEFITS

Rule 96 of the Northeast Corridor Agreement and Rule 36 of the Corporate Agreement are hereby amended effective January 1, 1998, to include the changes in benefit levels of the Off-Track Vehicle Insurance as set forth in Article X of the September 26, 1996, NCCC/BMWE Agreement.

ARTICLE VIII - WORK RULES

1. Establish a new Rule as follows:

Southern District Bridge Rehabilitation Gangs

I. Territory

Amtrak may establish major bridge construction or rehabilitation and major station rehabilitation and construction units not assigned fixed headquarters to work over the following 3 territories on the Southern District:

Territory 1 - Zone 1 (MP 134.9 to and including Gunpowder River Bridge, MP 79.0);

Zone 2 (Gunpowder River Bridge, MP 79.0 to Darby Creek, MP 6.4[including Bear Maintenance of Way Equipment Repair Facility]); and

Zone 1(A) (Lorton, VA Auto Train facility and former Washington Terminal territory).

Territory 2 - Zone 3 (Harrisburg, PA MP 105.4 to Philadelphia, PA MP 21.0); and

Zone 4 (Philadelphia territory, MP 21.0 [to west], MP 6.4 [to south] and MP 76.0 [to north])

Territory 3 - Zone 5 (East of Holmes Tower, MP 76.0 to Hunter MP 11.0); and

Zone 6 (Hunter, MP 11.0 to Shell Tower New Rochelle, NY, MP 18.7, [including Sunnyside Yard] and the West Side Connection, MP 0.0 to MP 10.82)

II. Operation of Southern District Bridge Rehabilitation Gangs

- (a) Amtrak may establish one (1) Southern District Bridge Rehabilitation Gang in each of the territories defined in Section I above.
- (b) The complement of each Southern District Bridge Rehabilitation Gang shall not exceed twelve (12) employees.
- (c) Southern District Bridge Rehabilitation Gangs are restricted to performing only major construction or rehabilitation of bridges and major rehabilitation and construction of stations.
- (d) The November 3, 1976, Special Construction Agreement shall not apply to gangs established under this rule.

III. Notice to be Given

When Amtrak intends to establish a Southern District Bridge Rehabilitation Gang, it shall give at least thirty (30) days written notice thereof to the interested General Chairman; such notice to contain information relative to the following:

- (1) Description of territory over which it is programmed to work.
- (2) Length of time gang will operate.
- (3) Number of positions in each classification assigned to the unit.

IV. Work Week

The workweek shall be 4 ten hour days with hours and rest days governed by Rules 32 and 42(a)-(f) and (h) of the agreement.

V. Travel Allowance.

(a) Employees assigned to positions in one of these units established pursuant to this Agreement, will be allowed a travel allowance of:

- (1) \$12.50 for each weekend trip from their homes to the Lodging site, including the initial trip in establishing the unit.
- (2) \$12.50 for each weekend trip from the Lodging site to their homes, including the final trip after termination of the unit.

However, an employee assigned to a unit working a four (4) day week shall forfeit twenty-five percent (25%) of such travel allowance for each day of the work week on which compensation paid him by Amtrak for service performed has not been credited. Compensation referred to in this section is understood to include that received for holidays under Article II of the Agreement of August 21, 1954 as amended.

- (b) The payment referred to in Section (a) hereof, is to cover any expenses these employees may incur while making such weekend trips and is in lieu of all other compensation said employees may be entitled to under the provisions of any other agreement, practice or working condition for such weekends.
- (c) The provisions of this Article are not applicable to trips made by employees to and from their homes on legal holidays.
- (d) Employees in lodging will be transported to the nearest point where rail transportation is available to make weekend trips to their homes.
- (e) For vacation purposes or any other situation where work days are counted as accumulative days, employees working a four (4) ten (10) hour day work week, will be credited with working five (5) work days in that work week.
- (f) Holidays falling on the second or third work day of employees assigned to a four (4) ten (10) hour day work week, may, by agreement between the Assistant Chief Engineer Maintenance of Way and Structures and General Chairman, be changed to the first or fourth work day of the work week.

VI. Meals and Lodging.

- (a) Three (3) meals a day on each work day will be furnished at the expense of Amtrak to those employees holding regularly assigned positions in the unit.
- (b) Amtrak may substitute a \$29.50 per diem allowance in lieu of meals for each work day that covered employees perform compensated service.
- (c) Amtrak shall provide suitable lodging in which each employee shall have a separate bed at least three (3) feet from the next nearest bed.

VII. Headquarters.

The location of headquarters points shall be the carrier designated lodging site unless otherwise agreed to by the General Chairman and Assistant Chief Engineer. Headquarters points may be changed upon seventy-two (72) hours advance notice posted with a copy to the General Chairman.

2. Catenary Conversion for Southern District

Within 30 days of signing this agreement, the parties will meet to determine how to establish two District ET gangs operating under concepts similar to the Southern District Bridge Rehabilitation Gangs to accomplish all the work needed to facilitate the conversion of a major power system--the conversion of the catenary system on the Southern District to constant tension.

3. Electric Traction Trainee Rates

On the effective date of this agreement, the September 26, 1980, Memorandum of Agreement governing ET Lineman and Electrician Trainee Rates of pay is eliminated and Article V of the August 19, 1981, Electric Traction Department Training agreement is modified as follows:

"Pay of Electric Traction Trainees will be as follows:

| | |
|----------------------------|----------------------------|
| Starting Rate for Trainees | 90 % of full Lineman Rate |
| 6 Months | 92.5% of full Lineman Rate |
| 12 Months | 95 % of full Lineman Rate |
| 18 Months | 97.5% of full Lineman Rate |
| 24 Months | 100 % of full Lineman Rate |

Trainees will receive eight (8) hours pay per day attending class. Those Trainees who are required to travel in excess of two hours in each direction to attend class will be paid one (1) additional hour at the applicable straight time rate."

4. Meal Allowance

On the effective date of this agreement, all per diem allowances shall be increased to \$29.50.

5. Travel Allowance

On the effective date of this agreement all travel allowances shall be increased to \$12.50 in each direction.

6. Worksite Reporting

On the effective date of this agreement, Rule 31 of the Corporate Agreement and Rule 101 of the Northeast Corridor Agreement are eliminated.

7. Reduction in Force

On the effective date of this agreement, paragraph (g) of Rule 18 is eliminated and paragraph (f) of Rule 18 is amended to provide as follows:

"An employee furloughed as the result of reduction of force who desires to be recalled to active service shall file his name and address, as well as subsequent notice(s) of change, with the officer(s) designated by the Carrier. The employee will prepare three (3) copies of such notice and/or change notice(s), retaining one copy and filing two (2) copies with the officer referred to. One copy of such notice will be forwarded by Amtrak to the General Chairman.

In the event an employee fails to file notice as set forth above, Amtrak may request, by certified mail to the employee's address of record, that the employee file such notice. Failure to comply with such a request may result in the application of Rule 21-A.

Amtrak shall not be subject to financial liability for failure to recall employees who do not file their name and address as required above.

The requirement for filing name and address will not apply to an employee who exercises seniority in reduction of force to another position covered by this Agreement."

8. Withholding From Service Pending Trial

Rule 15, paragraph 1 of the Corporate Agreement and Rule 69 of the Northeast Corridor Agreement are modified by adding the following:

"An employee held out of service pursuant to this rule shall remain under pay as though he were in active service on his regular position unless medically disqualified. Compensation under this rule shall continue until the decision is rendered following the trial/investigation, except that if the employee or his duly accredited representative requests a postponement of the employee's trial/investigation, the employee will not be compensated for the period of such postponement.

In the event of such a postponement, Amtrak shall attempt to reschedule the trial/investigation to commence within fifteen (15) days of the postponement. If the trial/investigation cannot be scheduled within that time, through no fault of the employee or his representative, compensation will again be paid after the fifteen (15) day period."

9. Vacations

Rule 88 of the Northeast Corridor Agreement and Rule 18 of the Corporate Agreement are modified by adding the following:

"Effective January 1, 1998, employees shall be permitted to take one week of their vacation allowance per year in less than 40 hour increments, provided that such vacation days will be scheduled in accordance with existing rules on Amtrak applicable to the scheduling of personal leave days.

ARTICLE IX - REPRINTING THE AGREEMENTS

Rule 98 of the Northeast Corridor Agreement is amended and a new Rule (31) is included in the Corporate Agreement reading as follows:

"Amtrak shall print and distribute copies of the agreement, as amended, to all affected employees within ninety (90) days after the parties have agreed and approved the contents of the agreement."

ARTICLE X - CONTINGENCIES

The agreement will be effective only upon ratification by the BMW E and approval by Amtrak's Board of Directors. The parties to this agreement further agree that specific funding actions must occur to assure that Amtrak can execute the financial obligations of this agreement. Federal appropriations funding contingencies that must be met in order for Amtrak to be bound to carry out these financial obligations include, but are not limited to:

- § enactment of an Amtrak authorization bill; and
- § submission by the Administration and enactment of legislation providing operating assistance in amounts consistent with the "glidepath" to zero operating subsidy by FY 2002; and
- § submission by the Administration and enactment of legislation providing additional operating assistance in amounts sufficient to correct shortfalls in FY 1996 and 1997 operating assistance; and
- § no reduction in the first payment of \$1.15 billion from the Capital Trust Fund; and
- § appropriation of general capital in FY 2000 at levels at least comparable to the FY 99 level.
- § Should the Amtrak Board of Directors determine that any of these contingencies or other significant funding event has failed to occur within a reasonable time, the BMW E-Amtrak agreement provisions related to wage increases not yet paid shall be void unless the Amtrak Board of Directors determines that Amtrak is financially able to continue such payments. Prior to making its decision, the Board of Directors shall consult with the BMW E. If the wage increase provisions are void because such contingencies are not met or if Amtrak fails to pay scheduled increases and/or scheduled retroactive payments and/or scheduled lump sum payments on schedule:
 1. Amtrak shall notify the BMW E as soon as it has determined that it will be unable to pay the scheduled increase and/or retroactive payment, and/or lump sum payment on schedule.
 2. The parties will for a period of 30 days renegotiate the terms and conditions of this agreement in an effort to meet changed financial circumstances.

3. At the end of the 30 days, a cooling-off period will prevail for 30 days.
4. At the end of the cooling-off period, the parties may engage in self-help. If either party engages in self-help, the agreement will no longer bind either party.
5. The parties agree that a failure to pay scheduled pay increases and/or retroactive and/or lump sum payments on schedule shall be a major dispute.
6. Clerical error which delays scheduled pay increases and/or retroactive and/or lump sum payments shall not trigger procedures 1 - 5 above.

This agreement is without prejudice to BMW's position that the glidepath is poorly considered transportation policy.

ARTICLE XI - MORATORIUM

- A. The purpose of this Agreement is to fix the general level of compensation during the period of the Agreement, and to settle the disputes growing out of the notice dated October 27, 1995, served upon the organization by Amtrak, and all notices served on Amtrak by the organization on or after November 1, 1994. This agreement shall remain in effect through December 31, 1999 and thereafter until changed or modified in accordance with the provisions of the Railway Labor Act, as amended.
- B. No party to this Agreement shall serve, prior to November 1, 1999 (not to become effective before January 1, 2000), any notice or proposal which relates to the subject matter of the provisions of this Agreement or which proposes matters covered by the proposals of the parties specified in paragraph (A) above and any proposals in pending notices relating to such subject matters are hereby withdrawn.

C. This Article will not bar the National Railroad Passenger Corporation and the organization signatory hereto from agreeing upon any subject of mutual interest.

If Amtrak, subsequent to the agreement signed this date, negotiates, arbitrates, or has imposed on it by legislation an agreement with another union that is higher in total compensation than that provided to the BMW E for the period covered by the agreement signed this date, without any concomitant greater work rule savings (excluding the value of Productivity Councils) and/or savings as the result of modifications to the health and welfare provisions, the BMW E may request, in writing with supporting analysis, and receive a compensation adjustment. Amtrak may agree to apply the requested adjustment or will meet with the BMW E to discuss the matter. If the parties are unable to resolve the matter, within 30 days of the initial meeting, or as otherwise agreed upon, it may be submitted to an arbitration panel established and operating under terms similar to that used by the "Scope Board" in the Northeast Corridor Agreement. The parties shall share the fees and expenses of the neutral member, who shall have experience in interest arbitration. The term "compensation" as used in this provision specifically means general wage increases, equity adjustments, lump sum payments and COLA.

If Amtrak, subsequent to the agreement signed this date, negotiates, arbitrates or has imposed on it by legislation an agreement with another union that provides more favorable health and welfare benefits than those provided to the BMW E without any concomitant work rule savings, lesser total compensation and/or changes to the health and welfare benefits that offsets the cost for providing the more favorable health and welfare benefits, then the procedure above would apply. In any event, the BMW E may request such health and welfare benefits in return for similar concomitant offsets.

The parties agree to exchange data and calculations necessary to support the parties' respective positions within a reasonable period subsequent to a request and, in any event, prior to the submission of this dispute to arbitration.

Dear Mr. Geller:

During the recent round of negotiations, the parties discussed the issue of reviewing the BMWWE-Amtrak Corporate Agreement as it applies to the MBTA Commuter Rail Territory. We agreed that after the signing of the BMWWE-Amtrak Agreement in Mediation Case No. 12813, the parties would meet and confer regarding additional possible modifications to the Corporate Agreement as it applies to the MBTA Commuter Rail Territory.

If the foregoing accurately sets forth our understanding, please sign below.

Very truly yours,

I concur:

AGREEMENT

BY AND BETWEEN

TRANSIT AMERICA SERVICES, INC.

AND

THE BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYES DIVISION

WHEREAS, Transit America Services, Inc., (hereinafter "TASI") has agreed to assume certain responsibilities for the operation of the Caltrain commuter rail service for the Peninsula Corridor Joint Powers Board (hereinafter "JPB"), effective March 3, 2012;

WHEREAS, it is the desire of the parties to this Agreement to avoid and interruption of service in the interests of the public and to minimize impact on the commuter rail employees of Amtrak, the operator of JPB Caltrain commuter rail service prior to March 3, 2012;

WHEREAS, the assumption of this operation will result in the establishment by TASI of comparable positions necessary to perform certain work formerly performed by commuter rail employees of Amtrak as the operator; and

WHEREAS, TASI intends to offer employment with TASI to certain commuter rail employees of Amtrak,

NOW, THEREFORE, IT IS AGREED:

PART I

1. TASI recognizes the Brotherhood of Maintenance of Way Employees Division/IBT (hereinafter "BMWE" or "Organization") as the bargaining representative of the Maintenance of Way Department employees classified as B&B Foreman, Track Foreman, B&B Mechanic, Welder, Machine Operator, Trackman and of other employees of similar classifications under the jurisdiction of the Maintenance of Way Department Cal Train Commuter Service (formerly the Peninsula Commute Service), except those employees who come within the scope of other existing agreements.
2. The Collective Bargaining Agreement effective March 1, 1976, as amended by the parties most recently effective March 17, 2008 and as deemed amended pursuant to the provisions of the Amtrak Reform and Accountability Act of 1997 and other applicable statutes, presently in effect between Amtrak and BMWE and applicable to employees performing service on the JPB Caltrain commuter rail service, will continue to apply to the operations and service which TASI is to provide the JPB Caltrain service except as specifically provided herein.

- A. Nothing in this Agreement is intended or shall be construed to provide additional pay, benefits, or coverage of specific Collective Bargaining Agreement provisions to TASI employees which were not applicable to them during their employment with Amtrak, except as specifically provided herein.
 - B. The adoption by TASI of the current Collective Bargaining Agreement provisions between BMW and Amtrak, as amended herein, satisfies the obligation of TASI under Paragraph 33 – Labor Protections, Sections A and B., of the Agreement between TASI and JPB dated September, 1, 2011 (“Operating Agreement”).
3. The service covered by this Agreement will be a single, separate seniority district and the employees securing a position in accordance with this Agreement will be placed on a separate seniority roster identified as the “TASI Caltrain San Jose – San Francisco Commuter Service Seniority District Roster” in the same rank order as the current Amtrak PCS Rosters.
4. Within five (5) days of the ratification of this Agreement, TASI will deliver, by certified mail, return receipt requested, to the home address of all qualified Employees defined in Paragraph B below, a conditional offer of employment, along with other required documents. These documents must be completed and returned to TASI, by the date set forth therein (postmark to govern), with a copy to the General Chairman, in order for the employee to be eligible for further participation in the employment process set forth in this Agreement. TASI shall have no further employment obligations to individuals who fail or decline to return the requisite completed documents within the time prescribed. Those employees who timely complete the process described in this paragraph are referred to hereinafter as “eligible employees.”
- A. TASI will provide the General Chairman of the Organization with not less than thirty (30) days’ written notification of TASI’s assumption of the operation, which notice will list the estimated number of positions to be established by TASI. Nothing in this Agreement is intended to impose an obligation upon TASI to establish minimum staffing levels or requirements.
 - B. To insure a smooth transition between Amtrak and TASI operations eligible employees who accept an offer of employment from TASI will be retained in the position worked at Amtrak March 2, 2012.
 - C. All Eligible applicants will be accepted in seniority order based upon their length of service as a BMW represented employee in a covered position on the Amtrak Seniority Roster and shall be placed on the TASI Seniority Roster in the same relative order.

- D. Eligible, qualified Employees, as set forth in B above, who are inactive for the entire application period by reason of sickness, temporary or occupational disability, disciplinary suspension or dismissal, military leave, leave of absence to take a full time union position with BMW or a management position related to JPB Caltrain commuter rail service, revocation of certification, or vacation, shall have the right to make application within five (5) days of their return to active status. Such applicants will be placed on the TASI Roster as if they had been in active status during the original application period, and will exercise their seniority in accordance with the applicable provisions of the Collective Bargaining Agreement. Note: With the exception of those employees on vacation during the application period, the provisions of Part II, Item 1.A of this Agreement shall not apply to employees in this status on the effective date of the Agreement.
5. Except as provided herein, existing Collective Bargaining Agreement provisions pertaining to disapproval of employment application will not be applicable to those employees who accept employment with TASI pursuant to the terms of this Agreement.
- A. Amtrak commuter rail employees will be required to sign a release instructing and authorizing Amtrak to provide TASI with a copy of the employee's Amtrak medical records related to fitness for duty. The Amtrak employee will also be required to complete TASI's Pre-employment Medical Questionnaire. Should TASI's Medical Department determine that additional information is required as a result of the information provided on that Questionnaire, the employee will be required to request his/her physician to provide such additional information. Any further action in this area, which may include a physician examination by a TASI designated physician, will be handled on a case-by-case basis in accordance with the provisions of the applicable Collective Bargaining Agreement.
- B. The Amtrak commuter rail employee will be required to undergo drug and alcohol testing. Any employee testing positive for a controlled substance will be provided the opportunity, upon his/her request, for a split sample test at the employee's expense, by a testing facility selected by TASI which will use another testing method that is specific for the substance(s) detected in the initial test.
- C. In the event of a confirmed positive result, the employee may not be accepted for employment with TASI. The employee may, at no cost to TASI, seek self-recovery and/or provide a satisfactory test result within 45 days from the date of deferral. Upon such timely presentation, the employee will then be eligible to complete the employment process set forth in the Agreement. Upon such employment, seniority and other rights will be governed by the provisions of Part I, Section 3 of this Agreement.

As a condition of employment, the employee will be required to agree and comply with the instructions set forth in the Prevention Program Companion Agreement.

6. Amtrak commuter rail employees will be required to execute a release authorizing Amtrak to provide certain personnel records to TASI as a condition of employment by TASI.
 - A. Employees with a previous Rule violation that resulted in a Waiver Agreement and probationary period that is still in effect on March 3, 2012 will be considered still bound by the terms of such arrangement when employed on TASI. This will include, but not be limited to, obligations of ongoing participation in EAP counseling, follow-up/random testing, and/or any other condition agreed to in conjunction with the Waiver Agreement. Upon completing the probationary requirements, the provisions of the Rule G Bypass and Prevention Program Companion Agreements will apply.
 - B. This Agreement does not supersede any action which TASI may be required to take under the provisions of the CFR, federal or other laws, or regulations imposed by the FRA
7. Compensated days and years of service currently recognized by Amtrak shall be used in determining eligibility for vacation and personal leave days entitlements for employees who accept a position with TASI pursuant to this Agreement. The Company anticipates it will receive information from Amtrak outlining such information, as well as the number of vacation and personal leave days and compensatory or "bank time" hours, if any, each employee has accrued but has not taken for the calendar year. An individual employee who disputes the correctness of the information provided by Amtrak may request further review. In the event of disagreement, the General Chairman and the General Manager will meet for the purpose of informally resolving the dispute.
8. TASI recognizes its obligation pursuant to the Operating Agreement between TASI and JPB to provide health and welfare benefits substantially equivalent to those in effect on March 2, 2012. TASI has sought input and participation from the Organization in its fulfillment of this obligation, and the Organization agrees that the health and welfare benefits established by TASI as of March 3, 2012 satisfy such obligation as of that date.
9. There shall be no pyramiding or duplication of any benefit(s) in the application of any portion of this Agreement.

PART II

1. Unless otherwise paid by Amtrak or other third party, on or before August 31, 2012, TASI shall make a single lump-sum payment to employees covered under this Agreement for the difference between their base rate and the 1.5% increases

effective July 1, 2010, January 1, 2011, and July 1, 2011, as well as the 1% increase effective January 1, 2012 not rolled into their base rates for all hours worked between July 1, 2010 and March 2, 2012 to which said wage increases would have applied. The basic wage rates in effect for all job classifications and positions in effect on March 2, 2012, shall be assumed by TASI as the basic rates of pay in effect upon assumption of the service on March 3, 2012. These rates of pay include all COLA adjustments previously rolled into the basic rates, prior to the application of the general wage increase described in sub-paragraphs A-F below (including the 1.5% increases effective July 1, 2010, January 1, 2011, and July 1, 2011, as well as the 1% increase effective January 1, 2012). Thereafter, the following shall apply:

- A. Implementation Incentive. Subject to the conditions set forth below, effective 30 days after the date of TASI's assumption of the JPB Caltrain service, each eligible employee covered by this Agreement who remains employed by TASI will be entitled to a lump sum implementation incentive of one thousand five hundred dollars (\$1,500). This incentive is subject to the Organization commencing the ratification process forthwith. The Organization acknowledges and agrees that TASI may commence the application and hiring process for BMW representative employees during this ratification process. The Company will make all reasonable efforts to pay the incentive within 30 days from April 3, 2012.

- B. First General Wage Increase. Effective July 1, 2012, the hourly base rates of pay of employees covered by this Agreement shall be increased in the amount of 3 percent (3%).
 - (i) Disposition of Fractions. Rates of pay resulting from application of this Section B. which end in a fraction of a cent will be rounded to the nearest whole cent; fractions less than one-half cent will be dropped, and fractions of one-half cent or more will be increased to the nearest full cent.

 - (ii) Application of Wage Increases. The increase in wages provided for in this Section B. shall be applied in accordance with the wage or working conditions agreement in effect. Special allowances and differentials not included in fixed hourly rates of pay for all services rendered, and arbitraries representing duplicate time payments, will not be increased. Overtime hours will be computed in accordance with individual schedules for all overtime hours paid for.

- C. Second General Wage Increase. Effective July 1, 2013, the hourly base rates of pay of employees covered by this Agreement shall be increased in the amount of three percent (3%). The increase provided in this Section will be applied in the same manner as provided in Section (B)(ii) hereof.

- D. Third General Wage Increase. Effective July 1, 2014, the hourly base rates of pay of employees covered by this Agreement shall be increased in the amount of three percent (3%). The increase in this Section will be applied in the same manner as provided in Section (B)(ii) hereof.
- E. Fourth General Wage Increase. Effective July 1, 2015, the hourly base rates of pay of employees covered by this Agreement shall be increased in the amount of three percent (3%). The increase provided in this Section will be applied in the same manner as provided in Section (B)(ii) hereof.
- F. Fifth General Wage Increase. Effective July 1, 2016, the hourly base rates of pay of employees covered by this Agreement shall be increased in the amount of three percent (3%). The increase in this Section will be applied in the same manner as provided in Section (B)(ii) hereof.

Part III

The following modifications/clarifications of the Collective Bargaining Agreement and side letters are agreed to in order to accommodate the change in administrative structure of TASI:

- 1. Provide reopener for medical insurance issues (including plan design and cost sharing), effective July 1, 2014 (with notice served no earlier than May 1, 2014)
- 2. **Change Rule 15 as follows:**
 - A. An employee in service who has completed his probationary period shall not be disciplined or dismissed without just cause following a fair and impartial hearing, unless such employee accepts dismissal or other discipline in writing and waives a formal investigation. An employee may be held out of service, subject to Paragraph (C), pending investigation or notification of the discipline to be assessed only if his retention in service could be detrimental to himself, another person, or the Company.
 - B. If the Company has reasonable suspicion that discipline of an employee may be warranted, the employee will be notified in writing, with a copy to his duly accredited representative, of the Company's intent to hold a hearing to determine the facts surrounding an alleged rules infraction. The notice will advise the employee of the specific offense(s) and the reason(s) for the intended imposition of discipline. Such notice of hearing shall not be issued to an employee for any offense of which the employee's immediate supervisor has had actual knowledge of more than 15 calendar days, except where a civil action or criminal proceeding results from the offense, in which event the notice of hearing may be issued within 30 days of final judgment.
 - C. Within 7 days from receipt of the notice of hearing, the employee and his duly accredited representative will meet with management's representative

at the employee's city of employment for the purpose of resolving the matter. At the meeting, the carrier will provide copies of all documents that would be used in an investigation and the parties will either agree in writing to the amount of discipline to be assessed, if any, or a formal investigation will be scheduled as provided in paragraph D, below. If management's representative fails to attend the hearing, the notice of hearing will be withdrawn and canceled. If the employee fails to attend the hearing, the Corporation may assess whatever discipline it considers appropriate, subject to appeal pursuant to paragraph E.

- D. If an investigation is held, it will be held at the employee's city of employment within 15 days from the date of the meeting (subject to one postponement not to exceed an additional 15 calendar days). At least 5 days prior to the investigation, the carrier shall provide copies of all documents expected to be used in the investigation that were not available at the time of the meeting prescribed in Paragraph C above. Where circumstances prevent providing certain documents 5 days in advance of the hearing, copies will be provided as soon as possible and the employee afforded reasonable time to review such documents, not to exceed 5 days. At such investigation, the employee may be assisted by a duly accredited representative. A decision will be rendered within 15 calendar days after completion of the investigation. A copy of the investigation transcript together with any documents placed in the record at the investigation will be provided to the employee and the duly accredited representative if discipline is assessed.
- E. If the employee is dissatisfied with the decision, he shall have the right to appeal, either in person or through his duly accredited representative, to the Vice President of Operations and a conference shall be granted, provided written request is made to such officer within 15 calendar days of the date of receipt of a copy of the transcript. A decision will be rendered on the appeal within 30 calendar days from the appeal is received or the date of conference, whichever is later. Any appeal from the decision of the Vice president of Operations must be made to a proper tribunal, as established under the provisions of the Railway Labor Act within 9 months of the date of such decision.
- F. An employee held out of service under this rule shall remain under pay as though he were in active service on his regular position unless medically disqualified. Compensation under this rule shall continue until the issue is resolved or the decision is rendered following the investigation, except that if the employee or his duly accredited representative requests a postponement of the employee's investigation, the employee will not be compensated for the period of such postponement. In the event of such a postponement (each party having the right to a single postponement of not more than fifteen (15) days for any or no cause), the Company shall attempt to reschedule the investigation to commence within fifteen (15)

days of the postponement. If the investigation cannot be scheduled within that time, through no fault of the employee or his representative, compensation will again be paid after the fifteen (15) day period.

- G. If the final decision decrees that the charges against the employee were not sustained, the record shall be cleared of the charges. If held out of service, (suspended or dismissed) the employee shall be reinstated with all rights unimpaired and reimbursed for wages lost, less outside earnings, if any
- H. The time limits of this Rule shall not apply to requests for leniency. The time limits set forth in this Rule may be extended by mutual agreement.
- I. It is agreed that the following understanding will be applied to suspensions under Rule 15:
 - (i) If the discipline is suspension, the period of suspension shall be deferred, if within the succeeding six (6) month period following notice of discipline the accused employee does not commit another offense for which discipline is subsequently imposed.
 - (ii) If, within such succeeding six (6) month period, the employee commits one or more offenses for which discipline is subsequently imposed, the initial suspension shall be served and suspensions resulting from offenses committed during the six (6) month period shall not be deferred.
 - (iii) However, should the employee be disciplined by suspension for an offense committed subsequent to a six (6) month period the first such occurrence shall be the basis for the succeeding six (6) month period referred to in paragraph one of this provisions

3. **Change to Claims and Grievances Rule 14 as follows:**

- A. **Informal Resolution.** Employees are encouraged to attempt to resolve disputes arising under this agreement informally at the earliest possible date. Accordingly, the employee or their representative may bring any claims or grievances other than those involving discipline to the supervisor and/or department manager for informal resolution. Any claim or grievance resolved through such informal methods shall not create a binding precedent for either the Company or Union.
- B. **Formal Resolution.**
 - (i) **Step One.** All claims or grievances other than those involving Discipline not resolved informally pursuant to subparagraph A above **must be presented in writing** by or on behalf of the employees involved, to the **General Manager** within **30 days** from the date of the occurrence on which the claim or grievance is

based. Should any such claim or grievance be disallowed, the General Manager shall, within 15 days from the date same is filed, notify whoever filed the claim or grievance (the employee or their representative) in writing of the reasons for such disallowance. If not so notified within 15 days, the claim or grievance shall be allowed as presented.

- (ii) Step Two. If a disallowed claim or grievance is to be appealed, such appeal must be in writing and must be made Vice President of Operations within 30 calendar days from receipt of notice of disallowance. Failing to comply with this provision, the claim or grievance shall be considered closed. If the Vice President of Operations to whom the appeal is made fails to render a decision in writing within 30 calendar days of the date of appeal, the claim or grievance shall be allowed as presented.
 - C. A claim or grievance that is disallowed after the appeal to the Vice President of Operations may be referred to a tribunal established under the provisions of the Railway Labor Act, provided such proceedings are initiated within 9 months from the date of the decision of the Director of Labor Relations.
 - D. The time limits set forth in this Rule may be extended by mutual agreement.
 - E. Claims or grievances which are allowed or barred on account of failure to comply with the time limits set forth in this Rule shall not constitute a precedent or waiver of contention by either party as to other claims or grievances.
 - F. This Rule recognizes the right of duly accredited representatives to file and prosecute claims and grievances for and on behalf of the employees, and to attend all conferences held under this Rule.
 - G. When a claim, appeal or decision under this Rule is transmitted by United States mail the date of mailing as indicated by the postmark or other Postal Service record will be considered the date on which the claim was presented, appealed or decided.
 - H. Time off duty on account of sickness, leave of absence, vacation or suspension shall extend the time limits specified in Paragraph A; however, the claim liability will not be increased by the time off duty.
4. Change to Holiday Rule 19. If a designated holiday falls within an employee's vacation period and on a day which he would normally work, the employee will receive vacation pay for that day and have the option of the following: 1) eight hours holiday pay; 2) a day added on to the vacation; or 3) an additional personal

leave day. An employee who fails to specify his option prior to his vacation will automatically be credited with eight hours holiday pay.

An employee will be paid no more than 16 hours for both the vacation day and the holiday if a holiday falls within an employee's vacation period, except as may be required to pay for work performed by the employee.

5. Add Compensatory Time Rule 11A

RULE 11A COMPENSATORY TIME

- (a) Employees, at their option, may elect to accept compensatory time off in lieu of overtime pay on the basis of one hour overtime worked equaling one and one-half hours' time off. It is understood that employees may not accrue more than eight (80) hours of such time. The election to accept compensatory time off in lieu of overtime pay for overtime worked must be made not later than the day such time is reported for payroll purposes.
- (b) Compensatory time off may be taken with approval of the proper carrier officer upon 48 hours' minimum advance notice from the employee, *provided*, with Company approval less than 48 hours in advance, employees may use compensatory time to attend to unforeseeable personal or family emergencies.
- (c) Compensatory time off will be paid for at the pro rata rate of the employee's regularly assigned position.
- (d) The carrier shall have the option to fill or not fill the position of an employee who is off on compensatory time. If the vacant position is filled, the rules of the agreement applicable thereto will apply.
- (e) In the event an employee wishes his unused compensatory time paid in full they shall request in writing to the proper company officer for such payment.
- (f) Upon leaving the employment of the Company for whatever reason, all earned compensatory time will be paid to the employee, provided said employee requests such payment in writing.
- (g) Time paid for compensatory time off will constitute compensation as defined in Rule 11, Overtime, and therefore count toward fulfilling the forty-hour workweek for purposes of overtime, and for accrual of days worked for vacation eligibility.
- (h) For holiday Pay qualification, compensatory time will be considered the same as vacation and the first work day preceding or following the

employee's compensatory time, as the case may be, will be considered as the qualifying day for holiday purposes.

- (i) Per Diem pay will not be paid for compensatory time days taken as days off or paid.
6. Supplemental Sick Benefits payment levels will be adjusted consistent with the general wage increase percentages called for in this agreement, and thereafter.
7. In the event that TASI reaches agreement with other organizations representing other crafts, which contain more favorable general wage increases or new benefits during the current round of negotiations, such provisions will be incorporated into this agreement, unless such improvement(s) was made in consideration for modification(s) in other work rules in the agreement between the parties.
8. The parties agree to meet after July 1, 2012, to establish a standing Special Board of Adjustment and an expedited arbitration board for the handling of unresolved discipline appeals.
9. TASI shall provide a safety Certification pay of \$10 per pay each day an employee renders compensated service. The employee shall be required to attend such training as TASI may require in connection with such safety certification. In the event that during the term of this agreement, federal or state statutes or regulations require certification of covered employees in a manner not required as of the effective date of the agreement, the payment for the safety certification prescribed in this section shall be discontinued and the payment shall instead be made to covered employees who satisfy and maintain such new certification requirements.

Part IV

1. Any dispute or controversy with respect to the interpretation, application or enforcement of the provisions of this Agreement which has not been resolved by the parties within thirty (30) days may be submitted by either party to a Special Board of Adjustment for final and binding decision thereon as provided by Section 3, Second of the Railway Labor Act.
2. This Agreement shall become effective March 3, 2012, and shall continue in effect thereafter unless or until changed pursuant to the terms of the Railway Labor Act, as amended.
3. The purpose of this Agreement is to fix the general level of compensation and the work rules that shall apply during the period of the Agreement. Except with respect to the agreed upon reopener for negotiation of medical insurance issues referenced in Part III, paragraph 1, no party to this Agreement shall serve, prior to October 1, 2016 (not to become effective before July 1, 2017) any notice or

proposal for the purpose of changing the subject matter of the provisions of this Agreement or which proposes matters covered by the proposals of the parties in negotiating this Agreement, subject to subparagraph four (4), below.

4. The parties agree to meet to negotiate concerning issues relating to the change in operations that may have been overlooked in preparing this Implementation Agreement.

Re: Letter of Understanding on Additional Benefits

Dear Wayne,

Pursuant to the provisions of the Parties' Implementing Agreement stating that "[i]n the event that TASI reaches agreement with other organizations representing other crafts, which contain more favorable general wage increases or new benefits during the current round of negotiations, such provisions will be incorporated into this agreement, unless such improvement(s) was made in consideration for modification(s) in other work rules in the agreement between the parties," this Letter of Agreement adds the following provisions to the terms of the implementing agreement between TransitAmerica Services, Inc. and BMWED (new language underlined):

1. Additional Incentive. In order that TASI be able to determine the adequacy and qualifications of its work force, it is imperative that it receive commitments from eligible Amtrak employees at the earliest possible date regarding their intention to accept employment by TASI. In order to expedite that process, each employee who signs the employee commitment letter and other required documents by March 10, 2012 (postmark to govern) and thereafter successfully completes TASI's employment process and becomes a TASI employee on May 26, 2012, and has no serious disciplinary incident from May 26 to July 29, 2012, will be paid an incentive bonus of one thousand dollars (\$1,000). Payment of this bonus to eligible employees will be made on or about August 31, 2012.

2.(a) Employees, at their option, may elect to accept compensatory time off in lieu of overtime pay on the basis of one hour overtime worked equaling one and one-half hours' time off. It is understood that employees may not accrue more than eighty (80) hours of such time. The election to accept compensatory time off in lieu of overtime pay for overtime worked must be made not later than the day such time is reported for payroll purposes.

(b) Compensatory time off may be taken with approval of the proper carrier officer upon 48 hours' minimum advance notice from the employee, provided, with Company approval less than 48 hours in advance, employees may use compensatory time to attend to unforeseeable personal or family emergencies. The employee shall be entitled to a written statement of the reason(s) for denial upon request.

3. The "second and subsequent" meal payment provision in Rule 10.2 shall be supplemented as follows:

In circumstances in which the Company is required to "furnish" a meal, the Company shall pay a meal allowance of \$14.00 for such meal. The meal allowance prescribed in this paragraph shall be adjusted consistent with the general wage increase percentages called for in this agreement, and thereafter. No allowance will be made under this paragraph for the first meal period on an employee's rest day.

4. The provisions of Rule 24 – Contracting Out shall be supplemented as follows:

A. It is the Company's policy to the extent practicable to have Company employees perform regular maintenance work within the scope of work committed to it by the terms of the operating agreement between the Company and the JPB. Accordingly, during the term of this Agreement, the Company agrees that it will not subcontract regular maintenance work within the scope of work covered by its operating agreement with the JPB, when such subcontracting would result in the layoff or reduction to part time status of any employee or for the purpose of evading its obligations under this Agreement. However, it is understood and agreed that the Employer shall have the right to subcontract:

(i) When such work is required to be sublet to maintain a legitimate manufacturer's warranty; or,

(ii) When the employees of the Employer lack the skills or qualifications or the Employer does not possess the requisite equipment for carrying out the work; or,

(iii) When, because of size, complexity, or time of completion, it is impractical or uneconomical to do the work with Employer equipment and personnel.

B. The Company will notify the Organization's designee and meet with such designee in advance of the subcontracting of significant items within the Company's scope of work to be performed on the property by outside contractors, unless emergency conditions prevent such early notification.

C. In any dispute concerning an alleged violation of this rule by the Company, the burden shall be on the Union to establish that the Company's decision to subcontract the work was manifestly unreasonable.

5. Employees with 30 or more years of continuous service will qualify for 6 weeks of vacation.

If this agreement meets with your approval please sign the letter and return a copy to me.

Thank you for your cooperation in this matter.

Very truly yours,

Robert J. Smith, President

Agreement and Union Recognition Transferring Accrued and Unused Vacation Time

RECITAL

Caltrain is the California passenger commuter rail line on the San Francisco Peninsula and in the Santa Clara Valley (Silicon Valley). The northern terminus of the rail line is in San Francisco, at 4th and King Streets; its southern terminus is in Gilroy. The Peninsula Corridor Joint Powers Boards (PCJPB) owns the rail corridor between San Francisco and San Jose and has permanent trackage rights over the San Jose to Gilroy corridor. In addition, it administers and oversees the Caltrain commuter rail service. Since July 1992, PCJPB has contracted with the National Railroad Passenger Corporation (AMTRAK), to serve as the rail operator of Caltrain. PCJPB recently contracted with TransitAmerica Services, Inc. (TASI) to take over as the successor Caltrain commute service rail operator. This includes operations as to management, conductor and engineer jobs, dispatching, and both maintenance of equipment and trackage/right-of-way rights.

As part of the transition, TASI has separately recognized Brotherhood of Maintenance of Way Employee Division (BMWED/IBT) as the sole and exclusive bargaining agent for the Maintenance of Way Department employees employed by TASI in the JPB Caltrain commuter rail service classified as B&B Foreman, Track Foreman, B&B Mechanic, Welder, Machine Operator, Trackman and other employees of similar classifications under the jurisdiction of the Maintenance of Way Department Cal Train Commuter Service (formerly the Peninsula Commute Service), except those employees who come within the scope of other existing agreements.

UNION REQUEST TO CARRYOVER ACCRUED AND UNUSED VACATION TIME

BMWED/IBT has requested that for its members who are AMTRAK employees and who accept employment with TASI on the commuter rail line, their unused vacation time for calendar year 2012 and any accrued vacation time for calendar year 2013, be carried over to TASI upon their end of employment with AMTRAK rather than be paid out by AMTRAK under California Labor Code section 227.3.

AMTRAK AGREEMENT TO REPORT ACCRUED AND UNUSED VACATION TIME AND TRANSFER IT TO TASI; TASI AGREEMENT TO ACCEPT AND CARRYOVER ACCRUED AND UNUSED VACATION TIME

AMTRAK is agreeable to timely report all accrued and unused vacation for any represented employee who ends his or her employment with AMTRAK because of the change in operators, and who accepts work with TASI as the successor operator. Further, AMTRAK agrees to transfer the accrued and unused vacation time to TASI and TASI agrees to accept the carryover vacation time of the employees who are accepting employment with TASI.

As consideration for agreeing to transfer accrued and unused vacation time from AMTRAK to TASI, BMWED/IBT agrees that any right a represented employee may have to accrued and unused vacation time as to AMTRAK is extinguished and a corresponding right to receive such

vacation time from TASI is created.

Re: Letter of Understanding on Additional Benefits

Dear Dave,

Pursuant to the provisions of the Parties' Implementing Agreement stating that "[i]n the event that TASI reaches agreement with other organizations representing other crafts, which contain more favorable general wage increases or new benefits during the current round of negotiations, such provisions will be incorporated into this agreement, unless such improvement(s) was made in consideration for modification(s) in other work rules in the agreement between the parties," this Letter of Agreement adds the following provisions to the terms of the implementing agreement between TransitAmerica Services, Inc. and BMW (new language underlined):

1. Health Care Opt-Out:

No less than twenty days before the scheduled assumption of service by TASI, and on or before January 1, 2013, and preceding each January 1 thereafter, employees may certify to the Company's Health Care Plan Administrator in writing that they have health care coverage (which includes medical, prescription drug, and mental health/substance abuse benefits) under another group plan or health insurance policy that they identify by name and, where applicable, by group number, and for that reason they elect to forego coverage under the Company's health benefits plan for themselves and their dependents. Such election is hereafter referred to as an "Opt-Out Election" and, where exercised, will eliminate that employee's obligation to make the cost-sharing contribution described in Part III of this Agreement.

If an event described below occurs subsequent to an employee's Opt-Out Election, the employee may, upon providing the Plan Administrator with proof satisfactory to said Administrator of the occurrence of such event, revoke his or her Opt-Out Election. An employee may also revoke his or her Opt-Out Election by providing the Plan Administrator with proof satisfactory to said Administrator that, after the employee made the Opt-Out Election, a person became a dependent of the employee through marriage, birth, or adoption or placement for adoption. An employee who revokes an Opt-Out Election will, along with his dependents, be

once again covered (effective on the first day of the first month following such revocation that the employee and/or his dependents would have been covered but for the Opt-Out Election the employee had previously made) under Company's health benefits plan, and concurrent with such resumption of coverage the cost-sharing contributions described in Part II of this Agreement will commence.

The following events are the events referred to in the immediately preceding paragraph:

(1) the employee loses eligibility under, or there is a termination of the coverage that allowed the employee to make the Opt-Out Election, or

(2) if COBRA was the source of such other coverage, that COBRA coverage is exhausted.

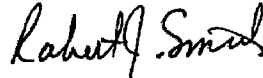

In addition the plan will provide for an "opt out" payment of not less than \$100.00 per month to employees who decline TASI coverage due to being covered under another plan.

2. The Bereavement Leave Rule is revised to include payment of bereavement leave for the death of employees' grandparents and grandchildren.

If this agreement meets with your approval please sign the letter and return a copy to me.

Thank you for your cooperation in this matter.

Very truly yours,

Re: Side Letter Acknowledging Equivalence of Health and Welfare Benefits

Dear Dave,

This letter acknowledges that the health and welfare benefits established by TASI effective as of the date operations commence on May 26, 2012 and as reflected in the attached handbook, satisfy TASI's obligation pursuant to the Operating Agreement between TASI and JPB and the Implementing Agreement between TASI and the Organization to provide health and welfare benefits equivalent to those in effect on Amtrak as of the day prior to TASI's commencement of service.

If this agreement meets with your approval please sign the letter and return a copy to me. Thank you for your cooperation in this matter.

**AGREEMENT
BY AND BETWEEN
TRANSITAMERICA SERVICES, INC.
AND**

THE BROTHERHOOD OF MAINTENANCE OF WAY EMPLOYES DIVISION

The parties hereby agree to the following terms and conditions of employment for a new labor agreement (Agreement) for the period July 1, 2017, through June 30, 2022. This Memorandum of Understanding is subject to ratification by the membership of the Organization, and approval by the Vice President-West Region, Brotherhood of Maintenance of Way Employes Division. The rules in the agreement(s), other than those subject to change herein, shall continue to remain in effect. The rule changes set forth in this Memorandum of Understanding shall be effective upon the date of ratification unless specified otherwise.

PART I - WAGES

Section 1- Wage Increase Implementation

All rates of pay resulting from Section 2, below for employees covered by this Memorandum of Understanding shall be applied as follows:

1. Disposition of Fractions -- Rates of pay resulting from application of Section 2 which end in fractions of a cent shall be rounded to the nearest whole cent; fractions less than one-half cent shall be dropped, and fractions of one-half cent or more shall be increased to the nearest full cent.
2. Application of Wage Increases -- The increase in wages provided for in this Article shall be applied in accordance with the wage and working conditions agreement in effect between Amtrak and the labor organization party hereto. Special allowances not included in hourly, daily, weekly or monthly rates of pay for all services rendered, and arbitraries representing duplicate time payments, will not be increased. Overtime hours will be computed in accordance with individual schedules for all Overtime hours paid.

Section 2- General Wage Increases:

| Increase | Increase Effective Date | Increase Rate |
|------------------------------|--------------------------------|----------------------|
| First General Wage Increase | July 1, 2017 | 3.00% |
| Second General Wage Increase | July 1, 2018 | 3.00% |
| Third General Wage Increase | July 1, 2019 | 2.75% |
| Fourth General Wage Increase | July 1, 2020 | 2.75% |
| Fifth General Wage Increase | July 1, 2021 | 3.00% |

Section 3 - Retroactive Pay:

Beginning July 1, 2017, active employees as of the date of ratification by the Organization will be entitled to retroactive pay for the period of time worked during the 19 ½ month period prior to ratification, subject to deductions for increased employee health insurance contributions, standard deductions and any historical offsets, unless otherwise provided for in this Agreement. Active employment as of the date of ratification includes employees on sick leave, disability, disability retirement, temporary suspension, furlough or leave of absence to the extent such employees received wages for the 19 ½ month period. Payments will be processed as soon as possible, but in no event later than 90 days from the date of ratification. Retroactive pay will be paid in a separate check or direct deposit. Retroactive pay is conditioned on the positive recommendation of the Organization representatives for ratification and ratification by February 15, 2019.

Section 4 – Per Diem Transition:

Due to provisions in prior collective bargaining agreements and in a 1998 letter agreement, certain bargaining unit positions have been receiving per diem payments in varying amounts. TASI and the Organization agree to transition away from the per diem payments as follows:

Positions currently receiving \$60.00 per diems will end those per diems at the first full pay period beginning after ratification and instead will have a wage increase of \$5.50 per hour going forward. In addition, such positions will receive a differential of \$2.00 per hour up to a cap of \$16.00 per day until June 30, 2019. Beginning July 1, 2019, this differential will be \$1.00 per hour up to a cap of \$8.00 per day until June 30, 2020. These differentials will not be subject to General Wage Increase adjustments.

Positions currently receiving \$41.14 per diems will end those per diems at the first full pay period beginning after ratification and instead will have a wage increase of \$5.50 per hour going forward.

Positions currently receiving no per diem will have a wage increase at the first full pay period beginning after ratification of \$3.50 per hour until June 30, 2019. Before the Third General Wage Increase effective July 1, 2019 described in Section 2 above is applied, an additional \$1.00 will be added to the hourly rate of these positions until June 30, 2020. Before the Fourth General Wage Increase effective July 1, 2020 described in Section 2 above is applied, the impact of the wage increases described above in this paragraph will be eliminated and the wage rates will be increased for these positions to be equivalent to the wage increases of \$5.50 plus the Third General Wage Increase for the positions currently receiving \$60.00 per diems.

All employees will have their positions rebid after ratification. If an employee receiving a differential noted above subsequently bids out of the position, the employee must obtain another position with the differential in order to keep it.

PART II – HEALTH CARE

Health Care Contributions:

Based on actual increases to the carrier for health care the Employee Monthly Contribution will be increased 5% - July 1, 2017, and may be increased up to 5% - July 1, 2018, 10% - July 1, 2019, and 10% - July 1, 2020, with justification for an increase provided to the General Chairman. Based upon the actual increases to the carrier, there will be no increase as of July 1, 2018. Monthly Employee Contributions as of July 1, 2017 will be \$199.02. The Employee Monthly Contribution will be no greater than \$240.80 by the end of this Agreement.

The "Plan Design Summary" will be shown in an appendix to the Agreement. Employee contributions will be treated as being paid on a pre-tax basis to the extent permitted by law.

PART III – WORK RULES

Work Rules Index:

The agreed to provisions attached to this memorandum titled "WORK RULES INDEX" shall modify or amend the appropriate corresponding work rules.

Additionally, the Organization and TASI agreed to delete Appendices H, I, J, L and R pursuant to the 2012 Implementing Agreement. After ratification, the Organization and TASI agree to drop other Rules and Appendices not applicable to TASI for the Caltrain operation and create a stand-alone agreement. BMWWE will revise and simplify the dues deduction forms. TASI will print the new agreement.

PART IV – GENERAL

Me Too:

In the event that TASI reaches agreement with other organizations representing other crafts, which contain more favorable general wage increases or new benefits during the current round of negotiations, such provisions will be incorporated into this agreement. This provision will not apply in any other instance including but not limited to wage retroactivity.

Grievance Resolution:

The pending grievance over Appendix U.5.b. will be resolved with the payment of a Foreman Bonus in the amount of \$1,000.00 for 2016 and \$2,000.00 for 2017. To receive the bonus, a Foreman must have worked in the position for the full calendar year and still be employed by TASI on the date of payout. Payout of the bonus will be on the first full pay period following ratification. TASI will pay the bonus described in Appendix U.5.b. on a going forward basis after ratification for 2018 and beyond.

PART V - MORATORIUM

Effect of this Agreement:

- (a) The purpose of this Memorandum of Understanding is to fix the general level of compensation during the period of the Agreement, and to settle the disputes growing out of the parties' respective Section 6 Notices with respect to the subjects covered by this Memorandum of Understanding.
- (b) The Agreement shall remain in effect through June 30, 2022, and thereafter until changed or modified in accordance with the provisions of the Railway Labor Act, as amended.
- (c) No party to this Memorandum of Understanding shall serve, prior to January 1, 2022, (not to become effective before July 1, 2022) any notice or proposal for the purpose of changing the terms covered by this Memorandum of Understanding.

- (c) After two years of employment, 1 block of 40 hours of PTO, plus 72 hours of floating PTO leave.

- (h) Blocks of PTO days must be scheduled based on employee longevity prior to November 1 of the preceding year and authorized by the employee's designated supervisor.
- (i) Floating PTO leave must be taken in increments of no less than one hour. Floating PTO leave must be scheduled a minimum of three days in advance, excluding weekends and holidays, and must be denied by the designated supervisor with an explanation within 24 hours, excluding weekends or holidays, or as otherwise approved. Where two or more people request the same day off, before a day off has been authorized for an employee, then seniority will control in situations where service requirements do not permit both requests. Exceptions to the notice requirements of this section include cases of sick leave for an employee's self or family member, for preventative care or diagnosis, care or treatment of an existing health condition, or for specified purposes for victims of domestic violence, sexual assault or stalking. Family members for purposes of this exception include the employee's parent, child, spouse, registered domestic partner, grandparent, grandchild and sibling. In the case of an exception, employees must give notice as soon as practical when the need is unforeseeable, such as in cases of unanticipated illness or medical emergency, or in advance if the leave is planned, such as in the case of scheduled doctors' visits.
- (j) PTO will not be carried from one year into the next. Unused PTO at the end of the calendar year will be paid out based on the currently assigned shift. Pay-out will be made no later than the third full pay period of the new calendar year.
- (k) For the purpose of eligibility, increases in the amount of PTO will become effective on employee's respective anniversary. Additional PTO received on an anniversary

may be scheduled but may not be used before the employee's anniversary date. PTO will be paid at the employee's applicable rate including any differential.

(l) For the purpose of eligibility, an employee must have rendered 100 days of service in the previous year to be eligible for PTO and PTO accrual. 4 ten-hour shifts count as 5 eight-hour days for purposes of counting service.

(m) PTO is intended to comply and will be interpreted as complying with all applicable governmental paid sick leave requirements. In the event that any court or agency should find this PTO provision does not comply with governmental requirements, the Company and Union agree to negotiate provisions to comply with the ruling.

RULE 26 – BEREAVEMENT LEAVE

Employees who have a death in the immediate family will be allowed to take up to the following number of scheduled workdays off with pay, as detailed below, with the approval of the Company. Such approval will not be unreasonably denied. TASI may require proper documentation. (Such as obituary, funeral letters, death certificate, etc.).

In the event of a death of an Employee's spouse, registered domestic partner, immediate parents, or children, Employees shall receive paid bereavement leave to a maximum of five (5) working days for the purpose of bereavement.

APPENDIX D

AGREED UPON INTERPRETATIONS - BEREAVEMENT LEAVE

Q-1. How are the designated number of scheduled work days to be determined?

A-2. The designated number of scheduled work days is for each separate death,

Q-3. Will a day on which a basic day's pay is allowed account bereavement leave serve as a qualifying day for holiday day purposes?
